> STATE S. S. CONVENTION.—The eyes of the Sabbath school workers of Pennsylvania are turning with interest to the annual convention of the State Sabbath School Association, which will be held in the Grace M. E. Church of Harrisburg. October 11 13. The association which will hold this convention is a member of the International Sunday School Association of the United States and British American Provinces, and being interdenominational in its character is composed of members of all the Evangelical churches of Pennsylvania. the interest with which the announcement of this convention is received is due in part to the excellent program me prepared for the occasion, partly to the important questions relating to the character of the State and county Sabbath school work, which will come before the convention, and partly to the anticipation of a large attendance of delegates representing the county organizations of the State. Governor Beaver will deliver the ad dress of welcome at the opening session on Tuesday evening B. F. Jacobs, of Chicago, chairman of the Linsay, statistical secretary of West Virginia Sunday School Association; Professor H. L. Baugher, Wayland Hoyt, D. D., Rev. B. T. Vincent, Dr. Douglas Ocker raised a pumpkin C. R. Blackall, J. R. Brittain, D. D., and Rev. P. H. Brooks, all well known Sabbath School workers, will take

part in th convention. The character of the future work of the Pennsylvania Sunday School Association will be determined at this convention, more particularly the question whether or not a salaried State secretary shall be employed to take charge of the Sabbath school interests of the State. As this is a matter affecting the entire Sabbath school work of the State, all the county or ganizations have been invited to send delegates. Counties that have not elected delegates may be represented by any Sabbath school workers residing in these counties in attendance

upon the convention. Provisions have been made for reduced railroad rates. This is in the town, is chairman of the executive
