MONG the most important points of superiority of these magnificent Pi-anos is, that longer than those of other makes they remain in tone, and that, while many instruments, which at first give satisfaction, become flat and wiry, the Shoemacker Piano is still staunch and true. It is impossible to overestimate the advantages derived from the use of the Electro-Gold Strings. The ordinary iron-wrapped or so-called white metal-plated strings, which all other mak-ers are still compelled to use, are immedi-ately affected by atmospheric action, gradually destroying the power of the strings to prolong and sustain the tone, rendering

them liable to easily snap and break. The remedy of this has been success-fully accomplished by the use of the ELECTRO-GOLD STRINGS, which are proof against rust and emit a superior quality of tone.

I do not present the Shoemacker instrumet in competition the low-priced and absurdly misnamed "cheap" Planos, this county and ad-joining ones have been flooded with: but to those who apprciate + Plano insusceptible of further improvement—an instrument to do credit to their aste - I confider the SCHOEMACKER PLANO as unexcelled by easyin the world and at the west prices, which will yield me a just p.ofit.

The Republican party was responsible for the passage of the McKinley the downfall of the attempted passage of the notorious Mills Bill, which was, in form and substance, its almost exact counterpart. The vote of the people at the polls, one month after the Bill became a law, was not a repudiation of it, but a warning to Congress to go slow in dealing with so technical and intricate a problem as one which affects directly the business interests of every workingman in the land. As a piece of Federal legislation it was and is without a parallel in the Legislative history of either America or Europe, But the framers of the McKinley Bill were not dismayed by the result of the election in 1890. They had full confidence in the Act and well knew that time would ratify the wisdom of the protective policy as enunciated in the Bill, and that its adaptation to the needs and word Republican.
