What Was on His Mind. The Hartford Post records a strking instance of preoccupation which

occurred in that city not long ago. A teacher in one of the public schools asked her pupils to write a sentence containing the pronoun "l." A small colored boy responded thus: "My mother made a shortcake. It was so short I didn't get any of it."

How Very Belightful.

"What charming weather," we all say in the opening days of the early spring then off go the wraps and up go the windows to let the balmy air come in-with it comes in numerous things that ought to be kept out. We feel sore from stiffened limbs, and many go tottering around with lame backs. Mr. Harry Williams, Greenville, Cal., under oath writes on this subject as follows "A lady sulfered so severely with pains in the back for two days that she could not sit up. One application of St. Jacobs Oil gave the sufferer a good night's rest, and in the morning sha was well." That was charming,
