HOME AND FOREIGN JOTTINGS.

SECRETARY NOBLE'S LETTER ON THE CHEROKEE QUESTION. In which he intimates that a strip would soon be open to settlement, and general rejoicing among the settlers on the border of the land.

The United States man-of-war Galena, in New York bay, was floated again several hours later.

A syndicate has been formed to furnish money with which to open a new steam-boat line between Chicago, Milwaukee, Gladstone and Owen Sound, which indicates that the Canadian Pacific will soon have a line into the West.

J. Newald, who absconded from Chipewyan Falls, Wis., several months ago, with \$100,000, has been located in Brazil.

The first snow of the season fell in West-Nbraska Tuesday night and Wednesday in some places it was so heavy that it was delayed in consequence.

Dr. J. J. Satter went from San Jose, Cal., to Chicago, Ill., to effect a reconciliation with his wife, who had left him, but failing to do so, he shot himself through the heart.

Postmaster T. W. D. Phillips, of Burlington, R. I., has become insane because he was removed from his post-office which he had held for many years.

Two cases of Typhoid fever are reported from New York.

John Nott, held for burglary, escaped jail at Groenburgh, Pa.

CONDITION OF TRADE.
R. G. Dun & Co.'s Weekly Review of Trade says: Money has been working closer during the past week, falling to 4 per cent. last Saturday, but then rising steadily to 9 per cent., even more being paid in some cases. The foreign situation has not essentially changed, the Bank of England having gained \$1,640,000 for the week, while the Bank of France lost \$380,000. The exports for four weeks at New York have exceeded last year's by 13.6 per cent., but an enormous increase in cotton exports does not there appear; the increase in imports here has been about 8.5 per cent. for the month.

The volume of business continues very large, though signs of a reaction begin to appear at some of the larger centers of distribution. Thus the gain of 9 1/2 per cent. in exchanges at New York last week was due to stock operations, and the clearings at Boston fell below last year's again, and at Boston, Philadelphia and Chicago together the increase was but 2.4 per cent., but at all other points together it was over 10 per cent. While the Treasury has paid out about \$1,040,000 more than it has taken in since last week, the supply at interior markets does not seem as satisfactory. Liquidity in trust stocks continues, particularly in Cotton Oil, which has been heavily sold at a severe decline.

Speculation in bread stuffs has advanced wheat 1/2, and corn 2/3 cents on sales of 25 and 10,000,000 bushels respectively. Oil has advanced 3/4 cent, oats 1/2 and cotton 1/4, notwithstanding port receipts continue larger than last year, both receipts and exports showing a gain of 40,000 bales for the week. Coffee has declined a quarter upon larger crop estimates from Brazil. The sugar market is only nominal. Coal has been stiffened by cooler weather, but still sells about 40c below circular prices. Wool moves more actively. The goods trade does not improve as to prices, but has a more hopeful look.

Iron and steel in all forms are in great demand and firmly held, but the feeling is expressed that the improvement has been too rapid to be maintained, and some reaction is deemed possible. The accounts from other cities are unusually encouraging. Boston finds wool more active. Philadelphia reports great activity in iron and steel. Chicago reports money becoming tighter, because of country demands. At Pittsburgh window glass has been advanced 10 per cent., and a rise in coal is expected; iron products are firm. At other points trade is fair and active for the season. The outlook continues good, though at some points the monetary situation is for the time not entirely satisfactory.

SHOT BY THEIR PRISONERS.
BLOODY WORK OF EIGHT SHACKLED APACHE INDIANS.

Sheriff Reynolds, W. A. Holmes and Eugene Middleton, while taking eight Apache Indians and one Mexican to Yuma Penitentiary were killed by their prisoners four miles from Riverside, Ariz. It happened at 5 o'clock and before daylight. The prisoners were being walked up a heavy sand-wash. The sheriff had removed the shackles from the legs of six of the Indians before they started to walk up the grade, but they were handcuffed together by the wrists in sets of two, their other hands being free.

