

## THE CLERGYMAN'S STORY.

A PROMINENT MINISTER RELATES HIS REMARKABLE EXPERIENCE WITH THE GRIPPE.

BUT HE WAS AFFLICTED AND HOW HE WAS CURED—AN ARTICLE THAT EVERY ONE SHOULD READ AND REMEMBER.  
(From the *Philadelphia Item*)

Rev. Thomas L. Lewis, who resides at 245 N. 5th Street, is Pastor of the Richmond Baptist Church. He is an alumnus of Bucknell College at Lewisburg, Pa., where he attained the degree of Master of Arts. With his other work he edits and publishes *The Richmond Baptist*, a monthly journal devoted to the interests of the church. He looks upon the practical side of life, both preaching and publishing the importance of good health, and when asked to tell what Dr. Williams' Pink Pills had done for him, he went before Eugene Ziegler, a Notary Public at 2738 N. 5th Street, and cheerfully made affidavit to the following narrative:

"I began taking Dr. Williams' Pink Pills for Pale People two weeks ago this Sunday. They had come to me from a physician, and I had great trouble during that time with my eyes and head. The disease also affected my appetite and my stomach."

"In week's time the effects of the grippe were completely removed. It then continued the remedy on account of my stomach difficulty, being confident that it would remove them. I want to recommend the use of Pink pills to all those who are affected as I have seen. I believe they will build up gripper patients."

### FRENCH TROOPS SLAUGHTERED.

Col. Bonnier and Over 200 Members of His Expedition Into Africa Massacred by the Natives.

The secretary of the Colonial Department at Paris has received a telegram from St. Louis, Senegal, stating that Col. Bonnier, 11 officers and 25 privates were massacred by the Tuaregs.

Col. Bonnier with part of the French force had left Timbuctoo and gone to the westward of that place when he was attacked by the natives. The Tuaregs now threaten Capt. Philippe, who was left in command of the force holding Timbuctoo during the absence of Col. Bonnier.

Col. Bonnier left Timbuctoo on January 12. On the night of January 13 he and his column, while marching, were surprised and surrounded by Tuaregs. Capt. Nogote escaped the detachment with which Lieut. Sarda was guarding the captured tents few miles in the rear. A few native riflemen saved themselves by flight from the general massacre.

[REDACTED]

The discoverer of Dr. Williams' Pink Pills for Pale People certainly deserves the highest tribute that pen can frame. His medicine has done more to alleviate the sufferings of humanity than any medicine known to science, and his name should be handed down to future generations as the greatest savant of the present age.

Messrs. Smith, Kline & French, the well-known wholesale druggists, said that Dr. Williams' Pink Pills have an enormous sale in Philadelphia, and that from all quarters come in glowing reports of the excellent results following their use. In nearly every case the good work has been accomplished after eminent physicians had failed and pronounced the patient beyond the hope of human aid. An analysis proves that Dr. Williams' Pink Pills contain in a single tablet all the elements necessary to give new life and vivacity to the blood, and restore shattered nerves. They are an unfailing specific for such diseases as locomotor atrophy, paroxysmal paralysis, St. Vitus' dance, sciatica, rheumatism, nervous debility, after effects of in grippe, palpitation, heart, pale and sallow complexion, that feeling resulting from nervous prostration, all diseases resulting from vitiated humors in the blood, such as scrofula, chronic erysipelas, etc. They are also a specific for troubles peculiar to females, such as suppression, irregularities and all forms of weakness. They build up the blood and restore the glow of health to pale and sallow cheeks. In men they effect a radical cure in all cases arising from mental worry, over-work or excesses of whatever nature.

They are now manufactured by the Dr. Williams' Medicine Company, Schenectady, N. Y., and Brooklyn, O., and are sold in boxes (never in bulk) at 25 cents a box, or 25 boxes for \$2.50, and may be had at all druggists.

AN exchange remarks oracularly that the coming girl will cook her own food and will die an old maid. Is there a subtle connection between those two facts?

## WELCOME WORDS TO WOMEN.

Many times women call on their family physicians, suffering, as they imagine, from dyspepsia, another from rheumatism, another from heart or kidney disease, another with pain here or there, and in this way they all seem to be sent to the same-going doctor, separate diseases for which he prescribes, assuming that when, in reality, they are all only symptoms caused by some womb disorder. The suffering patient gets better, but probably worse by reason of the delay, wrong treatment, and consequent complications. A proper medicine, like Dr. Pierce's Favorite Prescription, directed to the cause would have promptly cured the disease.

Mrs. HARRY TAPPAN, of Reynolds, Jefferson Co., Neb., writes: "For two years I was a sufferer, part of the time from a pain in my back. Was racked with pain, had hysterics, was very nervous, no appetite and completely discouraged. A few bottles of 'Favorite Prescription' effected a perfect cure." Sold by all dealers in medicines.

Send by express, charges prepaid, on receipt price, \$1.50 per bottle.

