There is a notice among you taking notice, do with the spirit of it.

Jacob Gilbert, Esq., whom we reported sick last week is able to be out again.

Peter Frain has treated his residence to a fresh coat of paint. Aaron Crossgrove, painter.

The weather is cool but still very dry and farmers find it difficult to prepare their ground for seeding.

Rev. J. P. Shindel, was taken suddenly ill at his home on Thursday evening of last week but is now better.

We are authorized to announce that there will be a free lunch at the National Hotel, Selinsgrove, every Saturday evening. All invited.

Cornelius Photograph Gallery, located on the lot adjoining the Band Room on the 17th of August. Fine cabinet at \$3.00 per dozen. Call and see samples.

From notices printed at this office the creditors of Hartman & Long will learn that that firm desires all its book accounts to be squared by the first of January next.

People who want fire arms repaired for the hunting season now nearly upon us will find E. Specht the old reliable gun manufacturer of Beavertown, an expert at the business.

Benny Shields of McAllisterville, familiarly known through here for his kindly disposition and fine musical qualities went to Kansas a few months ago and from there enlisted in the regular army.

Do not forget that Cornelius Photograph Gallery will be in Middleburgh on the 17th of August. A fine opportunity for good work. Cabinets at \$3 per dozen. Gallery located on lot adjoining Band Room.

Quite a number of our people attended Swengel camp meeting last Sunday. They reported an immense crowd on the ground—500 rigging passed the entrance to the grounds at 10 o'clock a. m. on Sunday morning.

Charley, an eight-year-old boy of Reuben Weirick, near Paxtonville, fell under a wagon one day last week and the wheel passing over one of his arms between the wrist and elbow, broke it. Dr. Barber the attending physician reports him doing well.

Bassler's cigar factory at Freeburg is now employing ten hands and is unable with even that force to supply the growing demands for his goods. It is evident from this that he uses superior stock to other factories and sells cheaper than the rest. We are always glad to learn of the prosperity of Snyder county interests.

A DESERVED PENSION.—John Kuhns, of Centre twp., who was a soldier in the late civil war and therein incurred a disability which has rendered one of his legs almost useless, was recently granted a pension of \$24 per month and \$1900 back pay. He is one of the most deserving men in the State and all who know him will be glad of this intelligence.

Levi S. Butts, will arrive here from Yellow Creek, Ill., on the 23d of August with another car-load of Illinois horses which he will offer at public sale on the 25th. Mr. Butts has established for himself a reputation of bringing very superior animals which generally go cheap or other dealers would not buy them to offer them at public sale again. Come and see them.

J. C. Buffington and family returned from Shenandoah on Friday of last week and will remain here for several weeks after which Mr. E. will accept a position now in view. The cause of the sudden return is the removal of the Mining Herald to Pottsville and the suspension of the daily Evening Herald. Mr. Buffington returns with the most flattering recommendations from his employers—testifying to his having been a good boy while away.

J. Wes. Cornelius of Lewisburg located a branch of his photography establishment in Middleburgh this week and the indications are that he will do a good business during the few weeks he expects to remain with us. The work on exhibition in the gallery is certainly very flattering. That he is the finest artist in Lewisburg goes without saying, and our people will soon appreciate his presence among us and take advantage of it. The gallery is located on the lot adjoining the band room and is fitted out with all the latest improvements in the art of photography.

HARVEST HOME PICNIC.—The Snyder county Harvest Home Picnic at Bower's grove on Saturday, was quite well attended notwithstanding the failure of the S. & L. railroad to send excursion tickets for the occasion as promised. The Middleburgh band was the only musical organization in attendance and ex-Governor Andy Curtin was a hundred miles from the ground, viz: at Bedford Springs, where he delivered an address but not for the people of Snyder county in particular. Professors Herman and Dawson delivered addresses which, though impromptu, were appropriate and to the point. The people met, looked at each other, talked a while and then returned home convinced that the newspapers had again belied them as to the big time they were to have. It was a big time for the size of it, and the newspapers were only the mouth pieces to tell the people what they themselves expected and were none the less disappointed at its result.

