It is said that when a horse strays off he is usually found wandering in the direction the wind is blowing, thus turning his back to the wind, but with sheep the contrary is the case, as sheep face the storm.

Feb. 24, 3w. A. K. GIFT, J.P.

We sent a number of bills out this week to parties owing us on advertising and job-work. If they can conveniently help us now it will be most thankfully received, owing to our having purchased a home. To those owing us on subscription, we would say that small favors will always be thankfully received and large ones in proportion.

February is the shortest month of the twelve, but it gets away with the other eleven in matters of memorable magnitude. First and foremost the whole civilized world centers its attention on the ground hog. Next comes the day devoted to the patron saint of silly youngsters and last, but by no means least, the 22nd day of the month looms into prominence as the natal day of the man who enjoyed an unequaled reputation for truth and the enviable distinction of being the father of the greatest and grandest country on the face of the globe.

The following, written on a slip of paper in a lady's hand was slipped under our office door on Wednesday morning. If original with her, we have a female philosopher within a thousand miles from our office, and her sentiments should be pasted on the sweat-band of every man's hat. Here it is:

"Long engagements are dangerous. If a gentleman does not intend to marry a lady, he has no right to make his attentions peculiar. He should consider her true interests and not trifle with her affections. There is no reason why the passion of love should be wrapped up in mystery. It would prevent much complicated misery in the world if all young persons understood it truly."

From the Phila. Press of Friday last: Judge Butcher, of Lewisburg was at the Girard House on Tuesday evening. He is suffering from a broken leg, the result of an accident exactly similiar to that which befell Judge Thayer in September. Both gentlemen were stepping from omnibuses to railroad platforms when they fell and received their serious injuries. "When I was first elected to represent the district embracing Mifflin, Snyder and Union counties," said Judge Butcher." I received a majority of 9 votes out of a poll of 11,000. My town gave my apponent 75 majority and his town gave me the same. my county gave me 278 and he tied me again there. On my next election, ten years later, I received 2200 majority.

TRIALS OF A COUNTY SUPERINTENDENT.—On Tuesday Prof. D. S. Boyer sent us a remittance and accompanied it with a few remarks of public interest which we take the liberty to publish:

"This being a legal holiday, I devote it to correspondence. I havn't lost a day from official duty since the County Institute. I visit two schools each day, and hold three educational meetings every week (evenings). I am blessed with good health—can eat like a wood-chopper and sleep like a log. You would be astonished to know of the educational zeal manifested in various parts of the county in literary societies, institutes, spelling schools, and other educational appliances. One-tenth part never gets into print. In all my addresses at educational meetings and before schools I encourage the reading of newspapers ;believing them one of the very best educators in the land."

BAND ENTERTAINMENT.—Stetler's Cornet Band will open a series of Entertainments in Seebold's Hall, Middleburgh, commencing on Monday evening, Eebruary 28th, and continue on every evening during the week.

The Band now consisting of 21 members, will be assisted by the Choir, and Prof. W. W. Keenan of New York, as Piano Soloist, Prof. J. W. Reitmyer, Violin Soloist, Prof. B. G. Shields, Barytone Soloist, and other artists. During the week the following popular Dramas and Farces will be produced with a full Cast of Characters :The Sea of Trouble, The Vermont Wool Dealer, Rent of Rooms, United States' Mail, Deaf as a Post, and others. Every entertainment will be enlivened by the appearance of the famous Corn-cracker Minstrels, in their original and side-splitting burlesques. An entire new program will be presented every evening and the fun will produce more adipous than barrels of medicine.

A correspondent desires to know of us the reason why we did not publish the number of votes each candidate received for all the offices voted for last Tuesday and only named the successful ones. The reason is this: The reader is very apt to measure a man's popularity and worth by the number of votes he receives. which is by no means always the case, and does that person injustice. It is therefore, our opinion that a man's election is sufficient evidence of his deserving qualities, and its announcement in the most inoffensive manner is the duty of every editor who has any milk of human kindness in his composition.

CENTREVILLE.—The contest for township officers on Tuesday of last week was more or less exciting and considered large for a spring election After the smoke had disappeared from the field of battle, we noticed Cap. the huckster came out victorious for Constable, and the other candidates won and lost just as the cards cut and dealt, and the town has again quited down to its usual serene state. Centre township has the reputation of doing more or less independent voting and this last election was no exception. Some who had a little spite against a candidate made it their business of getting even, and in a few instances were successful, but, the "other fellows" time may come by and by. The defeated candidate can now sit down and count the number of liars that live in the township, at any rate he can explain to his friends how the thing happened, but, nevertheless they were all good men and would have made excellent officers, and the voting generally was only a matter of taste as the old woman said when she kissed the cow.

It also tells how to overcome and prevent morning sickness, swollen limbs, and all other evils attending pregnancy. It is reliable and highly endorsed by physicians everywhere as the wife's true private companion. Cut this out; it will save you great pain, and possibly your life. WHAT TRUE MERIT WILL DO.—The unprecedented sale of Boschee's German Syrup within a few years, has astonished the world. It is without doubt the safest and best remedy ever discovered for the speedy and effectual cure of Coughs, Colds and the severest Lung Troubles. It acts on an entirely different principle from the usual prescriptions given by Physicians, as it does not dry up a cough and leave disease still in the system, but on the contrary removes the cause of the trouble, heals the parts affected and leaves them in a purely healthy condition. A bottle kept in the house for use when the diseases make their appearance, will save doctor's bills and a long spell of serious illness. A trial will convince you of these facts. It is positively sold by all druggists and general dealers in the land. Price, 75 cts , large bottles.
