A REMARKABLE ARMY STORY.

"Cover my defenseless head
With the shadow of thy wing."

A party of northern tourists formed a party of a large company gathered on the deck of an excursion steamer that was moving slowly down the historic Potomac, one beautiful evening in the summer of 1381.

A gentleman who has since gained a national reputation as an evangelist of song, had been delighting the party with the happy rendering of many familiar hymns, the last being the sweet petition so dear to every Christian, 'Jesus, lover of my soul.' The singer gave the first two verses with much feeling and a peculiar emphasis upon the concluding lines that thrilled every heart A hush had fallen upon the listeners that was not broken for some seconds after the musical notes had died away. Then a gentleman made his way from the outskirts of the crowd the side of the singer and accosted him with :

'Beg your pardon, stranger, but were you actively engaged in the late war .'

'Yes, sir, the man of song answered courteously, 'I fought under General Grant.'

'Well, the first speaker continued, with something of a sigh, 'I did my fighting on the other side and think, indeed am quite sure, I was very near you one bright night eighteen years ago this very month. It was much such a night as this. If I am not very much mistaken you were on guard duty. We of the South had sharp business on hand and you were one of the enemy. I crept near your post of duty, my murderous weapon in my hand ; the shadow and me. As you [illegible] and forth you were humming the tune of the hymn you have just sung. I raised my gun and aimed at your heart, and I had been selected by our commander for the work because I was a sure shot. Then upon the air rang the words :

"Cover my defenceless head
With the shadow of thy wing."

'Your prayer was answered. I couldn't fire at that. And there was no attack made upon your camp that night. You were the man whose life I was spared from taking.

The singer grasped the hand of the Southerner and said, with much emotion .

'I remember the night very well and distinctly the feeling of depression and loneliness with which I went forth to my duty. I knew my post was one of great danger, and I was more dejected than I remember to have been at any other time during the service. I paced my lonely beat, thinking of home, friends and all that life holds dear. The thought of God's care for all that he has created came to me with peculiar force. If he so cared for the sparrows; how much more for man created in his own image; I sang the prayer of my heart, and ceased to feel alone. How the prayer was answered I never knew until this evening. My Heavenly Fath thought best to keep the knowledge from me for eighteen years. How much of His goodness to us we shall be ignorant of until it is revealed by the light of eternity ! 'Jesus lover of my soul' has been a very favorite hymn; now it will be inexpressible dear.'

JAMES R. KENYON.

If I Were a Girl.

If I were a girl I would have an aim in life. I would set my mark high and would not fall short of it. The adage, "Where there is will there is way," is as true as steel.

I would imitate the meakness and gentility of my mother.

I would pride myself on the respectability of my family.

I would keep good company or none at all.

I would read good books, such as would enlarge my mind and fit me for a higher life.

I would be truthful in my actions; as well as in words.

I would keep a diary, for it might be useful, as well as a pleasure to me in later years.

I would throw away my silly ways and saucy looks, if I had any.

I would show people that being a girl did not keep me from possessing a good, common sense, and a sound mind.

I would never let one of the opposite sex over reach me in climbing the "hill of science."

I would choose for a husband, if I choose any, a man of unblemished character. It should be said, "she has done well."

I would learn the law of kindness.

would continually seek the companionship of the three graces—Perseverance, Forbearance and Endurance, until I became familiar with each of them, for a woman having these for armor is well equipped for the journey of life.

I would wear a dress of modesty with a neat fitting cap of discretion. I would lace shoes of caution upon my feet, so that I might walk the "Imperial Highway," with womanly dignity. I would encase my hands in gloves of good works, sewed with threads of deftness. Over these, I would throw a wrap of Fatherly protection.—Woman's Work.

A countryman was in a Broadway fruit store.

"By gosh," he said, "there's strawberries !"

Putting a couple in his mouth, he asked :

"How much a quart, mister ?"

"We don't sell 'em by the quart at this season; they are fifty cents a piece."

The countryman paid a dollar and hurried back to the farm.—N. Y. Sun.

Wonderful Cures.

W. D. Hoyt & Co., Wholesale and Retail Druggists of Rome, Ga., says : We have been selling Dr. King's New Discovery, Electric Bitters and Bucklen's Arnica Salve for two years. Have never handled remedies that sell as well, or give such universal satisfaction. There have been some wonderful cures effected by these medicines in this city. Several cases of pronounced Consumption have been entirely cured by use of a few bottles of Dr. King's New Discovery, taken in connection with Electric Bitters. We guarantee them always.

In a French Insane Asylum.

The expressions of insanity, however varied their form, are not interesting to the specialist unless they give indications of a mood differing from those characterizing a mental state already classed. "Aubertin, the would-be murderer of M. Jules Ferry, belongs to the very common class of which the larger half of his family of insane is composed—the general paralytics. The symptoms are easily distinguished. Come and see for yourself," said the professor, who had spied four women under the guidance of a nurse passing before the window. We met them as they entered the hall. "Well, where are you going?" he asked one of them. "To fetch the soup," answered the woman addressed, with a slight hesitation of speech. "Now watch her walk," said the professor to me as the little procession moved on. I noticed the same incertitude of motion as of speech. These are the symptoms whereby to distinguish the general paralytic, whether his illness manifests itself under the form of hypochondria, melancholia, mania, monomania, furor, hallucination, or softening of the brain.—Paris Cor. New York Post.

The Horse Cars of Russia.