G. A. R. PICNIC.—A G. A. R. picnic will be held in Bower's grove, Middleburgh, Pa., Saturday September 3d, 1887. A cordial invitation is extended to all G. A. R. comrades, Sons of Veterans, old soldiers and the public generally of this and adjoining counties.

Stettler's Cornet band will furnish music for the above program. Meals will be furnished on the ground. Dinner, 35c.; supper 25c. Also a full line of refreshments by Samuel Bowen. A grand stereopticon exhibition will be on the ground during the day under the management of Prof. Sheekler. Excursion tickets will be sold on the S. & L. railroad.

This picnic is under the auspices of Capt. G. W. Ryan Post, Middleburgh, Pa. Let everybody come and have a day of real enjoyment and recreation.

By order of G. C. GUTELIUS, JOHN Y. SHINDEL, D. T. REOMAN, Committee.

SHAKES BY THE ROD.—On Wednesday morning of last week, Samuel Bowen, James P. Smith and Henry Beaver started for Shade mountain to cut a bee-tree which they had discovered a few days before. They came to the tree about ten o'clock only to find it cut down and the bee and its honey taken by a party from Fremont who had also found it. On their way home they crossed a "stone rattle" or ledge of rocks under which the sound of running water could be heard. While crossing this their attention was attracted by the rattling of a snake and a glance in the direction revealed a huge rattlesnake and large copper head lying on a pile, sunning themselves—their bodies entwined in such a manner that it was difficult to distinguish one snake from the other. They at first thought it was a male and female rattler, but upon killing and examining them found the one snake to have sixteen rattlers and the other none—which proved to be a copper-head. After satisfying themselves as to the truth of this strange "amalgamation of the races" they turned to leave, when they found themselves perfectly hemmed in with copperhead and rattlesnakes, and before they left the stone patch they had killed six rattlesnakes and three copper heads. Many more got away—especially one old female rattler which Mr. Bowen described to us as being as thick as his leg. These are the facts as we got them from the men, and we have no reason to doubt a word of it. There have been more snakes found on Shade mountain this year than ever before—the cause is probably the dry weather which compels them to come to the base for water.

ADAMSBURG.—The carpenters have commenced work on Belrich & Smith's new water house. Also at the Reformed parsonage.

The storm of last Thursday afternoon was the severest experienced in this neighborhood for the last twenty years; snapping off large trees half way up the trunk. The storm was chiefly wind, with very little rain.

The prohibitionists of the county met at this place last Friday and elected A. M. Carpenter delegate to the State convention which will meet at Harrisburg on the 24th inst. Quite a number of our citizens attended the picnic at Middleburgh. All was greatly appreciated and enjoyed, except the little humbug which was practiced upon them by way of promised excursion rates.

Daniel Zeiber, who had come with a team to meet his daughters on their return from the picnic attempted to cross the railroad while the train was shifting. His horses took fright and backed over the embankment into the creek in front of Isaac Wetzel's. Fortunately no one was seriously hurt. The vehicle however sustained considerable damage.

On Monday morning the constable of Lewisburg brought a tramp to this place who he had traced to McClure and arrested him for assaulting a brakeman on Main line, stealing his watch and chain and \$30. The constable with his prisoner returned to Lewisburg on Express. His pal was arrested at Selinsgrove.

Don't forget the festival on Market street on Saturday evening. All are invited.

A lively time was had at the Henry Clay last Monday evening. REP.

BANNERVILLE.—D. L. Detra, of Thompsonstown, was visiting friends of this place on Saturday and Sunday and is now in New Berlin where he intends taking a course in the High school.

Our farmers are now busily engaged at plowing.

E. Shellenberger pays, in trade, \$1 per hundred for sumac.

Huckleberries in abundance at low prices.

Ammon Smith visited T. E. Reitz on Sunday.

The heavy storm of last week done a great deal of damage in some of the timber in our neighborhood, but not much rain yet.

