**ENTER COUNTY COURTS.**—The Courts of Snyder County are held on the fourth Mondays of February, May, and September, and second day of December.

**NOTE TO SUBSCRIBERS.**

Look at the figures on the label of your paper. Those figures tell you the date to which your subscription is paid. Within 3 weeks after the date of issue, you will receive your money's worth, and if it is changed, no other receipt is necessary.

Don't forget the school entertainment in Seebold's Hall, Friday evening.

George Stahlnecker and wife will start for their home in Byron Centre, Mich., to-day.

Howard Walter left last week for Montoursville, where he has secured a job in a livery and sale stable.

Miss Ella Stetler has gone to Danville, Pa., as an assistant in the asylum.

Isaiah Walter of Franklin township moved his family on a farm near Laurelton this week.

And now may spring nature call up her sleeping force by means of bright sunshine and soft southern breezes, and buds and blossoms leap up in gladness.

Look at the date with your name on the margin of the paper, or on the wrapper, if sent singly. It tells the time to which your paper is paid. If it shows arrearage, you know your duty.

The warm weather and high winds have again rendered our public highways passable. The snow is disappearing from the mountains, the grass is sprouting and buds are shooting. The swallows are here and everything looks as if spring had come to stay. Welcome!

**MUSICAL COLLEGE.**—The 33d Session of the Musical School at Freeburg will open on Monday, April 30. An eminent lady from Philadelphia has been engaged as principal. Address, F. C. MOYER, apr-4 4w. pd Freeburg, Pa.

Last Thursday George Dietrich started for Milheim with H. H. Letzel's goods, loaded on a large wagon with six good horses ahead of it. The load weighed about 2 tons and it required twenty hours hard work for the team to make the trip of thirty miles. This gives one a pretty fair idea of the condition of the roads.

Morris Edley has been the proud owner of a pair of blooded wild geese, whose wings he clipped to prevent them from flying away with their kind. Last week a lot of dogs attacked the birds in a field and killed them, and Mr. Edley now invites the dogs to come again when he will present each one with a little leaden Easter egg. May his aim never miss.

Commissioner Samuel B. Walter has taken unto himself a helpmeet in the person of Miss Stuck, as seen in our marriage notices. Miss Stuck is an estimable lady and is worthy of the man who commands our every respect. We join with the many friends of the couple in wishing them a long and prosperous life.

We have seen a little farm, well tilled, prove more productive and profitable than a large farm skinned and skinned; and we have seen a little mind, well educated, accomplish more in the actual work of life than the great genius who knows a little of everything, but nothing well.

It is now declared that the nose is the source of all our physical woes, this organ being largely responsible for headache, cough, dyspepsia, earache, neuralgia, hay fever, etc. We may add that it is also the source of many social troubles, by poking into other people's business. Will the coming man be nose-less? Who knows?

**L. C. Bowersox** intends making a trip to Florida on horseback this spring and will start on his long journey to the "Land of Flowers" in a few days. He has purchased a mustang pony to carry him thither and is giving him daily lessons under the saddle. Good by, Levi. When you "get there" drop an orange in your pocket for us.

**LUNCH PARTY.**—Capt. G. W. Ryan Post of this place has decided on having a lunch-box festival on Saturday evening, April 21st. All ladies are requested to furnish each a lunch-box for the occasion. More definite particulars will appear next week as to where and how this thing is to be done—*but prepare for fun ahead.*

Miss Susie Mensch left for Factoryville on Monday to attend school. She was accompanied by Mrs. F. E. Bower, whose brother, Prof. Harris, is principal of the Seminary. Miss Carrie Wittenmeyer, another of our accomplished young ladies, left for Lewisburg on Wednesday to attend the female Seminary in that place.

If there is any one thing more aggravating to an editor than an empty pocket book, it is three or four empty local news columns staring him in the face when nothing has happened to write up, and fill them. "He is a philanthropist who will make two columns of grass grow where only one would grow before," but he is a creature who knows where there is none.

**It may prove of interest to many tenants to learn that their household goods can be levied on and sold for taxes due from the property they occupy.** In order to avoid this unpleasantness the tenant, if he is aware of taxes on the property not being paid, should withhold a sufficient amount of rent money to pay off the taxes.

