The citizen of Pennsylvania, in whose family are from two to a dozen watches, will no longer have to lie about it when the assessor makes his appearance, the tax on time pieces having been abolished. That act of the Legislature will prevent an awful amount of lying in this great Commonwealth.

The Senate passed the House bill making the school term six months. One million, five hundred thousand dollars was appropriated for school purposes. This is an increase of five hundred thousand dollars which will in many districts pay for the additional month.

John Knapp, a miller of twenty years' experience has taken charge of Swengles mill, at Paxtonville, and is turning out a superior grade of flour—re-establishing the good credit of the old mill, which has been remodelled and improved rendering it one of the very best burr mills in the county. We wish him as great a success as his ability merits.

Charles D. Moyer a graduate of Franklin & Marshall College, and now a student at the Columbia Law School, is home visiting his father Philip D. Moyer of Freeburg. He is an accomplished scholar, is way up the ladder in Masonry and a royal good fellow generally. He intends locating for the practice of law in either Minneapolis or Waterloo, Minnesota.

The lower end of Centre County is plagued with snails. An eye-witness informed us that these insects—in millions in number, crawl out of crevices and from under boards during the night and eat everything green they meet. In the eastern part of Centre Valley they have become so numerous that the garden walks in the morning after a warm night are a perfect net-work of their slimy trails and nothing seems to affect them, salt, lime, paring green, and everything tried thus far only seems to fatten them.

The Milton & Mopet Combination Troupe gave an entertainment in Seebold's Hall on Thursday evening of last week. The entertainment was so superior that they were prevailed upon to return to our town and appear again this week. They did so on Tuesday and Wednesday evenings when they were greeted with good houses who universally pronounce them the best troupe that ever visited our town. We never heard more favorable comment on any company. All they have to do when they come back again is to thoroughly announce it and we will guarantee them the full houses they deserve.

The annual meeting of the Dunkards will be held at Ottawa, Kansas, from May 27 to June 3. There will be delegates in attendance from every State and territory of the United States. The gathering will be immense and the proceedings interesting. The Board of Trade of the growing town of Peabody, Kan., has passed a resolution agreeing to pay the expense of Prof. D. S. Boyer to accompany this excursion and represent to these people of industrious habits the many advantages which Peabody presents. The people of that city know how to appreciate worth and are offering special inducements to Prof. Boyer to become a citizen of that place. Should he accept the offer our county would lose the services of a man who has made a reputation in educational circles which is not confined to our own county alone.

Kreamer, the second station east of Middleburgh on the S. & L. Railroad has been made a first class freight office and Judge Smith has resigned as agent. This places Kreamer over Middleburgh, Beavertown or Adamsburg so far as freight privileges are concerned, though its business probably does not exceed one-third that of either of the other three towns. The advantages of a first-class office are many—prominent among them is the removal of the 15 cent agent's commission. A package of one hundred pounds may be shipped from Lewistown to Sunbury—a distance of fifty miles—for 25 cents, whereas, the same goods shipped from Beavertown to Adamsburg, two miles, will cost 50 cents. It wouldn't take a blind man long to see that this is not right, and we hope the railroad authorities, who always have shown a desire to treat our people fairly, will consider the matter of removing the obnoxious commission.

PERSONS OF HONOR—The following persons have paid their subscription to the Post to the dates opposite their names. MEMORIAL HOLIDAY.—A legal holiday. Why? Because a loyal nation in kindly remembrance with tender hands and tears, demand a day set apart specially for the observance of loyalty, patriotism and fraternal mingling over the graves, and in memory of the two millions of our dead comrades, who have fought their country's last battle, and whom we hope are to-day marshaled upon the everlasting plains of eternal peace. Our Memorial Day gatherings are an annual pilgrimage to the shrine of loyalty, and draws us closer to those whose roll call every day grows less—by its observance the rising generations are being taught lessons of loyalty and stern patriotism. It is earnestly prayed that every true citizen of our beloved country, will set apart a few hours on the 30th day of May, and with their presence and choicest flowers of spring, show their uniform sympathy with us for the memory of our fallen heroes, by assisting the living comrades in dedication ceremonies. Fraternity in its truest meaning is only realized by those whose attachments are formed upon the brink of death, welded by blood and the fire of battle, valorous deeds and christian fortitude in its consequent sufferings and misery. God only knows the intensity of its power over a comrade.

Let the day be revered, and our lives fully consecrated to its righteous observance in Fraternity, Charity and Loyalty.

SUBSCRIBER FROM MIDDLEBURGH TOWNSHIP.—No more gravel on the bridge if possible, please.

