SHAMORIN DAM .- The election is over and by the result of this District the Democrats must not all have been out to the polls, or pervoted there. I wonder if Boonasteil wasn't working in Iowa. There must have been some cause for the change. We have some voters in this County that do not belong to any party, they vote the way their grand-daddies voted, or the way some boss wants them to vote. They are like a hog under a gate-go the way the gate swings.

There is not much astir at present There is not much astir at present since the detectives left. If all redeed. ports are true that they arrested Martin Deitrich with no more evidence against him than they produced at the hearing they should be held accountable for the ruining of Deitrich's character. We cannot see Fisher, Executor of Catharine Fisher, decid. ed at the hearing they should be how they can hold him for trial on the evidence produced if he is guilty. But we hope the guilty party may be brought to justice as soon as possible for such a murderer should not go unpunished.

Last Monday morning Ellsworth Aurand, James Kessler, Ike Zimmerman, Scott Ritter and 'Squire Gaugler started to New Berlin ridge for turkeys. They reported a grand time they returned in the evening with five turkeys, but they had quite a time to establish the stock, some looked more like tame ones than wild ones. Scott Ritter and 'Squire Gaugler seemed to be true blue stock. Scott having an old gobler weighing 18 lbs. To say that their families were delighted with having meat on their tables for a meal or so is putting it mildly

Sunday evening as two gentlemen were coming from the Ferry in a buggy their horse ran them on a bridge wall and mashed their buggy and set them out in the mud on their heads. We did not learn their names but they had better be more careful after this or they may not get through so lucky.

Grant Shuck returned home from a few days hunt with 15 pheasant, 1 rabbit and I grey squirrel. Grant knows how to knock them. Irvin Wilt and his brother Dan, are more than slaughtering the rabbits.

Jake Kessler goes hunting with two double barrelled guns and often kills a lame rabbit and sees a white Gibert.

at 10 o'clock, A. M., the following described real estate to wit:
