## Ten Months in a Trance.

Mrs. John Herbert, of Joliet, Ill., who has been in a cataleptic sleeping trance or cataleptic state now nearly ten months, remains about the same with the exception that she talks more than when her case was last written up.

Her talk is principally about something to eat. She is continually ordering her meals, but her appetite has not improved any. The eyes still remain closed, the muscles rigid and the joints stiffened. She stands in any position she is placed like a statute, till moved, and the limbs will remain in any position in which they are placed until changed. She has but slight sensibility to pain and is a perfect human automaton.

Sometimes she cries, not aloud, but with seeming oppressed grief. At other times she smiles but never laughs audibly. She has become a great curiosity. People come for miles to see her, and on Sundays the place is crowded like a museum. Prominent medical scientists write from all parts of the country for information concerning her case. Many prominent physicians come from different parts to see her.

Since her case was brought to public notice she has become the most widely known and notable cataleptic in the world, and her case excites more interest in the medical profession everywhere than any similar case in the annals of medical science. How she lives is marvelous. Her recovery is hardly within the range of natural possibilities. The case is as much a problem to physicians as it is mysterious to the people who are familiar with it, and it has created various superstitions among those who are spiritually inclined. Many believe that she is in a spiritual state, that her recovery will be effected in a wonderful way that she will then reveal marvelous things and experiences in the spirit world.

## How Hawks and Owls Eat.

It appears that table manners differ among birds, as they do among human beings. It comes to the same thing in the end, but what a queer method it seems, to eat a chicken first, then pick it!

An enthusiastic sportsman says: "Did you ever notice a hawk or an owl preparing to make a meal of a bird? The difference in their method is very great. A hawk will first pick all the feathers off the bird and then pick it to pieces as it is devoured. He goes at it in a very dainty and systematic manner.

Not so with an owl. After killing a bird, the owl swallows it whole feathers and all. He then sits quietly, and in an hour or so you will see him move his neck about as if trying to entangle a knot in it. Then he will hump his back, lower his head, and a ball of feathers will roll out of his mouth.

"The operation shows that the owl divests the bird of its feathers after swallowing it, while the hawk plucks out every feather and quill before he takes a bite.

J. O. Rudene, a Washington Territory farmer, owned a Holstein bull worth $500, which was a little inclined to be cross. It got into the yard one day last week, and Mr. Rudene, intending to frighten the animal, loaded up his shot gun with an extra charge of powder and a large wad of paper. Then, planting himself squarely before his bullship, he let drive at short range. When the smoke of battle cleared away the bull was lying on the ground as dead as Julius Cæsar.

A citizen of Providence, R. I., makes many a dollar by catching bats, which he sells to taxidermists for fifty cents a piece. He fastens a fish hook to the end of a long horse whip, and on the hook he fastens a moth miller. Then, standing near an electric light in the evening, he saves the whip until one of the many bats which are hunting the insects that fly around the light grabs the miller, and then he yanks him in.

### An End to Bone Scraping.

Edward Shepherd, of Harrisburg, Ill., says: "Having received so much benefit from Electric Bitters, I feel it my duty to let suffering humanity know it. Have had a running sore on my leg for eight years; my doctors told me I would have to have the bone scraped or leg amputated. I used, instead, three bottles of Electric Bitters and seven boxes Bucklen's Arnica Salve, and my leg is now sound and well." Electric Bitters are sold at fifty cents a bottle, and Bucklen's Arnica Salve at 25 cents per box by G. M. Shindel.

## Miraculous Escape.

W. W. Reed, druggist, of Winchester, Ind., writes: "One of my customers, Mrs. Louisa Pike, Bartonia, Randolph Co., Ind., was a long sufferer with Consumption, and was given up to die by her physicians. She heard of Dr. King's New Discovery for Consumption, and began buying it of me. In six months' time she walked to this city, a distance of six miles, and is now so much improved she has quit using it. She feels she owes her life to it." Free Trial Bottles at G. M. Shindel's Drug Store.