J. O. Goss has his steam saw mill still in running order and has more bills than he can fill at present.

D. S. Shive is kept busy tending the sick folks at present.

Our respected young friend, J. H. Lloyd, who was with A. E. Rothrock for the last three years, left for Adamsburg where he will be engaged in the tanning business with Banks Dreese. REPORTER.

BEAVERTOWN.—The picnic of the Lutheran Sunday School met with its anticipated success. The school met in the church at 9 o'clock and, after forming into a procession, marched to the grove. The weather during the day, with the exception of a light sprinkling in the forenoon, was conducive to the success of the occasion.

Dr. Born, of Selinsgrove, and Judge Smith, of Smithgrove made addresses in the forenoon which I did not hear. At 2 o'clock P. M., A. W. Potter delivered an interesting address on "Music." He was followed in a short address by Rev. Phleger. At 7 o'clock P. M. Prof. Charles Herman made a good address to the assembled congregation. Rev. Mumma conducted the exercises.

Wilson Algler and Charles Wetzel have purchased building lots of John Hetrick in the west suburb of town. The former will erect a house this summer and the latter next summer.

Spaid & Herbster have again put their stove factory in operation. They have purchased the timber on a 150 acre tract of woodland from Moses Specht.

A. W. Engle has excavated the cellar for a new house on his mother's lot near the east end of Market street.

Jonathan Haines cut an ugly gash in his knee while chopping wood last week.

Jacob Haines has his new house up and under roof.

Mrs. William Specht has been severely sick, but is now on the mend.

James D. Wetzel has purchased his father's lot immediately west of his (the father's) residence and is building a house on it.

Mrs. Philip Kinney is sick.

Mr. and Mrs. Simon Kohler, of New Berlin visited their son Thomas, Sunday before last.

Charles, a son of James K. Bingham, is seriously sick with dysentery.

Rev. Young is attending the camp-meeting at Swengel.

Miss Ada Stetler, of Mahanoy, Pa., is visiting friends here.

Farmers and land owners in this section need be very cautious in regard to the Canada thistle and should by no means allow it to go to seed. It is a pest already.

John S. Kern, Jacob A. Algler and Charles C. and Elmer E. Wetzel are attending school at Middleburgh.

Willie Boyer, of Lock Haven, is visiting in town.

Huckleberries are still brought from Shade mountain.

A four-year-old son of Frank Wagner fell from a door in the overshoot of the barn to the ground on Monday sustaining bad bruises internally and externally.

Mrs. Mandel Friedmann has been quite sick but is convalescing.

CRITIC.

IN BRIEF, AND TO THE POINT.—Dyspepsia is dreadful. Disordered liver is misery. Indigestion is a foe to good nature.

The human digestive apparatus is one of the most complicated and wonderful things in existence. It is easily put out of order.

Greasy food, tough food, sloppy food, bad cookery, mental worry, late hours, irregular habits, and many other things which ought not to be, have made the American people a nation of dyspeptics.

But Green's August Flower has done a wonderful work in reforming this sad business and making the American people so healthy that they can enjoy their meals and be happy.

Remember—No happiness without health. Ent Green's August Flower brings health and happiness to the dyspeptic. Ask your druggist or a bottle. Seventy-five cents.

Death of Mathias Schnee.

Mathias Schnee, who had been lingering with ulceration of the stomach since May, 1886, died on Sunday noon, aged 61 years, 7 months and six days. He was a son of the late Philip Schnee and was a native of Perry township. He was twice married. His first wife was Miss Elizabeth Steffen. On the 23d of February, 1871, he was married to Mrs. C. Weaver, of Centreville. Shortly after their marriage they moved to Freeburg where the deceased carried on the mercantile and hotel business which he followed for some years. In 1879 Mr. Schnee was chosen as the Democratic nominee for County Commissioner but as he failed in defeating his competitor, Capt. Philip Kinney, of Beavertown, the result showed that he had many friends. He was a member of the Lutheran congregation of Freeburg and at one time served as Elder. Many were the days and nights of affliction appointed unto him. The funeral took place this morning. The interment was made in Evergreen Cemetery.—Courier.
