

CENTREVILLE.

The days are getting longer and are delightful spring days. Robins and blue bird harbingers of spring are here. Fitting time will soon be at hand. What the small boy is figuring at is, how many eggs he can eat next Sunday, Easter-day. Will the boy, or girl, tell us, next Sunday, in Sunday school, the origin and history of the easter egg? The measles are in town. No doubt they are prevalent over the county. The farmers are tuning up their utensils and making ready for their spring work. The township Auditors held their regular meeting on Monday last in Dr. Kenawel's office. The officials of the township came out O. K. and our township is in good financial standing. We had two weddings one day, week before last. If our sweet young ladies, contain each about eight pounds of sugar, as remarked by a stranger, who stopped in town the other day, we should have many more weddings in the near future. J. H. Hartman, who superintends a large steam saw-mill at Gordon Heights, spend a week with his family recently. Constable Reigel of Middleburgh was in town on business pertaining to his office. Isaac Royer of Millinburg was in town on Friday. Ex-Sheriff Bolender of Middleburgh, and Mr. Cunningham, representing a Building and Loan Association of Baltimore, did business here on Friday. Mrs. S. G. Ocker of Middleburgh visited here one day last week. H. H. Grimm, Esq., of Middleburgh, was in town on professional business several days last week. Chas. Bibighaus of Middleburgh was in town over Sunday. F. B. Boligis at Kremer, superintending the erection of a new school house. F. J. Boyer made a business trip to New Berlin, recently. L. Lebkicher and wife of Lewisburg, visited friends here over Sunday. Wm. Holland, went to Coatesville last week, where he secured a position in a sugar factory. Harvey Snook of New Berlin, visited here over Sunday. Valentine Walter and wife are visiting in Shenandorh. S. F. Sheary paid Lewisburg a business visit on Monday.

PORT TREVORTON.

Two gigantic turbine wheels have been placed in position in Bogar's dig, while the larger tips the beam at 8,500. Daniel Snyder is at work taking down the wall in front of his house. He will then terrace the lawn which will materially improve the property in appearance and value. F. F. Wierman, the chief engineer of the Penn'a canal, was in town last week. He is authority for the statement that the canal will be ready for navigation in a few days. The Ladies' Mite Society contemplate having an apron party on Saturday evening. There will be plenty of Easter eggs and fun. A certain man who has been a resident of our town for less than a week, says he has heard more political discussions in this time than he heard in all his life in Chapman. "Poor Chack," was the pathetic ejaculation of the sorrowful master as he tenderly tucked the turf around the rigid form of his faithful dog. Jack, like a great many more dogs, gave up his life for fear of the assessor. We have quite a number of inventors in this section, but the only one who has yet materialized anything other than boatman's yarns is J. J. Charles. The result of his ingenuity and perseverance is a cylindrical coal screen, 6 feet in length and one and one-half feet in diameter. A patent has been applied for. It is a marvel of beauty and utility. John shovels in the culm, Bobby turns the crank and the pure black diamonds roll out at the rate of one dollar and fifty cents per ton.

The strongest recommendation that any article can have is the endorsement of the mothers of the town. When the mothers recommend it you may know that that article has more than ordinary merit. Here is what the Centerville, South Dakota, Citizen says editorially of an article sold in their town: "From personal experience we can say that Chamberlain's Cough Remedy has broken up bad colds for our children. We are acquainted with many mothers in Centerville who would not be without it in the house for a good many times its cost, and are recommending it every day." 50 cent bottles for sale by G. M. Shindel Middleburgh, Dr. J. M. Sampsel, Penns Creek, Pa.

Three days is a very short time in which to cure a bad case of rheumatism; but it can be done, if the proper treatment is adopted, as will be seen by the following from James Lambert, of New Brunswick, Ill.: "I was badly afflicted with rheumatism in the hips and legs, when I bought a bottle of Chamberlain's Pain Balm. It cured me in three days. I am all right to-day; and would insist on every one who is afflicted with that terrible disease to use Chamberlain's Pain Balm and get well at once." 50 cent bottles for sale by G. M. Shindel Middleburgh, J. M. Sampsel Penns Creek, Pa.

"The people of this vicinity insist on having Chamberlain's Cough Remedy and do not want any other," says John V. Bishop, of Portland Mills, Indiana. That is right. They know it to be superior to any others for colds, and as a preventive and cure for croup, and why should they not insist upon having it. 50 cent bottles for sale by G. M. Shindel Middleburgh, J.
