THE LARGEST FARM

In the extreme southwest corner of Louisiana lies the largest producing farm in the world. It runs one hundred miles north and south and twenty-five miles east and west, and is owned and operated by a syndicate of northern capitalists. Their general manager, J. B. Watkins, gives an interesting account of this gigantic plantation, which throws the great Dalrymple farm of Dakota into the shade complete. "The million and a half acres of land in our tract," Mr. Watkins said, "was purchased in 1883 from the state of Louisiana and from the United States government. At that time it was a vast grazing land for the cattle dealers in the neighborhood. When I took possession I found over 30,000 head of half-wild horses and cattle. My work was to divide the immense tract into convenient pastures, establishing stations or ranches every six miles. The fencing alone cost in the neighborhood of $50,000. The land I found to be best adapted to rice, sugar, corn and cotton. All our cultivating, ditching, etc., is done by steam-power. We take a tract, say half a mile wide, for instance, and place an engine on each side. These engines are portable and operate a cable attached to four plows and under this arrangement we are able to plow thirty acres a day with only the labor of three men. Our harrowing, planting and other cultivation is done in a like manner. In fact, there is not a single draught horse on the entire place. We have, of course, horses for the herders of cattle, of which we now have 16,000 head. The Southern Pacific railroad runs for thirty-six miles through our farm. We have three steamboats operating on the waters of our own estate, upon which there are 300 miles of navigable waters. We have an ice house, a bank, a ship yard and rice mill.

The Grown Up Tom-boy.

The girl romp, otherwise known as the tom-boy, is an eager, earnest, impulsive, glad-hearted, kind souled specimen of genus feminine. If her laugh in too frequent and her tone too emphatic we are willing to overlook these for the sake of the true life and exulting vitality to which they are the escape valve; and, indeed, we rather like the high pressure nature which must close off its superfluous "steam" in such ebullitions. The glancing eye, the glowing cheek, the fresh, balmy breath, the lithe, graceful play of the limbs tell a tale of healthy and vigorous physical development which is Nature's best beauty. The soul and the mind will be developed also in due time, and we shall have before us a woman in the highest sense of the term. When the tom-boy has sprung up to a healthful and vigorous womanhood she will be ready to take hold of the duties of life, to become a worker in the great system of humanity. She will not sit down to sigh over the work given her to do, to simper nonsense or to fall sick at heart, but she will be ever ready to take up her burden of duty. In her track there will be sound philosophy, in her thoughts boldness and originality, in her heart Heaven's purity, and the world will be better that she lived in it. To her allotted task she will bring health, vigor, energy, and spirits; these will give her both the power and the endurance without which her life must be, in some respects at least, a failure.—Cincinnati Enquirer.

UTTERLY DISCOURAGED

expresses the feeling of many victims of rheumatism, neuralgia, sciatica and nervous or sick headache. Having tried numberless so-called remedies, and physicians of all schools, without relief, there seems to be no hope. Many such have as a last resort tried Athlophoros, and to their surprise and joy have found that it was a *safe, sure* and *quick cure*. Athlophoros is not an experiment; thousands have been cured by its use and they testify as to its value.

Shekomeko, Dutchess Co. N. Y. Aug. 20, '79.

I took Athlophoros according to directions; it caused a ringing in my ears that was not pleasant, it operated on my heart causing a slower and fainter throb, and constipated my bowels. When the last dose was taken I did not think much of the medicine; the next day my lameness was better, and continued getting less until it left me. My lameness was in my back, shoulders and neck, and had been for eight months. I was advised to try Athlophoros by my neighbor, Wm. Jackson, who had taken a bottle of it for a severe attack of lameness in his shoulder and arm. He said "it drove the lameness right out of me; my head felt strong, and my heart almost stopped beating; I thought I would die, but I came out all right, and have not had any lameness since." Amos Briggs.

Phelps, N. Y., August 13, 1856.

I am a practicing physician; I prescribed Athlophoros in a case of inveterate rheumatism of the right shoulder and arm. This case had been of weeks standing—yes months—and resisted medicine carefully selected, also the use of electric treatment. One bottle removed all the trouble. The case remains well, now over a year since using the medicine.

G. C. Prichard, M. D.

Every druggist should keep Athlophoros and Athlophoros Pills, but where they cannot be bought of the druggist the Athlophoros Co., 112 Wall St., New York, will send either (carriage paid) on receipt of regular price, which is $1.00 per bottle for Athlophoros and 50c. for Pills.

For liver and kidney diseases, dyspepsia, indigestion, weakness, nervous debility, diseases of women, constipation, headaches, impure blood, &c., Athlophoros Pills are unequaled.

G. M. Shindel.

Saved His Life.

Mr. D. Wilcoxson, of Horse Cave, Ky., says he was, for many years, badly afflicted with Phthisic, also Diabetes; the pains were almost unendurable and would sometimes almost throw him into convulsions. He tried Electric Bitters and got relief from first bottle and after taking six bottles was entirely cured and had gained in flesh eighteen pounds. Says he positively believes he would have died, had it not been for the relief afforded by Electric Bitters. Sold at fifty cents a bottle by G. M. Shindel.
