No, I think not. Then why don't you want to be so

Because I couldn't get around.

But you wouldn't have to get around. Papa could get a big table an' you could set on it an-

I couldn't go after I quit livin' could I.

I'll be an angel, then, won't I.

I suppose so. Will I look like a bird.

I don't know. Like a chicken.

Merciful heavens, no. What will I look like.

I don't know. Now, hush.

But I can fly, can't I.

Way up high. Yes.

Won't I fall.

Chick-Chick-er-re-Kee

If fed every day.

Chick-chick-er-re-kee (poultry food and preveative of disease for poultry), the great egg food,
produces eggs produgio usly and is good for the
health of the fewling. It is the first article of its
kind ever Patented in the United States, Canada
and England. Try it. It costs only six cents per
pound. It is no powder. Chickens will eat it.
That ought to convince you that it is good. If
your Grocer, Druggist, Hardware or Country
Storekeeper will not get it for you, send me one
dollar, and I will ship you a twenty-pound box by
freight, or one hundred pounds for five dollars.
A large box will cost you so more freight than a
small box. Attend to your poultry, if you want
to make a profit out of them, just the same as you
attend to your land. Unless you mannie your
land it will not pay you. Just so with poultry;
you must give them something besides feed. They
must have material to answer for grinders, and
material for the egg. If you feed Chick-chick-erre-kee (egg food) every day you will never have
any sick chickens, and your hens will lay eggs
when otherwise they would not. You will never
do without it after a fair trial. Do not pay twentyfive or fifty cents a pound for medicine to fead
your poultry when you can get a better article
from your storekeeper at six cents a pound, Don't
be a clam; try it. Manufactured in the United
States only by
