The party of hunters of whom we made mention last week as having gone to Brush Valley Narrows came home Friday evening and reported no success. They all got away without him getting a shot at them. Some of our hunters accuse Aaron of having buck-fever, but we don't believe it, and wouldn't admit it if we did.

THE NEW RAILROAD.—The name of the new railroad is to be changed from Seaboard & Western to the Seaboard & Atlantic, according to the Philadelphia Record of Tuesday, which says: "Rumors to the effect that the Lehigh Valley Railroad Company intended to build a line from Ashland to Pittsburg have been revived again, and this time seem to have some degree of verification from railroad authorities. The new route is chartered under the name of the Seaboard and Atlantic Railroad, and one of its advantages over all other routes is that it can be built without a tunnel. A NEW LEASE OF LIFE. When one has been suffering the agonies of a severe attack of rheumatism, neuralgia or sciatica, and relief comes, it seems as if a new lease of life had been granted. Such have been the feelings of thousands who, after trying physicians and numberless remedies, have used Athliphors and found to their great joy that this medicine really did cure these diseases.

327 Fulton St., Brooklyn, N. Y. After suffering for nearly two years with a continuous attack of rheumatism; after trying almost every specific, domestic and foreign, which the credulity of a wise man, or a fool, might lead one to trust in, it was a double pleasure to me to find a remedy which, originating in the famous "City of Elms"—the home of my ancestors and its first founders—has proved so invaluable a blessing. It is nearly six months since I was led to trace out the significance of that word Athliphors. It has proved to me, in a good degree, a renewer of my former vigor and strength, so that I have been enabled to move about with almost youthful activity, and to feel, while approaching my "three score years and ten," that I have a new hold on life. I believe your philosophy of the disease to be correct, that it has its origin in the blood, and that your remedy touches those joints and muscles, loosening the nodes, which have been brought into subjection to this dreadful disease, and sets them free as no other remedy that I have tried. I have been cautious for so long a time in recommending it to others till I had tried its efficacy in my own case; and I am now free to state the estimate I put upon it, as the safest and most efficient cure I have any knowledge of.

Every druggist should keep Athliphors and Athliphors Pills, but where they cannot be bought of the druggist the Athliphors Co., 113 Wall St., New York, will send either (carriage paid) on receipt of regular price, which is \$1.00 per bottle for Athliphors and 50c for Pills.

For liver and kidney disease, dyspepsia, indigestion, neuralgia, nervous debility, diseases of women, constipation, headache, impure blood, etc. Athliphors Pills are unequalled.