**D. A. Kern** has repainted, repaired and improved the old jail property to such an extent that it is almost unrecognizable. The only feature that is left to remind the visitor of the history of the building are the thick walls that separate the rooms in the (walled) cell department. Mr. Kern deserves great credit for his labors of improvement.

The Union County Republican Primary Election resulted in the nomination of the following officers: Cong. J. V. Miller; Senator, S. D. Bates; Assembly, Alfred Hayes; Sheriff, J. Klingler; District Attorney, J. F. Duncan; Jury Commissioner, Amner Mowery; Representative Delegate, W. C. Duncan; National Delegate, J. M. Linn.

That big fish recently caught in the Susquehanna at Selinsgrove now only weighs 13 pounds and 15 ounces. Why not make it 18 pounds and stick to it? Nobody else will boom Selinsgrove if you don't do it yourself, neighbors, and in it you must be as conscientious as the fellow who said he had shot 999 pigeons on one shot, and when asked why he didn't make it 1000, remarked: "Do you think I'd tell a lie for one pigeon?"

One of the Western exchanges says that a practical revivalist requested all the congregation who paid their debts to rise. The rising was general. After they had taken their seats a call was made for those who didn't pay their debts, and one solitary individual arose, who explained that he was the editor and could not pay his debts because the rest of the congregation were owing him their subscription.

**SPECIAL SERVICES.**—On Saturday afternoon, confirmation and preparatory services were held in the St. Peters Evangelical Lutheran church at Adamsburg. 27 persons were received into church membership, 21 by the rite of confirmation and 6 by certificate.

On Sabbath the Lord's Supper was celebrated by the congregation. This was the largest communion service held in the history of this congregation.

The Spring term of the Freeburg Academy opens on the 9th of April. The Principal, Prof. A. M. Wonder, is a Heidelberg A. M. and a thorough instructor, and he will be ably assisted by Geo. W. Walborn, a successful teacher. Miss Name A. Moyer will have charge of the Primary Department.

The object of the institution is to prepare students for college, and to give practical education to all who avail themselves of its advantages. A normal class will be formed for the benefit of teachers and those preparing themselves for the profession.

The weather record for March shows that it was the coldest March for forty years. The coldest night was the 14th when the mercury registered 6 degrees above zero. On the 13th it was 4 degrees and on the 14th 7 degrees. The coldest day was the 13th when the average mean temperature was 9 degrees. The highest point the mercury reached was on the 31st, when it registered 64 degrees, the 30th was the warmest day in the month, the average mean temperature being 49 degrees. The snow-fall for the month was 8.7 inches, and the rainfall 1.8 inches.

The peddler nuisance is again to fret the front. Within the past week these fellows have swarmed into Harrisburg by the hundreds, and their impudent faces peering out from beneath horse packs may be seen on every street as they tramp the city to the great annoyance of the housekeepers whom they summon to the doors. The State of Virginia makes peddlers pay a license fee of \$500, and that in a great measure keeps them out of the State. This law but recently went into effect, and the peddlers instead of paying the fee are coming North, flocking into Harrisburg.—*Harrisburg Telegraph.*

**THE HERDIC ESTATE WINS.**—The news from Philadelphia on Tuesday was to the effect that the Supreme Court had decided in favor of Peter Herdic in his suit against John G. Reading. The case had recently been opened by a decision rendered by Judge Thayer, when the defendant carried it to the higher court. It relates to raffing at the boom, and at least a quarter of a million dollars is involved. Franklin G. Bowen, late President of the Railroad Company was the attorney for Mr. Herdic. The sum, if collected, will be a handsome item for the estate of deceased.—*Gazette and Bulletin.*

Mr. Thomas Beaver of Danville, an uncle of Governor Beaver has made a proposition to the Methodist Congregation at Lewisburg that they deposit \$2,000 in bank and turn over the church and parsonage which he would remove and supplant with an elegantly designed and handsomely built structure. The News says the money was easily raised and the Van Gezer property has been purchased for \$4,000 and will be used as a parsonage, as the entire ground now covered by the church and parsonage is to be used for the new church and chapel. The new edifice is to be built of brick and trimmed with sand stone and will be the handsomest building of the kind in Central Pennsylvania. Work at removing the old buildings will be commenced at once and will be early fall the new place of worship will be completed.

