WELL DRESSED PEOPLE.—It is a matter of common remark, that the best dressed folks seen on the streets, are those who buy of me. I give my utmost attention to selecting the up-to-date styles. You might go to New York or Chicago and see bigger stores and pay bigger prices, but you couldn't get later styles.

A writer from Holidaysburg says: This bit of reminiscence may not run amiss. On October 5, 1835, the snow covered the ground to the depth of eighteen inches. The teachers of this county should not forget that Pennsylvania Forestry Association have offered prizes of \$50 and \$25 for essays on the practical value of forests to members of county institutes. Here is a chance not only to make a little money, but what is better, to become acquainted with an important subject which should be taught every child in the public schools.

It is contrary to law, and has frequently been so decided by the courts, for any member or members of any board or body of public officials to contract with any of their number to do labor, hauling, or to be interested in any purchase or contract by such board or body, directly or indirectly. The labor, contracts, etc., must be by persons outside. To be interested in any such work, purchase or contract, by such a member is a criminal offense. The law does not permit such officials to make contracts with themselves and for their benefit. Boards of officials should make a note of this important fact, that they dare not engage one of their number to do certain things in which there is wages or profit, because it invariably leads to corruption.
