Many young children become possibly repulsive with sore eyes, sore throats, and scald head. Such afflictions may be speedily relieved by the use of Ayer's Sarsaparilla. Young and old alike experience the wonderful benefits of this medicine. Queen Victoria has a remarkably good head of hair, for a lady of her age, but her son, the Prince of Wales, is quite bald. Had he used Ayer's Hair Vigor earlier in life, his hair, to-day, had been as well covered as that of his royal mother. It's too late yet.

October is here, the month of the ancients called it, and good, because it was the period when the cattle were generally slaughtered. As the elements are now gales and blizzards sweep the land at all seasons, and the demands of population compels a constant slaughter of cattle.

Among the newspapers which supped in Cleveland is Harper's Weekly. ONE BLACK DROP.—BYRON was wise when he wrote, "A drop of Ink may make a million think." This is indeed true when the black fluid is used to enlighten the world on the merits of Dr. Pierce's Golden Medical Discovery. Let consumptives everywhere hear the glad tidings. Try it all, who breathe with pain and toss in fever through the long night hours. You will find the cough gone and sleep as balmy as a child's will visit your pillow. You will thank the drop of ink that brought the message of mercy to you.

A VALUABLE REMEDY.—Brandreth's Pills purify the Blood, stimulate the Liver, strengthen the Kidneys, regulate the Bowels. They were introduced in the United States in 1835. Since that time over fifty millions of boxes of Brandreth's Pills have been consumed.

Time is fast thinning our ranks, therefore let us keep fresh in our hearts that Fraternity, Charity and Loyalty which was engendered by our fellowship in the times that tried men's souls.