Do you want to buy a new Elliptic spring, piano box top buggy cheap? If so, call on or address THE POST, Middleburgh.

A. D. Kreamer of Kreamer, subscribed for the Post this week and paid two years in advance, to June 1, 1889. He is a hunter and wants the sporting notes of the county.

Walter Shipman, Sunbury's rising legal luminary is the only lawyer attending court this week who condescended to visit our office. Though a stranger we soon learned to know him and like him.

Rev. Simon Agrand of New Berlin, pastor of this Evangelical Circuit has purchased one of the editor's lots on the French Flats for \$20, and expects to commence the erection of a new Evangelical Church on it this fall. He is an old gentleman who seems to know exactly what he can do and we hope he will succeed.

The members of the Middleburgh Academy are preparing an intellectual treat for the people and will give an Entertainment at the close of the present term. The following papers have been chosen on content: Recitation, Miss Mame Stetler and Rosa Schoeh; Oration, Mr. Albert Smith and Mr. John Kreeger; Essay, Miss Clyde Dorn and Miss Sue Menesch; Debate, Mr. John Snyder and Mr. A. C. Spangler. The latter part of the evening will be filled with Dialogues, Recitations, Tableaux and the May Pole Dance by the children of the Model School.

McClure—McClure is getting up in the world. No tannery but three or four parties buying bark. It is astonishing what a large amount of bark is shipped from this depot.

J. G. Moyer and John O. Goss are hauling all their sawed lumber to this place. Our men are all engaged and you can't get a hand for love or money.

The building committee have their contractors at work on the new church.

Newly all the trees planted on Arbor-day are growing finely.

M. F. Stirling will erect his house and barn about harvest. Process and Goss have also commenced to dig a cellar for their new house.

J. Howell & Son are busily engaged in getting out soft lumber and shipping it to a firm in Philadelphia who manufacture it into spoils.

Memorial day is close at hand. The G. A. R. has made grand preparation to decorate their comrades' graves. All our churches and Sunday Schools will take part in the exercises. How beautiful to keep green their memories, the heroes who gave their all that the union might live, and how slow the Government is in fulfilling moral promise to them.

LICENSE REVENUES FORSNYDER.—Governor Beaver has signed the High License Bill, and it is therefore a law. This makes the license in boroughs \$150, and in townships \$75. The revenue from the hotels in Selingsgrove will amount to \$900—four in number—and Middleburgh \$300 for two hotels;—and since the law provides that three-fifths of the revenue is to go to boroughs, the Selingsgrove treasurer takes in \$540, the county one-fifth or \$180, and the balance, \$120, goes to the State, while Middleburgh places \$180 in the borough treasury, gives \$90 to the county and \$30 to the State.

The division in townships is a little different, the townships receiving one-half of the revenue, the county one-fourth and the State one-fourth. The part the township receiving to go towards the keeping up of the roads. Out of the twenty-three licenses in the county six are in boroughs and seventeen in townships, divided as follows: The total revenue of all is \$2,178, of which the State gets \$498.75, the county \$498.75 and the townships and boroughs \$1,177.50. This is on the basis of the number of licenses this year, but as the law does not effect those granted for this year, this calculation is made solely for the purpose of showing what distribution will be made next year, providing the same number of licenses are granted in the same places.

The new law goes into effect July 1, of this year.

Repairs supplied for all the above machinery.

Quite a number of farmers were attending court this week and the impudent men were as thick as flies on a dead mule. John Rehl, assisted by B. C. Lindner, traveling agent for A. Altman & Co. (Canton, O.), represented the Buckeye Folding Binder and were the principal attraction. The Buckeye is conceded the best, and the old farmers who have purchased reapers now say, "Oh, leh vut leh het gawort! bis leh der Rehl gasira het net seln Buckeye. Siller Binder is es stift fer de husa."—Seller agent knaw Doitsh schwartz.

Prof. D. C. MURPHY, M. E.
Prof. Murphy was born in Fayette County, Pa., and has always lived and labored in his native State. His early education was in the public school. He spent several school years in the Southwestern State Normal School at California, Pa., where he graduated with honors in the class of 1879. He took the degree of B. E. and M. E. in course, and has taught with unqualified success, ever since graduation, in the State Normal Schools at California and Lock Haven. He taught penmanship and free-hand drawing for five years in the Southwestern Normal School, and earned an enviable reputation as an instructor in those arts.

Since the beginning of the school year of 1884-85 he has been at the head of the department of historical sciences in the Central Normal School, teaching general history, United States history, geography, and civil government.