Sheriff Reynolds was in front of the column and Deputy Holmes and the Mexican prisoner was in the rear of the column. At a signal from one of the Indians the Sheriff was seized by the two immediately back of him, while the two Indians immediately in front of the deputy wheeled about and secured his gun, with which, after killing him, they shot the Sheriff, who was being held by their companions. During the melee the Mexican prisoner ran forward to the stage, which was about 40 yards to the front, and warned the driver, Middleton. The latter drew his pistol, but was shot twice by the Indians, the first bullet ranging toward the top of his head, the other passing through the lower part of his face.

After securing the keys to the shackles and removing them, the Indians mutilated the body of Reynolds, crushing in his skull in a horrible manner. Then they disappeared. Middleton, after recovering sufficiently, walked back to Riverside and gave the alarm. The Mexican prisoner, after he had warned Middleton, ran toward the hills. After the Indians had left he secured a horse, rode to Florence and gave himself up. Troops have been ordered out from Apache, San Carlos, Ft. McDowell and Lowell to intercept the murderers if possible.

THE TWO DAKOTAS.
THE PRESIDENT'S PROCLAMATION ADMITTING THEM TO THE UNION.

The President on Saturday issued proclamations admitting to the Union the States of North Dakota and South Dakota. The proclamations are almost identical in language.

At 4 o'clock in the afternoon Secretary Blaine sent the following telegram to Govs. Mellette and Miller, of North and South Dakota:

"The last act in the admission of the two Dakotas as States in the Union was completed Saturday afternoon at the Executive Mansion at three o'clock and 40 minutes by the President signing at that moment the proclamations required by the law for the admission of the two States. The articles on prohibition, submitted separately in each State, was adopted in both. The article providing for minority representation in South Dakota was rejected by the people. This is the first instance in the history of the National Government of twin States. North and South Dakota entered the Union at the same moment."

A Berlin jeweler has just completed six gold garters set with diamonds for the Princess Sophia, of Germany, whose marriage with the Duke of Sparta will soon take place. The articles have been made to signalize the survival of an ancient costume. In olden times the best man at a German wedding was allowed to remove the bride's garter or when she retired and keep it as a souvenir of the ceremony. The cable, however, states that the custom on the coming occasion will be commemorated in "modified form," and the enterprising Jenkins need not be on the qui vive for such an incident.

The New York Club won the series of games with the Brooklyn Club—the former representing the League and the latter the American Association—for the world's championship. Score, six games to three.

It seems to be settled fact that a large body of colored colonists will be given a tract of land by the Mexican Government.

WITH A GILT SPADE.
Dr. Talmage Breaks Ground for the New Tabernacle.

The ceremony of breaking ground for the new Tabernacle, to be erected in Clinton and Greene avenues, in Brooklyn, attracted a large number of spectators. The exercises consisted of singing, prayer, reading the Scriptures and addresses. Dr. Talmage presided, and also turned over the first sod with a gilt spade.

THE TABERNALE BEFORE THE FIRE.
A gilt spade. The top of the iron part of the spade, as well as the handle, was covered with blue plush. Among the ministers who participated were the Rev. Dr. Lyman Abbot, the Rev. Dr. Ingersoll, the Rev. John D. Wells, and the Rev. Dr. Torrance. Dr. Talmage made an address, in the course of which he said:

"We put our church here because it is as near as we can get to the centre of our congregation. We were central when we planted our former church where it was, but Brooklyn moved on and moved up and moved out. Treasurer John Wood said it would be one of the largest and most imposing churches in the world. The regular seating capacity would be more than 5000, and by throwing open the Sunday-school rooms there would be accommodations for 2000 more. The insurance companies affected by the late fire have settled with the trustees for \$115,000, which will about pay for the ground for the new building."

