**Chicago—California.**

The Atchison, Topeka & Santa Fe Railroad has just placed a new and improved train service between Chicago and California. It is an entire new train composed exclusively of Pullman's newest cars, together with the free reclining chair car, dining car, &c. It was put on at the request of and to accommodate their large and growing Southern California traffic.

Our recent trip to the interesting South-West enables us to speak authoritatively of the beauties of that region and the advantages offered by the Santa Fe Route, and it affords us pleasure to recommend the same to those of our readers who contemplate a trip toward the setting sun.

**We use Alcohol**

pure alcohol to make WOLFF'S ACME BLACKING. Alcohol is good for leather; it is good for the skin. Alcohol is the chief ingredient of Cologne, Florida Water, and Bay Rum the well known face washes. We think there is nothing too costly to use in a good leather preservative.

Acme Blacking retails at 20c. and at that price sells readily. Many people are so accustomed to buying a dressing or blacking at 5c. and 10c. a bottle that they cannot understand that a blacking can be cheap at 20c. We want to meet them with cheapness if we can, and to accomplish this we offer a reward of

**\$10,000**

for a recipe which will enable us to make WOLFF'S ACME BLACKING at such a price that a retailer can profitably sell it at 10c. a bottle. We hold this offer open until Jan. 1st, 1893.
