An Incident in General Butler's Life.

When Ben. Butler was about 16 years old he entered the college at Waterville, Mass., now called Colby's University. It seems that he had no love for the Calvinistic doctrines which were taught to the students constantly. He further had the universal student's horror of chapel. One Sunday a professor preached a strong Calvinistic sermon, setting forth that only the elect would be saved and that only one out of a hundred professed Christians were among the elect. The next day Butler drew up a formal petition to the faculty. In pompous legal phrases he reasoned that as only one in 100 would be saved, of the 600 who assembled in the chapel each morning only six had hope of salvation. As there were nine members of the faculty, it was reasonable and courteous to suppose that the six would be of their number. As he himself was thus certainly condemned without hope to an eternal doom, he begged the honorable faculty to spare him the pangs of anticipated suffering which he got from the daily descriptions of the extent and fierceness of his foreordained tortures. For this he was reprimanded before the whole college.

H. L. Phillips, Selingsgrove's Popular Tailor.

Here is an establishment that caters to the leading trade. In selecting fabrics, only the latest styles are handled, and in cutting only the most fashionable methods are followed. All work is done with an idea to the attainment of the best results and fitting has become one of the leading features of Mr. Phillips' business. During the two years in which the business has been conducted the highest standard of work has maintained, and his reputation as a tailor has grown. The stock of patterns is ample for all demands, is culled from the leading factories of this and foreign countries and comprehends a variety sufficient to afford every one a satisfactory choice. His force of workmen employed and the management is enabled to give patrons prompt and efficient service, it is needless to say that among the Selingsgrove well dressed gentlemen in social or business life are found a large percentage of Mr. Phillips' customers, and he will try to retain his record.—Times.

We hope that success may attend the services and that the Rev. will be able to build up his congregation. Communion services were held in the M. DR. R. A. SIMPSON'S

Office No. 816 E. Market St. York, Pa.

WILL BE AT

Home Office, Jan. 1 to 10, 1893.

Eagle Hotel, Middleburgh, Pa.,

from Friday, Jan. 20, at 10 o'clock

a. m. to Saturday noon.

Dr. Simpson will examine any one who may call upon him free of charge. Knowing that hundreds are living out a miserable existence with out medical aid, some because they have passed through the "old order" without relief, and some perhaps, because they may not know where to apply, he feels justified in making these facts public, and in offering a number, will set upon these plain truths and be fully rewarded by a cure.

Our system of practice may need some explanation. The remedies are principally vegetable, discarding entirely the use of Calomel or Mercury, Tartar, Emmetic, Arsenic and Antimony because they are disconcerting agents of the worst description. We are opposed to the use of general bloodletting in any case, believing it to be injurious to the constitution and often dangerous to life.

Dr. Simpson treats successfully chronic or long standing diseases of the Head, Throat and Lungs, Kidney and Heart complaints; inveterate diseases of the stomach that have defied all other methods; those fearful diseases of the nervous system arising from whatever cause: Scrofula, Dropsy, Fits, Fever, Sores, Rheumatism, Neuritis, sciatica, ill conditioned Glands, Cancer removed without the use of the knife and cured. Asthma, Hay Fever, Rose Cold, Winter Cough, Chronic Diarrhoea, etc. All secured by this wonderful system, that too far advanced. Bone and blood diseases cured when all other methods have failed.

Ladies who are suffering with diseases strictly confined to their sex can consult the Doctor with the assurance of a speedy cure without suffering themselves. The very often unnecessary removal of the doctor particularly invites all cases that have been given up by other physicians.

TESTIMONIALS.
Mr. Heuben Grubb, of Liverpool, Perry county, Pa., had a cancer on lower lip for several months and was completely cured by the treatment of Dr. R. A. Simpson, of York, Pa.

Miss Annie Koch, of Liverpool, Perry county, Pa., had for many years a malignant ulcer on her hip near the ankle, and although under the treatment of different doctors, the sore grew worse. It was cured by Dr. R. A. Simpson, of York, Pa., in four months. No scraping of the bone or cutting.

For many years Mr. Charles Allison, of Glen Rock, York county, Pa., had a cancer on his face below the eye. Dr. R. A. Simpson, of York, Pa., removed it by his chemical process. He is now well.

Dr. Simpson invites any one who doubts any of these statements to write to the parties and ascertain for themselves. These are only a few of the many testimonials obtained. The Doctor invites correspondence from a distance. If you will enclose 4 cents in stamps, Remember the dates and call early.

SHOEMACKER CO.'S

Electro-Gold String Pianos.

AMONG the most important points of superiority of these magnificent Pianos is, that longer than those of other makes they remain in tone, and that, while many instruments, which at first give satisfaction, become flat and wry, the Shoemaker Piano is still staunch and true. It is impossible to overestimate the advantages derived from the use of the Electro-Gold Strings. The ordinary iron-wrapped or so-called white metal-plated strings, which all other makers are still compelled to use, are immediately affected by atmospheric action, gradually destroying the power of the strings to prolong and sustain the tone, rendering them liable to easily snap and break. The remedy of this has been successfully accomplished by the use of the ELECTRO-GOLD STRINGS, which are proof against rust and emit a superior quality of tone.
I do not present the Shoemaker instrument in competition with the low-priced and absurdly misnamed "cheap" Pianos, this county and adjoining ones have been flooded with; but to those who appreciate a Piano capable of further improvement—an instrument to do credit to their taste—I confidently offer the SHOEMACKER PIANO as unequalled by any in the world and at the best prices, which will yield me a just profit.