**IT MIGHT BE WELL TO TRY IT.**—The Berrien Co., (Ind.) Journal has the following which, if true, will prove of great benefit to farmers who own hogs and whose porkers have been attacked by hog cholera. The article says: "A farmer over in Van Buren county (Mich.) thinks he has found a sure preventive against the death of hogs by so called 'cholera.' He explains it thus: 'Between the front teeth and the grinders, there is a space of three inches and in this space under the gum of every diseased hog will be found a pocket of poisonous substance. To remove this take a cold chisel and hammer and cut this pocket of poison out. He said that previous to adopting it he had lost 73 hogs, and since adopting it he has not lost a single hog, and those of his neighbors who have tried the same operation report the same favorable results. As everything else has proven worthless, it certainly will not be very expensive to make the experiment.'

**TRIBUTE OF RESPECT.**—The following resolutions were adopted by the Women's Mite Society of the Lutheran Church in Middleburg, Pa., March 28, 1888.

**WHEREAS,** It has pleased our heavenly Father to remove Rev. J. P. Shindel from the church militant to the church triumphant. And whereas Rev. Shindel was an honorary member of our society and his contributions and words of counsel and encouragement greatly aided us in our work for the Lord's cause therefore

**Resolved,** That in the death of Rev. Father Shindel our society has lost a true and faithful friend and supporter and that we will cherish the memory of his Christian life and of the zeal which he manifested in our noble cause.

**Resolved,** That we extend our deepest sympathy to the bereaved family and trust that our heavenly Father will comfort, sustain and guide them in their bereavement, and at last bring all into our Father's house in heaven.

**Resolved,** That these resolutions be recorded in our minutes and that they be published in the Middleburg Post, and that a copy be sent to the widow.

MRS. KATE E. BARBER,  
MRS. HATTIE W. SMITH,  
Committee of Society.

**TROXELVILLE.**—I send you here a few items of news—if acceptable I will write again, if not fire 'em in the waste basket. (Always welcome—Ed. Post.)

Our farmers are plowing around. Millard Schambach moved to Union county on Mr. Klecker's farm, and Charles Moyer moved on the farm vacated by Mr. Schambach.

Isaac Lepy intends putting up a new house in town this spring.

Philip Ockers is putting on the finishing strokes on his new house. A. J. Crosgrove has the job.

Our old friend James Wagner intends moving in our midst again. Welcome Jim.

J. E. Fetterolf has moved into Harrison Bringer's house until his new house is finished.

Our jovial Constable Davy, last week experimented on the effects produced on a circular saw when brought in contact with a piece of cold iron on Mr. Wiend's stove mill. The effects were startling to the extreme, and when the fire began to fly Davy turned red, then white and then fainted. Moral.—Don't fool with a buzz-saw.

Tom Sawyers, our famous bear fighter, intends moving into Henry Hartman's house.

I wonder what keeps some of our married country-men so late in town some nights. Boys, what say you in the matter?

Ten more days, dear Tom, and the trout season opens.

Isaac Swartz intends putting up a new house and barn a little east of town.

Fetterolf & Raue's exhibition came off grandly—a good house and "slatners" of fun. "Dixie" would make an elegant darkey if he had a little more lip.

**WANTED.**—A small, active boy to dig angle-worms as soon as the trout season opens. Address

**Useless and Dangerous Animals.**

It is a consolation to know that while man's selfishness, as well as idiotic folly, is obliterating the elk, antelope and buffalo, as well as depopulating the streams of finny inhabitants, a great deal is also done annually to rid the world of thousands of a useless and dangerous sort. Twenty thousand rabbits the other day were corralled, by men, women and children, in one of the valleys of California, and killed. Thousands more are corralled, but the rabbits were sufficiently reduced to make agriculture possible for the coming year. There is no section of the civilized world where man fails now to fairly cope with dangerous animals, unless it be with the snakes of southern Asia.—*Globe-Democrat.*
