REVISION.

OTHER NEW CREED PROPOSED

Chicago Presbytery Discuss the Scope of Revision.

The Chicago Presbytery took up the discussion of the question of the revision of the Confession of Faith Monday morning. When the meeting held a week ago adjourned the members had answered "yes" to the first question sent down from the General Assembly, which was, "Do you desire a revision of the Confession of Faith?" and had agreed upon the report of Dr. Herrick Johnson's specifications, that the full integrity of the system, that all forms especially in their tenth chapter which convey, or seem to convey erroneous impressions or complications, and which are occasions of stumbling, be modified or eliminated" was pending adoption or rejection, and was subject to the motion of Rev. Dr. Woolsey Stryker to substitute the following.

"While sincerely honoring the We tminster symbols for what they are and have been, we desire to avow our deliberate opinion that the time is ripe for a new statement of the Christian faith which shall fully reflect the spirit of God's Word, as that Word is now reverently held by our church, a creed brief, clear, devout, evangelical, irenical, which shall give a reason for the hope that is in us and commends itself to the consciences of men as a biblical and practical expression of or concord with those holy oracles, which are the only infallible rule of faith and life."

Dr. Johnson was given the floor and spoke in favor of his second specification. He said that there was not a word about Calvanism anywhere in the speeches of those who favored putting away the old creed.

Rev. Dr. Woolsey Stryker spoke in favor of the adoption of a new creed, and for the motion introduced by him as a substitute. He pointed out the fact that the ministers had already unanimously agreed to keep the system of doctrine unchanged. Dr. Johnson's fears that they intended to do away with Calvanism were not well founded. Rev. Thomas was in favor of a new creed and said he didn't vote to keep the system of doctrine unchanged.

After long discussion, at times quite warm in character, Dr. Stryker's substitute was rejected, and Dr. Johnson's specification adopted, 48 to 21. The 21 votes were cast by the members who favored the formulation of a new creed. Dr. Stryker, Dr. Barrows and others of the minority expressed confidence after adjournment that the time would come when the Presbyterian Church would see wisdom in entirely setting aside the old Westminster standards.

California Votes Against Revision.

The vote on the question of revision of the Confession of Faith which was taken by the Presbytery of San Francisco last October, and which resulted against the revision, was considered by the Presbytery at the request of a number of members who thought they had not had sufficient opportunity to discuss the subject. The ballot again resulted against the revision vote, being 27 to 22. All the members of the Presbytery who are professors in the theological seminary voted against the revision.

By a vote of almost two to one the Philadelphia Presbytery declared against revision of the Confession of Faith. The meeting was presided over by the Rev. John Kirkpatrick. After two hours' debate the vote was taken. It resulted: For revision, 13; against revision, 42.

Nominations.

The President sent to the Senate the following nominations:

Charles Emery Smith, of Pennsylvania, to be Envoy Extraordinary and Minister Plenipotentiary of the United States to Russia.

Samuel Merrill, of Indiana, to be Consul-General of the United States at Calcutta.

J. Fenner Lee, of Maryland, to be Secretary of the Legation of the United States at Rio de Janeiro.

Harry R. Newberry, of Michigan, to be Secretary of the Legation of the United States at Madrid.

A Pastor Resigns.

Rev. S. Parkish, pastor of the First Congregational church, of Lockport, N. Y., resigned. This action was the result of the row which was engendered between two factions of the church, one opposing the admittance of members unless the candidates abstain from dancing, card playing and theatre going, and the other holding that the church has no right to dictate in these matters. The latter sided with the former, who were in the majority.

A Cashier's Peculations.

Ellis Bard, cashier of the Lincoln National Bank at Lincoln, Lancaster county, Pa., is a defaulter to the extent of $25,000. The operations have extended over a considerable period, and the money was used to assist an Ephrata firm. An investigation of the bank's affairs is now in progress. No arrests have yet been made.

At the Bottom.