**BRADFIELD REGULATOR CO., Atlanta, Ga.**

Sold by all druggists.

### GLOOM IN ENGLAND.

Great Britain's Trade Returns Show She is Losing Her Boasted Supremacy. The publication at London of the government board of trade returns for 1893 has produced a profound impression throughout the country and has deepened the gloom caused by the present commercial depression. The total imports last year were 4,569,690 pounds, compared with 4,227,703,882 pounds in 1892 and 4,354,441,264 pounds in 1891. The value of re-exports of foreign and colonial products declined last year by nearly 6,000,000 pounds as compared with 1892. Hence the country not merely imported less for its own consumption, but lost the handling of a large amount as brokers and the usual profit thereon.

The value of British exports in 1893 was 219,496,246 pounds, as compared with 227,773,033 pounds in 1892 and 247,235,150 pounds in 1891. The apparent balance against the country was 127,629,852 in 1893, against 126,406,521 pounds in 1891. One of the leaders of the Social Democratic federation declared the present condition would materially advance the cause of radicalism and Republicanism in Great Britain. Said he:

"We have lost the market of the world; thanks to capitalist greed and the war between capital and labor. Our much vaunted competition has overreached itself. We have taught our rivals the blessed principle of buying in the cheapest and selling in the least market to such purpose that they have set up business in our own lines and are never at a loss to find an Englishman who will help to ruin his country's reputation for the sake of personal gain. Individualism stands today a confessed failure, and Mammon, bankrupt, will soon have to put up the shutters."

### THE FIRE RECORD.

Col. Bonnier and Over 200 Members of His Expedition Into Africa Massacred by the Natives.

The secretary of the Colonial Department at Paris has received a telegram from St. Louis, Senegal, stating that Col. Bonnier, 11 officers and 25 privates were massacred by the Tuaregs.

Col. Bonnier with part of the French force had left Timbuctoo and gone to the westward of that place when he was attacked by the natives. The Tuaregs now threaten Capt. Philippe, who was left in command of the force holding Timbuctoo during the absence of Col. Bonnier.

Col. Bonnier left Timbuctoo on January 12. On the night of January 13 he and his column, while marching, were surprised and surrounded by Tuaregs. Capt. Nogote escaped the detachment with which Lieut. Sarda was guarding the captured tents few miles in the rear. A few native riflemen saved themselves by flight from the general massacre.

### DUN'S REVIEW OF TRADE.

There is Some Improvement in Business But It is not of a Lasting Quality. R. G. Dun & Co.'s Weekly Review of Trade, New York, says: Improvement in business still appears in many directions, but it seems to be in part balanced by loss in others. The gradual gain which began some time ago was strengthened a little by the success of the Treasury loan has scarcely answered expectations. Reports of resumption of work continue to indicate that the industries are doing more than in December and yet the record of their actual gain is disappointingly small. The marked increase which appears in offerings of commercial paper has almost wholly ceased and the accumulation of unemployed funds continues, so that increased mill rates have been taken at all points. The bond operations of advanced stocks still indicated speculation the lowest price ever known for wheat has been recorded.

Doubtless the uncertainty which remains with the tariff bill yet in the senate and currency measures of importance pending in the house has some hindering influence, but there is still seen an increase in the demand for many kinds of goods because of the exhaustion of the stock in the hands of the dealers by a consumption, which, though less than usual, is nevertheless greater than in any other country.

The volume of domestic trade does not materially increase exchanges indicating a decline. Many mills are open in the country, including 17 stores and office buildings. Loss, \$130,000, insurance about one half.

Dublin, Tex.—The Dublin Compress, valued at \$50,000. The property has been the source of litigation for some time between local parties and the consolidated company.

Mahony City, Pa.—The Merchants' hotel, Adams & Brown's drygoods store, Stern's market, Keiser's clothing store and Carl's shoe store. Loss, \$10,000, little insurance.

DeKalb, Ill.—W. L. E. wool's big stock barns with 147 Percheron horses and four trotters, also 100 tons of hay.

Detroit—The Phoenix brewery. Loss \$35,000 on stock, machinery and buildings, with but \$10,000 insurance on stock.

THE FIRE RECORD.

Piqua, O.—The Enterprise carriage works.

Loss about \$6,000. Fireman, William Miller fell from a ladder and was badly injured.

Montgomery, Mo.—The great portion of the city, including 17 stores and office buildings.

Loss, \$130,000, insurance about one half.

Dublin, Tex.—The Dublin Compress, valued at \$50,000. The property has been the source of litigation for some time between local parties and the consolidated company.

Mahony City, Pa.—The Merchants' hotel, Adams & Brown's drygoods store, Stern's market, Keiser's clothing store and Carl's shoe store.

Loss, \$10,000, little insurance.

DeKalb, Ill.—W. L. E. wool's big stock barns with 147 Percheron horses and four trotters, also 100 tons of hay.

Detroit—The Phoenix brewery. Loss \$35,000 on stock, machinery and buildings, with but \$10,000 insurance on stock.
