Dr. Kilmer & Co., Binghamton, N. Y.

I do not know now to express my heartfelt
thanks to you for the benefit I have received
from using your Swamp-Root Kitney Liver
and Bladder Cure. I am now 63 years old,
and have suffered almost death for about
three years. I had given up to die, but as I
profess to be a Christian man and a great believer in the prayer of the righteous, I prayed
that God would send something that would
prolong my life, and I feel thankful to Him
and you for the means that was sent. May
God spare your life many years yet that you
may hear the great good that your medicine
is doing. On the 20th day of August, 1891,
Mr. Frank Lawson, your agent at Spencer, may hear the great good tast your medicine is doing. On the 20th day of August, 1891, Mr. Frank Lawson, your agent at Spencer, persuaded me to take a bottle on trial. I have taken three bottles and it has brought out of my bladder lime or gravel, which I have saved in quantity the size of a goose egg and I now teel like a new man. May God bless you and your medicine.

I remain your humble servant,

Because She Wanted to Be Boss. Chicago, Feb. 6-Patrick Hurst this afternoon murdered his wife Helen, to whom he had been married 35 years. The crime was deliberate and cold blooded. While all their children were out of the house he went to his wife's bed where she was lying asleep, and plunged a huge bowie knife up to the hilt in her body 45 times inflicting wounds, any one of which would have proved fatal. He gave himself up. When asked why he had committed the deed Hurst replied: "I killed her simply because she always wanted her own way, and because I thought she would not take care of me when I got old."

A WHOLE VILLAGE ATTACKED

By La Grippe - Homes Descinted and Strong Mes Prestrated One Family Only Es-capes Without Serious Results - A Short History and Its Lesson.

Winona, Stark Co., Ind., Dec. 28, 1891.

During the winter of 1891 I and my family of six were taken with the La Grippe. The disease was very prevalent at that time in the village where I resided, nearly every one being sick with it. Our doctors treated as best they could, but were very unsucce-aful in the treatment of it. As soon as my family were taken sick I went to the drug store and bought six bottles of Pe-ru-na, and we all took it according to the directions given or. took it according to the directions given on the bottle; and, although our cases seemed to be more than usually violent in the outset, yet our recovery was prompt, and we were all well much somer than those who were reated by the regular physician. In the beginning of the attack we all had a violent cough, bleeding at the nose and spitting of blood, but the l'e-ru-na promptly relieved us, and we took no other mesicine during our sickness. Many people died of the La Grippe during this epidemic, and few, if any, were sick so that were sick so short a time as myself and family. After we were all sound and well again we still had one bottle of Pe-ru-na left in the house.

I can cheerfully recommend the Pe-ru-na

as a cure for the La Grippe and a general family medicine. I shall not be without Peruna in my house again unless I am ab-

The above is the unsolicited testimony of an honest laboring man. He did exactly what hundreds of other parents have done, and what hundreds of others are doing, and what hundreds of hundreds will do as soon as they find out the value of Peru-na as a family medicine. Not only did Mr. Hatfield save money by resorting to Peru-na, but his family recovered much sooner and more per

feetly than these treated in the ordinary way.