All hope for the steamship Domira, which left Glasgow on December 31 in ballast for Demerara, with a captain and 15 men, has been abandoned. The Domira was due 19 days after leaving the other side. It is believed she was the vessel which the steamer Clayton saw go down.

The theory of incendiarism as the cause of the fatal fire in Secretary Tracy's house in Washington City has been exploded, an investigation revealing the fact that the felt lining about the steam heating pipes had been charred, indicating super-heated steam at the origin of the fire.

There are 686 periodical publications in Russia. Seventy-eight of them are political and news dailies, 86 are religious, 15 artistic, 36 agricultural, 82 statistical and topographical, 15 pedagogic, 13 for children, and the rest miscellaneous.

Europe has been an extraordinary epidemic of suicides in the German army lately. In one month twenty-eight officers shot themselves.

Don't Believe It!

"Americans are good customers here," said the saleman. "Those big heavy bracelets you see there are bought chiefly by publicans' wives. We sell plenty of wedding rings at 1 shilling 3 pence each."

"But marriages don't occur often—surely people can afford a few shillings once in a lifetime for a real gold ring?"

"Ah, you don't understand. These wedding rings are bought by poor people and slipped on when the real thing is at the pawnbroker's. It is not before the marriage, but after, when the rainy day comes, that those rings are bought. We sell grosses of them."

"Who are your best customers?"

"Well, there are rich women who have their own jewel sets imitated, Americans, the 'profession,' and mashers and people who have come down in the world. When these latter go away for their holidays to see their friends they don't like to show their poverty. For a few shillings they can get such a stock of jewelry that in their own towns and villages they are kings and queens."—*Pall Mall Budget.*

Western Journalism.

We have been in town only ten days, and already our warm friends, Splog Magin, the veteran mixer of the-whole-in-the-dark saloon, intimates that it is time for us to whack up and give our score on his books a blight. We would like to inquire if this is the usual practice in this community? We have done the-whole-in-the-dark honor to imbibe at its bar the greater portion of the elixir that we have absorbed since our arrival. It requires inspiration to fit one to illuminate and enlighten a community; if Splog Magin hesitates to supply the inspiring elixir, we shall either transfer our patronage and saturate our system elsewhere, or we shall decline to illuminate and enlighten the community. We certainly will not submit to being bulldozed by Mr. Splog Magin's duns or even annoyed by his hints. We are destitute of wealth; but we are heeled with gilt-edged dignity, and we will maintain our dignity untarnished.—*Kent Advertiser.*

Seal Skin Sacques, $1 Each!

This is a great offer. Just imagine the army of ladies that will besiege the store until the last sacque is gone—if the bargain is ever offered. But how much more wonderful an opportunity is that presented to every suffering woman by the proprietors of Dr. Pierce's Favorite Prescription. This remedy is a *guaranteed* cure for all those distressing ailments peculiar to the weaker sex. It is guaranteed that if it does not effect a cure money will be refunded. It is carefully compounded by an expert chemist and skillful physician, and adapted to woman's delicate organization. It is purely vegetable in its composition and perfectly harmless in its effects in any condition of the system, and is sold under a *positive guarantee* of satisfaction in every case, or money paid for it refunded.

For Constipation or Sick Headache, use Dr. Pierce's Pellets; Purely Vegetable. One a dose.

Hood's Sarsaparilla

Is carefully prepared from Sarsaparilla, Dandelion, Mandrake, Dock, Pipsissewa, Juniper Berries and other well-known and valuable vegetable remedies, by a peculiar combination, proportion and process, giving to Hood's Sarsaparilla curative power not possessed by other medicines.

Hood's Sarsaparilla

Is the best blood purifier. It cures Scrofula, Salt Rheum, Boils, Pimples, all Humors, Dyspepsia, Biliousness, Sick Headache, Indigestion, General Debility, Catarrh, Rheumatism, Kidney and Liver Complaints, overcomes that tired feeling, creates an appetite, strengthens the nerves and builds up the whole system.

