Burglar Alarms.

The easy and undisturbing way in which some burglars walked into a gentleman's house in Rockway on Monday night, although six dogs were kennoled outside and one was inside, makes the study of nocturnal protection very important.

The general idea of the amount of protection furnished by so-called watch-dogs is very erroneous. The fact is that ordinary dogs present no serious obstacle to an experienced burglar at all. But, although, as a rule, dogs are easily managed when certain things are about a house, a burglar will try almost any other before meddling with that one. As given by an expert they are as follows in the order of efficacy:

A baby.

A small female dog within the house.

A female dog without the house.

A light.

Thus it will be seen that a baby, and the more immature and helpless the better, it is a better protector to a country house than its stalwart father, for where there is a baby there is sure to be a sleepless eye watching it. No more argument in favor of matrimony could be half so powerful as this fact.

An exchange arrives at an important truth in the following manner: We print personals simply because people like to read them, and we will wager a brass collor button against a headache that even those who scoff at the custom can generally tell who is mentioned in that department. Besides this there are few people who do not feel a little thrill of pleasure to see, by the paper, that some body has remembered their going or coming and from the tone in which some people say, 'you never put me in the paper,' we are sure that there are numerous cases where those who are not mentioned feel disappointed. There are cases where the announcement that a person is visiting in town may be a valuable piece of information to the person's friend, and there are undoubtedly other cases where the knowledge that another person is out of town may save some of the newspaper readers the trouble of calling on them. Whether useful or not, the personal mentions are generally read, and as long as there are readers for that department of the paper they will be published. Those who take no interest in the personals can skip them, but we wouldn't be afraid to bet our hopes of happiness that they will not do it.

The Twins and the Barber.

A Boston man has a twin brother living in the West who looks very much like him. The other morning the Boston twin, after being shaved, went home and found there his brother, who had just come East. The Western brother needed shaving badly and was directed to the barber shop. He entered and seated himself, but the barber paid no attention to him. 'What's the matter with you?' said the Western twin after waiting long enough. 'Why don't you shave me?' 'Why, I've just shaved you,' said the barber. 'Much you did,' said the twin. 'Look at my face.' The barber looked at the big black beard of a week's growth, felt of it to assure himself that his eyes were not deceiving him and burst out: 'If you can raise a beard like this in 20 minutes you'd better go into the mattress business.

To Reduce Flesh

It is not necessary for a corpulent person to vigorously deny himself everything good to eat in order to be less bulky. It is a positive fact that a cup of water taken after each meal will rapidly reduce flesh. Eat what you like; rich gravies, sweet, pastry, anything; but drink nothing at meals, and in a few minutes after rising from the table drink a cup of hot boiling water and enjoy the light, relieved feeling you will experience. It is a little odd, but hot water taken before the meal increases the weight.

'If any man,' says 'The Nashville American,' 'wants to know how it feels to be the victim of unjust suspicion, let him buy a half gallon of vinegar, have it put in a small brown jug, and start through town towards his home with it. One man did that yesterday afternoon. Before he got a block away from where he bought it, a friend met him with a smile and asked: 'Is it good?' 'It's vinegar,' he answered, and his friend's smile spread till it extended half way across the sidewalk.'

According to Dr. Hunt, secretary of the New Jersey State Board of Health, diphtheria is largely due to damp cellars which are suddenly heated in the fall, and his theory is verified by various reports where the disease has raged. It is claimed that during the summer in many cellars a good deal of vegetable matter is allowed to decay, and when the fires are started in the fall this decayed matter is stirred up and mingled with a pecular dampness, which must be in the cellar, and it pervades the entire house.

'Oh, George,' said the happy girl 'do you know what paps gave me last night when I told him I had consented to be you wife?'

'No,' responded George, endeavoring to conceal his anxiety, as visions of a check loomed up before him; 'what was it he gave you, deer?'

And the girl bowed her head on his coat collar and murmured: 'His blessing.'

An End to Bone Scraping.

Edward Shepherd, of Harrisburg, Ill., says: "Having received so much benefit from Electric Bitters, I feel it my duty to let suffering humanity know it. Have had a running sore on my leg for eight years; my doctors told me I would have to have the bone scraped or leg amputated. I used, instead, three bottles of Electric Bitters and seven boxes Bucklen's Arnica Salve, and my leg is now sound and well." Electric Bitters are sold at fifty cents a bottle, and Bucklen's Arnica Salve at 25 cents per box by G. M. Shindel.

Miraculous Escape.

W. W. Reed, druggist, of Winchester, Ind., writes: "One of my customers, Mrs. Lonisa Pike, Bartonia, Randolph Co., Ind., was a long sufferer with Consumption, and was given up to die by her physicians. She heard of Dr. King's New Discovery for Consumption, and began buying it of me. In six months' time she walked to this city, a distance of six miles, and is now so much improved she has quit using it. She feels she owes her life to it." Free Trial Bottles at G. M. A GREAT MISTAKE

has heretofore been made in the treatment of rheumatism, neuralgia, and nervous or sick headache. This is evidenced by the failure on the part of thousands of sufferers to find relief, even though they have exhausted the skill of various physicians and tried numerous so-called remedies. To such Athlophoros is offered as a *safe, sure,* and *quick cure.* Its success has been phenomenal, and yet it is not surprising because it *will* do all that is claimed for it. The Athlophoros Co. will gladly refer any who desire to make an investigation to reliable parties who have been cured by it.

Warrensburgh, N. Y.

Enclosed find postal note for one-half dozen bottles of your Athlophoros. It is wonderful how it cures every case where I can persuade them to try. The sales are increasing. My sister-in-law was given up to die by the doctors; they sent for me; I took a bottle of Athlophoros and persuaded her to try it, the second dose gave relief. She had not lain in bed for two weeks; the next night she went to bed and slept all night; in one week she was up and at work around the house. Many thanks.

MRS. JNO. D. NUTTING.

It is owing to Athlophoros that I am alive. I have suffered with inflammatory rheumatism for years, most of the time being perfectly helpless. But one bottle of Athlophoros has cured me. There is nothing like it for the speedy relief and permanent cure of rheumatism, so I recommend it to all, knowing it will accomplish what it claims to do. MRS. E. VICKERS,
46 Pleasant St., Waterbury, Conn.

F. C. Hazzard, Upper Lisle, N. Y., says: "I had neuralgia in the head and neck, and Athlophoros cured them."

Every druggist should keep Athlophoros and Athlophoros Pills, but where they cannot be bought of the druggist the Athlophoros Co., 112 Wall St., New York, will send either (carriage paid) on receipt of regular price, which is $1.00 per bottle for Athlophoros and 50c. for Pills.

For liver and kidney diseases, dyspepsia, indigestion, weakness, nervous debility, diseases of women, constipation, headache, impure blood, &c., Athlophoros Pills are unequaled.

A QUESTION ABOUT
Brown's Iron Bitters
ANSWERED.

The question has probably been asked thousands of times, "How can Brown's Iron Bitters cure everything?" Well, it doesn't. But it does cure any disease for which a reputable physician would prescribe IRON. Physicians recognize Iron as the best restorative agent known to the profession, and inquiry of any leading chemical firm will substantiate the assertion that there are more preparations of Iron than of any other substance used in medicine. This shows conclusively that Iron is acknowledged to be the most important factor in successful medical practice. It is, however, a remarkable fact, that prior to the discovery of BROWN'S IRON BITTERS no perfectly satisfactory Iron combination had ever been found. BROWN'S IRON BITTERS does not injure the teeth, cause headache, or produce constipation—all other Iron medicines do. BROWN'S IRON BITTERS cures Indigestion, Biliousness, Weakness, Dyspepsia, Malaria, Chills and Fevers, Tired Feeling, General Debility, Pain in the Side, Back or Limbs, Headache and Neuralgia—for all these ailments Iron is prescribed daily. BROWN'S IRON BITTERS, however, does not cure in a minute. Like all other thorough medicines, it acts slowly. When taken by men the first symptom of benefit is renewed energy. The muscles then become firmer, the digestion improves, the bowels are active. In women the effect is usually more rapid and marked. The eyes begin at once to brighten; the skin clears up; healthy color comes to the cheeks; nervousness disappears; functional derangements become regular, and if a nursing mother, abundant sustenance is supplied for the child. Remember Brown's Iron Bitters is the ONLY Iron medicine that is not injurious. *Physicians and Druggists recommend it.*

Chick-Chick-er-re-Kee

MAKES HENS LAY!

PREVENTS GAPES,
PREVENTS ROUP,
PREVENTS CHOLERA,
PREVENTS LAYING SOFT EGGS,
PREVENTS EGG-EATING,
If fed every day.

Chick-chick-er-re-kee (poultry food and preventive of disease for poultry), the great egg food, produces eggs prodigio usly and is good for the health of the fowling. It is the first article of its kind ever Patented in the United States, Canada and England. Try it. It costs only six cents per pound. It is no powder. Chickens will eat it. That ought to convince you that it is good. If your Grocer, Druggist, Hardware or Country Storekeeper will not get it for you, send me one dollar, and I will ship you a twenty-pound box by freight, or one hundred pounds for five dollars. A large box will cost you no more freight than a small box. Attend to your poultry, if you want to make a profit out of them, just the same as you attend to your land. Unless you manure your land it will not pay you. Just so with poultry; you must give them something besides feed. They must have material to answer for grinders, and material for the egg. If you feed Chick-chick-er-re-kee (egg food) every day you will never have any sick chickens, and your hens will lay eggs when otherwise they would not. You will never do without it after a fair trial. Do not pay twenty-five or fifty cents a pound for medicine to feed your poultry when you can get a better article from your storekeeper at six cents a pound. Don't be a clam; try it. Manufactured in the United States only by
