Miss Mattie A. Cobb
of Providence, R. I.
For the terrible weakness and prostration

After the Grip, Diphtheria

Scarlet Fever, Pneumonia, Malaria, etc., Hood's Sarsaparilla has been used with wonderful success as a building-up medicine and blood purifier. For example, read the following from Miss Mattie A. Cobb of Providence, R. I., and her mother. Miss Cobb is a young lady of 18, a

Picture of Health

and promising pupil in the High School. Her father is a well-known police officer:

Messrs. C. I. Hood & Co.:

"I write to tell how much good Hood's Sarsaparilla has done for me. I had diphtheria and was sick for a long time afterward, being

Weak, Blind and Helpless

when I took one bottle of Hood's Sarsaparilla and it made me well and strong." MATTIE A. COBB, South Chester Avenue, Providence, R. I.

"As my daughter wanted to write how well she had become on Hood's Sarsaparilla, I thought I would say a few words. I think it is the

Greatest Blood Purifier

after the people. Some of my friends say 'go away with your medicine,' I said the same once, but since my daughter has taken

Hood's Sarsaparilla

my opinion has changed considerably." MRS. GEO. COBB, Providence, R. I.

Hood's Pills do not weaken the system like other cathartics, but actually tone up and give strength.

"German Syrup"

I must say a word as to the efficacy of German Syrup. I have used it in my family for Bronchitis, the result of Colds, with most excellent success. I have taken it myself for Throat Troubles, and have derived good results therefrom. I therefore recommend it to my neighbors as an excellent remedy in such cases. James T. Durette, Earlysville, Va. Beware of dealers who offer you "something just as good." Be sure insist on having Boschee's German Syrup.

The Golden Rule Wreck.

CINCINNATI, April 8.—T. J. Russell, mate of the United States snagboat E. A. Woodruff, made a careful examination to-day in a diver's suit of the sunken hull of the steamer Golden Rule, which burned last Thursday. He found the deck so crushed with coal and heavy freight that it is impossible to explore the hole to find the bodies supposed to be imprisoned there. The work of wrecking the hull will be begun at once, and that is the only way by which the bodies can be found.

CONDITION OF THE CROPS.

Prospects as Reported by Correspondents of the Chicago Farmers' Review.

CHICAGO, April 7.—The following summary of the crop outlook appears in the Farmers' Review:

Reports from our correspondents in Illinois show that plowing and spring work are now quite fairly advanced. The water supply is good over nearly the entire State. The condition of winter wheat is good in about 40 per cent. of the counties, fair in 50 per cent., and poor in about 10 per cent. Oats are being sown in two-thirds of the counties and clover in a few. Two counties report that the planting of potatoes has begun.

In **Indiana** the work of plowing and seeding is also progressing well. The water supply is abundant, and the condition of winter wheat is similar to that of Illinois. Oats are being extensively sown and some timothy and clover put in.

In **Ohio** plowing has been begun in most of the counties, but in a few the ground will not be in a condition to begin the work for one or two weeks more. The water supply is everywhere good. The condition of winter wheat is good in one-fourth of the counties, fair in two-fifths, and poor in the others. Oats and grass seed are being put in in a few counties, but in quite a number of counties no seeding has yet been done.

In **Michigan** plowing is begun in about half of the counties, but it will be one or two weeks before it will be in a fair progress in the others. The water supply is generally good, though three counties report the supply as only fair, and in two others the supply is decidedly short. Wheat is in good condition in half of the counties, where winter wheat is grown; fair in the remainder. Some grass seed has been sown, but in most of the counties there has been no seeding to amount to anything.

In **Kentucky** plowing and spring work are in progress; the water supply is good, wheat is in fair condition, grass and oats are being sown. Only four counties report no seeding yet.

All alone,

both in the way it acts, and in the way it's sold, is Dr. Pierce's Favorite Prescription for women.

It acts in this way:

If you're weak or "run-down," it builds you up; if you suffer from any of the painful disorders and derangements peculiar to your sex, it relieves and cures. It improves digestion, enriches the blood, dispels aches and pains, brings refreshing sleep, and restores flesh and strength. For all functional weaknesses and irregularities, it's a positive remedy. Hence,

It's sold in this way:

It's *guaranteed* to give satisfaction, in every case, or the money paid for it is refunded.

They're the smallest, the cheapest, the easiest to take.

But all that would be nothing, if they weren't also the *best* to take.

Dr. Pierce's Pleasant Pellets prevent and cure Sick Headache, Bilious Headache, Constipation, Indigestion, Bilious Attacks, and all derangements of the liver, stomach and bowels.

What Climate, Neglect and Want of the Proper Medicine Will Do.

There are some things which are as sure as fate and can be relied on to occur to at least one half of the human family unless means are taken to prevent: First, the climate of winter is sure to bring colds second, colds not promptly cured are sure to cause catarrh; third, Catarrh, improperly treated, is sure to make life short and miserable. Catarrh spares no organ or function of the body. It is capable of destroying sight, taste, smell, hearing, digestion, secretion, assimilation and excretion. It pervades every part of the human body—head, throat, stomach, bowels, bronchial tubes, lungs, liver, kidneys, bladder, and sexual organs. Catarrh is the cause of at least one-half of the ills to which the human family is subject. Is there no way to escape from it? There is. Peruna never fails to cure a cold. Peruna never fails to cure catarrh in the first stage. Peruna cures catarrh in the second stage in nine cases out of ten. Peruna cures catarrh in its last and worst stages in the majority of cases, and never fails to benefit every case, however bad. Peruna also cures La Grippe with unfailing certainty. A book on the cure of La Grippe and Catarrh in all stages and varieties sent free to any address by The Peruna Drug Manufacturing Company of Columbus, Ohio.