Hood's Sarsaparilla

Has met peculiar and unparalleled success at home. Such is its popularity in Lowell, Mass., where it is made, that whole neighborhoods are taking it at the same time, and Lowell druggists sell more of Hood's Sarsaparilla than of all other sarsaparillas or blood purifiers. It is sold by all druggists. $1; six for $5. Prepared only by C. I. HOOD & CO., Apothecaries, Lowell, Mass.

LABOR NEWS.

Items of Interest to Workingmen.—The Eight-Hour Campaign.

Nearly 200 delegates were present at the State eight-hour meeting held in St. Paul, Minn. The first object of discussion was an expression of opinion from all trades represented as to how the eight-hour campaign should be carried on. The stonecutters, carpenters and plumbers favored immediate action, but the printers urged delay. The general opinion of other trades was that the League should become an educational body, allowing each locality to decide for itself as to the number of hours for work.

After working for two weeks the West Brookside Colliery, operated by the Philadelphia and Reading Coal and Iron Company, has stopped again for the second time during the present year. One thousand men and boys are affected. The Pennsylvania Coal Company is sinking a shaft at Bearville, which will be completed soon, and will employ several hundred men, and will largely increase the output of coal. The Williamstown Colliery, operated by this company, is working regularly and is assured of steady operations. It employs 1,300 men and boys.

The New Castle (Pa.) Wire Nail Company has been chartered. Capital, $300,000.

The Franklin Iron Works will occupy their new building, Green Island, N. Y., about May 1.

The window glass works at Bellefonte, Pa., idle for 10 months, have resumed operations.

The Gallagher Shoe Manufacturing Company, of Wilmington, has removed its plant to Childs' Station, Cecil county, Md.

Gen. B. Bard Grubb, of Edgewater Park, N. J., who purchased the Lynchburg (Va.) Furnace, is said to have paid $100,000 for it.

The Charleroi Company have secured the McKean farm, near Canonsburg, Pa., for $150,000, and intend forthwith to erect a large glass factory upon it.

All the iron mills in South Troy are running briskly, with prospects of continued activity. There are 1,800 men employed in the Burden works alone.

The Minnesota Iron Car Company, at West Duluth, is now working over 300 men, and expect to increase the force to 1,000 by the middle of the summer.

Alpena (Mich.) wants a furniture factory. There is a large body of fine hardwood timber in that section that is available for the manufacture of furniture.

One hundred and seventy-five men, employed in the Erie Railroad shops at Susquehanna, Pa., were suspended last week. Nearly all are single men, and many non-residents.

Ben Cowell, of Badger Mills, Wis., perfected the invention of an automatic car coupler about a year ago. He has just leased the use of it in the United States for $2,000 a year.

The Hon. Willis Barnes, of Charleston, Ind., has invented a little machine which is operated by clockwork, and marks automatically, on glass, 50, 60 lines on a space of an inch.

After an idleness of two months the Stony Creek Rolling Mills have resumed operations in the plate mill Tuesday. The mills, which have been undergoing repairs, employ about 75 men.

At Dover, New Hampshire, the Sheriff attached 150 machines and the stock in process of manufacture of the Dover Shoe Company's shop, for Walter S. Dickerson, sole leather manufacturer, of Lynn.

The Pusey & Jones Company, of Wilmington, has contracted to build an iron steamboat for Philadelphia parties which will be 130 feet long, 24 feet beam and 9 feet depth of hold. The steamer will ply on the Delaware river.

The Charlotte (Mich.) Common Council has voted John L. Dolson a bonus of $5,000 in consideration of his erecting a brick carriage factory, with a capacity for 300 workmen, and have the same in operation by October 1.

The Bellefonte (Pa.) glass works, which were sold by the Sheriff ten months ago, and have been idle ever since, have resumed operations. The works have been re-leased by I. T. Munsen, General Manager of the Bellefonte nail works.

