## Franklin & Marshall

This institution offers the following Courses of Study to ladies and gentlemen:
First.—It prepares students for any College in the United States.
Second.—A Course for those preparing for teaching or business.

THE ADVANTAGES CLAIMED ARE—

First.—A sound Course of Study, dispensed by able and efficient instructors.

Second.—Classes are not permitted to be large, in order that a close relation may exist between teacher and student, and personal attention can be given. The result of which is careful training and rapid advancement.

Third.—The beautiful and healthful location, the access to large libraries, the contact with the literary atmosphere of the various institutions, and also the moderate cost.

The building will undergo extensive repairs before the opening, in the way of painting, refurnishing school-rosms and carpeting rooms for students, etc., which will add much to the already large and pleasant rooms and beautiful surroundings.

We are averse to hasty preparation, and lay great stress upon thoroughness, and I give testimonial below as a special case only, yet it indicates what can be accomplished by the direction and training received here.