The building that was burned down was dedicated February 22, 1874, and was known as the largest Protestant church in America. Since then other large churches have been erected, but now it is very probable that the new church will be the largest and most beautiful in the country.

THE LABOR WORLD.
Boston's electricians are going to start a union.

MANY Southern unions are composed altogether of colored men.

The National Association of Stationary Engineers has now 4311 members.

The eight-hour rule is observed by the Cincinnati Board of Public Works.

ONE HUNDRED type-writers will be employed by the United States Census Bureau.

The Knights of Labor claim that 8100 men joined their order during August and September.

THERE are good prospects for the project of forming an International Wood Workers' Federation.

TWO-THIRDS of the cigar dealers of San Francisco have pledged themselves not to sell cigars made by Chinamen.

The eight-hour movement has been started in Albany, N. Y., the teachers unions and the Knights of Labor cooperating.

FIVE assemblies of the Knights of Labor in Cincinnati have joined the International Boot and Shoe Workers' Union.

The journeymen tailors' strike in Chicago, which lasted five days, has been declared off, and the men have returned to work.

STENOGRAPHERS in St. Louis complain that their situation is threatened by the competition of convict stenographers in Illinois.

J. J. GIBBON, candidate of the miners and other workmen, has been elected Mayor of Streator, Ill., after an exciting contest.

IN New Hampshire working children between the ages of 14 and 16 years are compelled to go to school three months of the year.

A UNION of machinists is to be formed at Indianapolis, Ind. The bookbinders' Assembly of that city is going to reorganize as an open union.

The Brotherhood of Painters and Decorators has 7000 members enrolled in 136 local unions. The receipts last year were \$4001, expenses, \$2099.

The silk trade in England is threatened by France, which is running up a large number of silk mills and producing some of the finest work in the world.

BROOKLYN has the largest and best appointed labor hall in the country. It is owned and managed by workmen. It is known as the Labor Lyceum.

TRADE is very good in the iron and steel industry at Youngstown, Penn. All the mills are running at full blast and no one is idle who is willing to work.

A FRENCH letter, which reached the office of the American Federation recently, states that a number of unions in Paris have begun to agitate for an eight-hour workday.

OVER seven hundred men are now employed at the granite quarries of West Sullivan, Me. The product of the quarries averages from three to four millions of paving blocks a year, besides other work.

The strongest labor organization in the United States is the Flint Glass Workers' Union. There are 6000 flint glass workers in the country, and all are union men with the exception of less than 100.

IN 1870 there were 739,167 children under sixteen years of age at work in factories in the United States; in 1880 they had increased 1,118,356, and it is believed that in spite of factory laws there are more than ever of children employed.

AN investigation lately made into the condition of colored labor in the South in blast furnaces, rolling mills, iron works, mines, lumber mills and similar industries showed that 8000 colored people were so employed. Of these 2500 are skilled workers.

THE latest scheme to relieve the employer from liability in the case of injury to an employe is the design of an insurance company in London. The workman takes out an accident policy and the premium is paid from his wages. He also signs a contract indemnifying his employer.

A NUMBER of years ago attempts were made to make paper in Ireland out of peat moss, but the results were not satisfactory. A new process has just been discovered by which good paper can be made out of this material, and experiments on a large scale will be made to show its practicality.

IN the Isle of Man, which is in the Irish Sea, there are large lead mines, which are believed to be very ancient, and employ half the population of Laxey, the village in which they are situated. The men work for very small wages, but are contented. The largest water-wheel in the world is at these mines, and is used to ventilate the mines. It is visited as a curiosity by excursionists.

IT DON'T PAY
To experiment with uncertain remedies, when afflicted with any of the ailments for which Dr. Pierce's Golden Medical Discovery is recommended, as it is so positively certain in its curative effects as to warrant its manufacturers in guaranteeing it to benefit or cure, or money paid for it is returned. It is warranted to cure all blood, skin and scalp diseases, salt-rheum, tetter, and all scrofulous sores and swellings, as well as consumption (which is scrofula of the lungs) if taken in time and given a fair trial.