It is stated on reliable authority that certain gentlemen of Monongahela City have a proposal to locate steel works there on very liberal conditions. The proposed works will form a $1,000,000 plant, and will employ 150 men at the start.

Between 700 and 800 persons are thrown out of employment by the assignment of Joseph P. Murphy, the extensive wooden manufacturer of Philadelphia. It is not yet definitely known what the liabilities and assets are, but Mr. Murphy himself estimates his liabilities at $500,000 and his nominal assets at between $600,000 and $700,000.

The total production of pig iron in the United States last year was 7,094,525 gross tons, against 6,489,738 gross tons in 1888, an increase of 1,114,787 tons, or over 17 per cent. When it is remembered that our production in 1888 was the largest in our history down to that time, the magnitude of our production last year will be more fully comprehended.

Men Without Names.

In a work upon the prisons of Siberia, M. Edgar Boulangier, a French engineer, who spent a long time in the service of the Trans-Caspian Railway, describes a strange class of beings in that country. They are the men who do not know who they are.

No doubt many of these men merely assume this ignorance, in order to mystify the officials, but their identity is in many cases totally unknown to the authorities and all their acquaintances.

The prison of Alexandrovsk, M. Boulangier says, contains several of these singular people. Now and then, driven by hunger, a vagabond comes to the prison door and asks to be taken in.

"I have come to deliver myself up," says the vagabond.

"For what reason? Who are you?"

"I don't know."

"Don't know? What's your name?"

"I have forgotten it; it was so long ago."

"Where is your passport?"

"I have none."

"Then you are a *brodiaga*—a vagabond; you have escaped from prison. What crime were you in for?"

"I have forgotten."

Nothing more definite can be got out of him. Sometimes these vagabond exiles accuse themselves of crimes that they have not committed, in order to make interesting journeys at the expense of the government. Frequently their imposture is detected after they have been transported long distances, but who they really are the authorities seldom ascertain. They are kept under surveillance, and M. Boulangier is of opinion that they sometimes really forget what their names are.

There are now fifteen places in Tokyo, Japan, where the gospel of Christ is preached weekly by persons connected with the Protestant Episcopal mission.

Beware of Ointments for Catarrh That Contain Mercury,

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, and acts directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co.

THE GERMAN AND HIS CLOCK.

The story is told of a German who took the *hands* of his clock to the maker to have them fixed, because they did not keep proper time. Of course, the clock maker demanded the *works*, as in them lay the trouble. Boils and blotches, pimples and other eruptions on the exterior tell of a disordered condition of the *blood* within. Be you man or woman, or aught else human, if you have these indications, be wise in time and take Dr. Pierce's Golden Medical Discovery. It puts the liver and kidneys in good working order, purifies the blood, cleanses the system from all impurities from whatever cause arising, and tones up the functions generally.

"Golden Medical Discovery" checks the frightful inroads of Scrofula, and, if taken in time, arrests the march of Consumption of the Lungs, which is Lung-scrofula, purifies and enriches the blood, thereby curing all Skin and Scalp Diseases, Ulcers, Sores, Swellings, and kindred ailments. It is powerfully tonic as well as alterative, or blood-cleansing, in its effects, hence it strengthens the system and restores vitality, thereby dispelling all those languid, "tired feelings" experienced by the debilitated. Especially has it manifested its potency in curing Tetter, Salt-rheum, Eczema, Erysipelas, Boils, Carbuncles, Sore Eyes, Goitre, or Thick Neck, and Enlarged Glands.

"Golden Medical Discovery" is the only blood and lung remedy, sold by druggists, and *guaranteed* by its manufacturers, to do all that it is claimed to accomplish, or money paid for it will be promptly refunded.

WORLD'S DISPENSARY MEDICAL ASSOCIATION, Manufacturers, No. 663 Main Street, Buffalo, N. Y.

$500 OFFERED for an incurable case of Catarrh in the Head by the proprietors of DR. SAGE'S CATARRH REMEDY.