### A NEW LEASE OF LIFE.

When one has been suffering the agonies of a severe attack of rheumatism, neuralgia or sciatica, and relief comes, it seems as if a new lease of life had been granted. Such have been the feelings of thousands who, after trying physicians and numberless remedies, have used Athlophoros and found to their great joy that this medicine really did cure these diseases.

367 Fulton St., Brooklyn, N. Y.

After suffering for nearly two years with a continuous attack of rheumatism; after trying almost every specific, domestic and foreign, which the credulity of a wise man, or a fool, might lead one to trust in, it was a double pleasure to me to find a remedy which, originating in the famous "City of Elms"—the home of my ancestors and its first founders—has proved so invaluable a blessing. It is nearly six months since I was led to trace out the significance of that word Athlophoros. It has proved to me, in a good degree, a renewer of my former vigor and strength, so that I have been enabled to move about with almost youthful activity, and to feel, while approaching my "three score years and ten," that I have a new hold on life. I believe your philosophy of the disease to be correct that it has its origin in the blood, and that your remedy touches those joints and muscles, breeding the nodes, which have been wrought into subjection to this dreadful disease, and sets them free as no other remedy that I have tried. I have been cautious for as long a time in recommending it to others till I had tried its efficacy in my own case; and I am now free to state the estimate I put upon it, as the safest and most efficient cure I have any knowledge of.

A. B. DAVENPORT.

Every druggist should keep Athlophoros and Athlophoros Pills, but where they cannot be bought of the druggist the Athlophoros Co., 112 Wall St., New York, will send either (carriage paid) on receipt of regular price, which is $1.00 per bottle for Athlophoros and 25c. for Pills.

## A QUESTION ABOUT *Brown's Iron Bitters* ANSWERED.

The question has probably been asked thousands of times: "How can Brown's Iron Bitters cure everything?" Well, it doesn't. But it does cure any disease for which a reputable physician would prescribe IRON. Physicians recognize Iron as the best restorative agent known to the profession, and inquiry of any leading chemical firm will substantiate the assertion that there are more preparations of Iron than of any other substance used in medicine. This shows conclusively that Iron is acknowledged to be the most important factor in successful medical practice. It is, however, a remarkable fact, that prior to the discovery of BROWN'S IRON BITTERS no perfectly satisfactory iron combination had ever been found.

**BROWN'S IRON BITTERS** does not injure the teeth, cause headache, or produce constipation—all other iron medicines do. BROWN'S IRON BITTERS cures Indigestion, Biliousness, Weakness, Dyspepsia, Malaria, Chills and Fevers, Tired Feeling, General Debility, Pain in the Side, Back or Limbs, Headache and Neuralgia—for all these ailments Iron is prescribed daily.

**BROWN'S IRON BITTERS** however, does not cure in a minute. Like all other thorough medicines, it acts slowly. When taken by one the first symptom of benefit is renewed energy. The muscles then become firmer, the digestion improves, the bowels are active, in some the effect is usually more rapid and marked. The eyes begin at once to brighten; the skin clears up; healthy color comes to the cheeks; nervousness disappears; functional derangements become regular, and if a nursing mother, abundant sustenance is supplied for the child. Remember Brown's Iron Bitters is the ONLY iron medicine that is not injurious. Physicians and Druggists recommend it.

Rev. Wm. Lucas, Rector Grace Church, Ravenna, O. writes: "I cordially endorse Kaskine as being just what you claim, an excellent substitute for quinine, with none of its bad effects. Mrs. Lucas had a serious form of malaria, and was confined to her bed for months. Kaskine had her up and around in a few days, and in a short time cured her.

Living in the malaria districts of Maryland, I became a victim of worst forms of malaria fever. I drugged myself with quinine and other remedies without avail. I was greatly reduced when I heard of Kaskine. Its curative powers were a perfect revelation to me. It cured me and I have not had a return of the troubles. (Prof.) D. Hird, B. A., Asst.
