Horses are now selling at aston-ishingly low prices. There appears and has never been known to fail. If to be almost no demand for farm horses, and the prices for carriage horses are correspondingly low. At thousands of mothers who have the Tattersali sales recently prices points them. There is no danger in ran from \$1.56 to \$86, and it was giving this Remedy in large and frehard to dispose of them for any quent doses, as it contains nothing price. A West Chester gentleman G. M. Shindel, Middleburgh, and J. stated this morning that he knew a W. Sampsel, Penns Creek. horse to sell for \$50 recently that Mr. W. M Terry, who has been in \$250 was refused for last spring, the drug business at Elkton, Ky, for the past twelve years, says: "Cham-The owner would not sell last spring the past tweive years, says: "Chambergause he wanted the horse to do berlain's Cough Remedy gives better because he wanted the horse to do berlain's Cough Remedy gives better satisfaction than any other cough medicine I have ever sold." There is that for this year he sent the horse good resold to could be satisfaction than any other cough medicine I have ever sold." There is that for this year he sent the horse good a roll to quickly the other is so to Philadelphia. It was in good certain a preventive and cure for condition, and in itself as valuable cropp; no other affords so much reas it was last spring, but at public lief in cases of whooping cough. For sale it brought only the price nam-and J. W. Sampsel, Penns Creek, ed \$50.

There are several reasons given for the low prices, all of which may have something to do with the market. One is that the introduction of electric railways in small of whiskey-all of my own maketowns is leading to the use of the remain the same price. New white cars more and horses less by private whiskey, \$1.75; 16 to 18 months old, families, and hence driving horses \$2.00; 28 to 30 months old, \$2.50; 34 are placed upon the market. The to 36 months old, \$3.00, 38 to 42 street car companies of Philadelphia months old, 350; These are all fine are introducing the electric cars in- goods. Do not forget the old stand, stead of horse cars and are ceasing Empty whiskey barrels \$1.50. to buy horses, whereas they were heavy buyers in former years.

Many persons are purchasing bicycles instead of horses, and this substitute of the wheel for the horse is becoming more and more com mon with professional and busines

Latterly too the farmers hav learned to calculate what it costs t winter a horse, and they will only buy a horse this time of year whe they can procure him for a pric which, together with his keeping and the expense of taking care of hin through the winter, will not amoun to more than he would cost in th market of the First of April. Thes are among the reasons given for lov priced horses now, and the eve ready reason that hard times and a scarcity of ready money compelling men to sell aggravates the situation.