SYMPTOMS OF CATARRH.—Headache, obstruction of nose, discharges falling into throat, sometimes profuse, watery, and acrid, at others, thick, tenacious, mucous, purulent, bloody and putrid; eyes weak, ringing in ears, deafness, difficulty of clearing throat, expectoration of offensive matter; breath offensive; smell and taste impaired, and general debility. Only a few of these symptoms likely to be present at once. Thousands of cases result in consumption, and end in the grave.

By its mild, soothing, antiseptic, cleansing, and healing properties, Dr. Sage's Remedy cures the worst cases. This infallible remedy does not, like the poisonous irritating snuffs, "creams" and strong caustic solutions with which the public have long been humbugged, simply palliate for a short time, or *drive the disease to the lungs*, as there is danger of doing in the use of such nostrums, but it *produces* **perfect and permanent cures of the worst cases of Chronic Catarrh,** as thousands can testify. **"Cold in the Head"** is cured with a few applications. **Catarrhal Headache** is relieved and cured as if by magic. It removes offensive breath, loss or impairment of the sense of taste, smell or hearing, watering or weak eyes, and impaired memory, when caused by the violence of Catarrh, as they all frequently are. By druggists, 50 cents.

HAIR ON THE FACE, NECK, ARMS OR ANY PART OF THE PERSON
DISSOLVED AND QUICKLY REMOVED WITH THE NEW SOLUTION
MODENE

AND THE GROWTH FOREVER DESTROYED WITHOUT THE SLIGHTEST INJURY OR DISCOLORATION OF THE MOST DELICATE SKIN. DISCOVERED BY ACCIDENT.

In Compounding, an incompetic mixture was accidently spilled on the back of the hand, and on washing afterward it was discovered that the hair was completely removed. We purchased the new discovery and named it MODENE. It is perfectly pure, free from all injurious substances, and so simple any one can use it. It acts mildly but surely, and you will be surprised and delighted with the results. Apply for a few minutes, and the hair disappears as if by magic. It has no connection whatever with any other preparation ever used for a like purpose, and no scientific discovery ever attained such wonderful results. IT CANNOT FAIL. If the growth be light one application will remove it permanently, the heavy growth such as the beard or hair on moles may require two or more applications before all the roots are destroyed, although all hair will be removed at each application. Young persons who find an embarrassing growth of hair coming, should use Modene to destroy its growth. RECOMMENDED BY ALL WHO HAVE TESTED ITS MERITS.—USED BY PEOPLE OF REFINEMENT.

Gentlemen who do not appreciate nature's gift of a beard will find a priceless boon in Modene, which does away with shaving. It penetrates the hair follicle or sac and dissolves the life principle, thereby rendering its future growth an utter impossibility, and is guaranteed to be as harmless as water to the skin. Modene sent by mail, in safety mailing cases, postage paid (securely sealed from observation) on receipt of price, $1.00. Largest size bottle, containing three times as much Modene, and sufficient for any case, $2.00 per bottle. Send money by letter, with your full address written plainly. Correspondence sacredly private. Postage stamps received same as cash. (BE SURE TO MENTION YOUR COUNTY AND THIS PAPER.)

EVERY MAN —HIS— OWN DOCTOR

By J. Hamilton Ayers, A. M., M. D.

This is a most valuable book for the household, teaching as it does the easily distinguished symptoms of different diseases, the causes and means of preventing such diseases, and the simplest remedies which will alleviate or cure. 598 pages profusely illustrated. The book is written in plain every-day English, and is free from the technical terms which render most doctor books so valueless to the generality of readers. Only $1.00, postpaid. Gives a complete analysis of everything pertaining to courtship, marriage and the production and rearing of healthy families, together with valuable recipes and prescriptions, explanation of homœopathic practice, correct use of ordinary herbs. With this book in the house there is no excuse for not knowing what to do in an emergency. Send postal notes or postage stamps of any denomination not larger than 5 cents.
