WHAT YOUR FINGER TELLS

square Type.

The thumb is an infallible index of character. The Square Type indicates a strong will, great energy and firmness of nerve.

The Conical Type indicates a Spindled Type, the thumb of those of advanced ideas and business ability. Both of these types belong to the manly man, woman and Demorest's Family Magazine prepares especially for such persons a whole volume of new ideas, condensed in a small space so that the record of the whole world's work for a month may be read in half an hour.

The Conical Type indicates refinement, culture, and a love of music, poetry, and fiction. A person with this type of thumb will thoroughly enjoy the literary attractions of Demorest's Magazine. The Artistic Type indicates a love of beauty and art, which will find rare pleasure in the magnificent picture of roses, 16 1/4 x 24 inches, reproduced from the original painting by De Longpre, the most celebrated of living flower-painters which will be given to every subscriber to Demorest's Magazine for 1895. The cost of this superb work of art was \$350.00; and the reproduction cannot be distinguished from the original. Beside this, an exquisite oil or water-color picture is published in each number of the Magazine, and the articles are so profusely and expertly illustrated that the Magazine is, in reality, a portfolio of art works of the highest order. The Philosophic Type is the thumb of the thinker and inventor of ideas, who will be deeply interested in those developed monthly in Demorest's Magazine, in every one of its numerous departments, which cover the entire artistic and scientific field, chronicling every fact, fancy, and feat of the day.

Demorest's is simply a perfect Family Magazine, and was long ago crowned Queen of the Monthlies. Send in your subscription; it will cost only \$2.00, and you will have a dozen Magazines in one. Address W. JENNINGS DEMOREST, Publisher, 10 East 14th Street, New York.

Though not a fashion magazine, its perfect fashion pages, and its articles on family and domestic matters, will be of superlative interest to those possessing the Feminine Type of Thumb, which indicates in its small size, slenderness, soft nail, and smooth, rounded tip, those traits which belong essentially to the very one of whom should subscribe to this magazine. If you are unacquainted with the magazine, send for a specimen copy free, and admit that seeing these THUMBES has put you on the way of giving money by finding in one everything to satisfy the literary wants of a family.