Don't hawk, hawk, hawk, spit and disgust everybody with your offensive breath, but use Dr. Sage's Catarrh Remedy and end it.

There are more than 200 lawyers practicing in Seattle, Wash.

You wear out clothes on a wash board ten times as much as on the body. Now, Scotch, Buy Dobbin's Electric Soap, your grocer and save this use as wear. No one ever since 1864. Don't take imitation. There are lots of them.

Oats are selling for five cents a bushel in some parts of Kansas.

Consumption, Scrofula, General Debility, Wasting Diseases of Children, Chronic Coughs and Bronchitis, can be cured by the use of SCOTT'S EMULSION OF PURE COD LIVER OIL WITH HYPOPHOSPHITES. Prominent physicians use it and testify to its great value. Please read the following: "I used Scott's Emulsion for an obstinate Cough with Hemorrhage, Loss of Appetite, Emaciation, Sleeplessness, and All these have now left me, and I believe your Emulsion has saved a case of well-developed Consumption."—T. J. FINDLEY, M. D., Louis Star, Texas.

In Boston during certain months cabbages are sold by weight.

A man who has practiced medicine for 40 years thought to know just from sugar read that he says:

Toledo, O., Jan. 10, 1887.

Messrs. P. F. Cheney & Co., Gentlemen—I have been in the business of practicing medicine for most 40 years, and would say that in my professional and experience, have never seen a practitioner that has cured a case of Catarrh of the Eye, as well as a case of Catarrh of the Ear, with such confidence of success as I can testify to your Catarrh Cure, manufactured by you. Have prescribed a great many times and its effect is wonderful, and would say in confidence that I have not to find a case of Catarrh that it would not cure, if they would take it according to directions.

Yours Truly,
L. L. COCHRAN, M. D., 215 Summit St., Toledo, O.

We will give \$100 for any case of Catarrh of the Eye, that cannot be cured with Hall's Catarrh Cure. Taken internally. P. F. CHENEY & CO., Proprs., Toledo, O. Sold by Druggists, etc.

Oregon, the Paradise of Farmers.
Mild, equable climate, certain and abundant crops. Best fruit, grain, grass and stock country in the world. Full particulars of Oregon Oregon Immigration Bureau, Portland, Ore.

If afflicted with sore eyes use Dr. Isaac Thompson's Eye-water. Druggists sell at 25c per bottle.

We recommend "Tansil's Punch" Cigar.

Catarrh in the Head
Cures in scrofulous taint in the head. Hence the proper method by which to cure catarrh is to purify the blood. Its many disagreeable symptoms and the danger of developing into brain-disease or that terrible fatal disease, consumption, are entirely removed by Hood's Sarsaparilla, which cures catarrh by purifying the blood. It also tones up the system and greatly improves the general health. Try the "peculiar medicine."

"I have used Hood's Sarsaparilla for catarrh with very satisfactory results. I received more permanent benefit from it than from any other remedy I ever tried."—M. E. REAR, of A. Head & Son, Waukegan, Ohio.

Hood's Sarsaparilla
Sold by all druggists. Price, six for \$1. Prepared only by C. I. HOOD & CO., Apothecaries, Lowell, Mass. 100 Doses One Dollar

HEADACHE
Guaranteed to cure any kind of headache in five minutes. These capsules relieve all cases of headache, neuralgia, or other nervous ailments. Sold by all druggists. Price, six for \$1. Prepared only by C. I. HOOD & CO., Apothecaries, Lowell, Mass. 100 Doses One Dollar

Shadowed by Three. By L. L. Linn, 470 pages, 55 full-page illustrations. A fascinating, exciting, detective story, a great novel. Largest and best books ever sold for price, only 25 cents. Single copies 10 cents. Address ALMA T. LLOYD & CO., Lakeside Bldg., Chicago, Ill.