At Moscow and St. Petersburg the street cars are similarly constructed to those in Paris, but are a little larger. They are almost as long as the passenger conch on a steam road—have double decks, or two stories, and accommodate over sixty passengers without crowding. A stairway winds up at the rear of the cars leading to the long seats above, over which is a wooden roof or canopy, and the passengers have the privilege of a seat in the breeze above or in the inclosure below, the latter being like the interior of American street cars. Eight horses are used when there is snow on the ground, four of them being hitched abreast. In the summer four horses, two abreast, do the pulling. Three men run the car—a conductor, a driver and a man who rides the off horse hitched in the rear. The driver rings a bell continuously, and when any one attempts to cross the track in close proximity he rings more vigorously and rails in several languages. The fare is usually twenty kopecks, which is about ten cents. The street cars in Russia are not old institutions and are not very liberally patronized. —Philadelphia Times.

Items for Coal Dealers.

Taking into consideration the gradually diminishing radiating surface, the conclusion has been arrived at that the sun cannot give out sufficient heat to support life on the earth after the lapse of 10,000,000 years.—Globe-Democrat.

A GREAT MISTAKE

has heretofore been made in the treatment of rheumatism, neuralgia, and nervous or sick headache. This is evidenced by the failure on the part of thousands of sufferers to find relief, even though they have exhausted the skill of various physicians and tried numerous so-called remedies. To such Athlophoros is offered as a *safe, sure,* and *quick cure*. Its success has been phenomenal, and yet it is not surprising because it *will* do all that is claimed for it. The Athlophoros Co. will gladly refer any who desire to make an investigation to reliable parties who have been cured by it.

Warrensburgh, N. Y.

Enclosed find postal note for one-half dozen bottles of your Athlophoros. It is wonderful how it cures every case where I can persuade them to try. The sales are increasing. My sister-in-law was given up to die by the doctors; they sent for me; I took a bottle of Athlophoros and persuaded her to try it, the second dose gave relief. She had not lain in bed for two weeks; the next night she went to bed and slept all night; in one week she was up and at work around the house. Many thanks.

MRS. JNO. D. NUTTING.

It is owing to Athlophoros that I am alive. I have suffered with inflammatory rheumatism for years, most of the time being perfectly helpless. But one bottle of Athlophoros has cured me. There is nothing like it for the speedy relief and permanent cure of rheumatism, so I recommend it to all, knowing it will accomplish what it claims to do. MRS. E. VICKERS,

46 Pleasant St., Waterbury, Conn.

F. C. Hazzard, Upper Lisle, N. Y., says: "I had neuralgia in the head and neck, and Athlophoros cured them."

Every druggist should keep Athlophoros and Athlophoros Pills, but where they cannot be bought of the druggist the Athlophoros Co., 112 Wall St., New York, will send either (carriage paid) on receipt of regular price, which is $1.00 per bottle for Athlophoros and 50c. for Pills.

For liver and kidney diseases, dyspepsia, indigestion, weakness, nervous debility, diseases of women, constipation, headache, impure blood, &c., Athlophoros Pills are unequaled.

A QUESTION ABOUT Brown's Iron Bitters ANSWERED.

The question has probably been asked thousands of times : "How can Brown's Iron Bitters cure everything ?" Well, it doesn't. But it does cure any disease for which a reputable physician would prescribe IRON Physicians recognize Iron as the best restorative agent known to the profession, and inquiry of any leading chemical firm will substantiate the assertion that there are more preparations of iron than of any other substance used in medicine. This shows conclusively that iron is acknowledged to be the most important factor in successful medical practice. It is, however, a remarkable fact that prior to the discovery of BROWN'S IRON BITTERS no perfectly satisfactory iron combination had ever been found. BROWN'S IRON BITTERS does not injure the teeth, cause headache, or produce constipation—all other iron medicines do. BROWN'S IRON BITTERS cures Indigestion, Biliousness, Weakness, Dyspepsia, Malaria, Chills and Fevers, Tired Feeling, General Debility, Pain in the Side, Back or Limbs, Headache and Neuralgia—for all these ailments Iron is prescribed daily. BROWN'S IRON BITTERS, however does not cure in a minute. Like all other thorough medicines, it acts slowly. When taken by men the first symptom of benefit is renewed energy. The muscles then become firmer, the digestion improves, the bowels are active. In women the effect is usually more rapid and marked. The eyes begin at once to brighten ; the skin clears up ; healthy color comes to the cheeks ; nervousness disappears ; functional derangements become regular and if a nursing mother, abundant sustenance is supplied for the child. Remember Brown's Iron Bitters is the ONLY iron medicine that is not injurious. *Physicians and Druggists recommend it.*

Chick-Chick-er-re-Kee

MAKES HENS LAY!

PREVENTS GAPES,
PREVENTS ROUP,
PREVENTS CHOLERA,
PREVENTS LAYING SOFT EGGS,
PREVENTS EGG-EATING,
If fed every day.

Chick-chick-er-re-kee (poultry food and preventive of disease for poultry), the great egg food, produces eggs prodigiously and is good for the health of the fowling. It is the first article of its kind ever Patented in the United States, Canada and England. Try it. It costs only six cents per pound. It is no powder. Chickens will eat it. That ought to convince you that it is good. If your Grocer, Druggist, Hardware or Country Storekeeper will not get it for you, send me one dollar, and I will ship you a twenty-pound box by freight, or one hundred pounds for five dollars. A large box will cost you no more freight than a small box. Attend to your poultry, if you want to make a profit out of them, just the same as you attend to your land. Unless you manure your land it will not pay you. Just so with poultry; you must give them something besides feed. They must have material to answer for grinders, and material for the egg. If you feed Chick-chick-er-re-kee (egg food) every day you will never have any sick chickens, and your hens will lay eggs when otherwise they would not. You will never do without it after a fair trial. Do not pay twenty-five or fifty cents a pound for medicine to feed your poultry when you can get a better article from your storekeeper at six cents a pound. Don't be a cheap ; try it.
