All arrangements are completed for a big time here on Friday. The Republican club convention will be held in the afternoon, the parade at 7 o'clock and the mass meeting to follow. Grow to meet him in joint discussion of the tariff question. Mr. Grow would wipe up the floor with Cornelius in just one minute, but he won't do it. He has more important business on hand. Smith will probably now allege that Mr. Grow is afraid to meet him, says the Montrose Republican. Chauncey Wheaton, "a well-to-do" farmer of Bradford County, who has been getting along very well without spending money for newspaper subscriptions, was visited by two enterprising sharpers on Saturday, and after talking some time about buying his farm, and by displaying much ready cash they induced him to go into a certain game of cards, and finally the sharpers got away with \$5000 of his cash, he being his own banker. A novel suit has been brought in Justice Meyers' court at Bridgeton, N. J. to recover a debt. One day last week while sitting in a cigar store William T. DuBois, a prominent cigar dealer, was engaged in conversation with Postmaster A. S. Laning, who offered him \$10 if he would keep his mouth shut half an hour. DuBois kept silent for an half hour, and then presented a bill, Laning refused to pay the bill, so DuBois entered suit before the Justice of the Peace for the money. Witnesses have been subpoenaed to appear. Hoke Smith is using the Post-masters as spies. His scheme was exploded through a Republican Postmaster in Ohio who received a copy of the following letter by mistake. This is a mean and cowardly act to deprive the soldier of his pension. The letter reads as follows: DEAR SIR: Communications in respect to pensions will be held as confidential if requested, or if the nature of the communication is such that it ought not to be told. Yours very truly, WILLIAM LOCHREN, Commissioner.

OUR CONGRESSMAN. Republican Day.

The arrangements for Republican Day in Middleburgh on Friday are about completed. The Club convention will be called at 3 o'clock in the afternoon. The Address of welcome will be delivered by Geo. W. Wagenseller. Addresses will be delivered by Chas. W. Herman and a representative from each club, the speaker to be selected by the club represented. The names of the club representatives have not been sent to us yet, so we can not give them. The parade will take place at 7 o'clock under the direction of Dr. J. W. Orwig, Chief Marshall and his assistants. The mass meeting will be held in the court house after the parade. This meeting will be addressed by Hon. James Biery, Ex-Congressman of Pennsylvania, having served in the 43rd Congress. Hon. Isaac B. Brown and Howard L. Calder, Esq., of Harrisburg and Prof. C. W. Herman, the nominee for Assembly. A special train will be run from McClure to Middleburgh and return. If the voters from the East End will warrant, the train will run also from Selingsgrove to Middleburgh and return. Get Out the Vote. All that is needed to win an immense Republican victory this month is to get out the vote. Not a single Republican voter should remain at home. If ever, in the history of the county, it has been the duty of every man to vote that time is this year. It is not necessary for us to state why. The facts have come home to each man in Snyder County. He knows from experience. Let every committeeman and sub-committeeman go actively to work at once, as little time remains, and see every voter in his district and make arrangements to get him to the polls. Teams should be given to get out the aged and infirm and every exertion possible put forth to have every vote cast. The result should be as great and pronounced as possible and no stone from now on should be left unturned that will bring about that end. To work, Republicans, should be the cry all along the line. Vera Hagey, a three year old child of Williamsport, was abducted in Sunbury on Sunday by her father Charles Hagey and Walter Myers, a lad of 15 summers. Myers was arrested at Watsontown on Monday morning. Hagey and the child were seen at Watsontown but were not captured. Snyder county will this year elect as member of the State Assembly a man who will be heard from at Harrisburg. His name is C. W. Herman late Superintendent of public schools of that county. Herman is a man who has probably devoted as much time to the study of Civil government as any man of his age in the state. He is a graduate of Bucknell, is a close observer and a hard student, possessed of a penetrating mind which never rests on the surface but always dives down to the bottom where the rarest jewels are found. He will raise Snyder county to an intellectual level with the best of them.—Tom Harter in Keystone Gazette.

Elections this Month. On the 6th of November congressional elections will be held in all the states, and state elections will be held in California, Colorado, Connecticut, Delaware, Idaho, Illinois, Indiana, Iowa, Kansas, Massachusetts, Michigan, Minnesota, Missouri, Montana, Nebraska, Nevada, New York, New Hampshire, North Carolina, North Dakota, Ohio, Pennsylvania, South Carolina, South Dakota, Tennessee, Texas, Wisconsin, Washington, and Wyoming. Fullstate tickets will be voted for, except in Indiana, Iowa, Missouri, Montana, New York, North Carolina, Ohio, and Washington, in New York a governor and lieutenant governor and judges will be voted for, and in the others minor officers and judges will be elected. The populists have full state tickets in every state except in Nebraska and South Carolina. In the former there has been a democraticpopulist fusion, and in South Carolina there is no populist ticket. In North Carolina and North Dakota the republicans and populists have fused. In Nevada the silver men have a ticket in every state with the exception of Nevada and Tennessee. Alabama, Arkansas, Florida, Georgia, Oregon and Vermont have already held their state elections. Louisiana, Maryland, Mississippi, New Jersey, Rhode Island, Virginia, and West Virginia, will not hold state elections this fall. Result of A New Religion. Three suits, three generations of husbands from their wives and at least a dozen broken marriage engagements are the result so far of a new religio being read by Rev. W. J. McCrory, of Free Presbyterian Church, of Rochester, Pa. For preaching the practical application of the Biblical laws concerning unequal marriages he was dismissed by the Presbytery. He continued to preach about "sanctification on earth," and turned the heads of many women who thought their marriage relation a sin. The preacher has created a great sensation all over the Beaver Valley by his war against cupid and in favor of celibacy. Dr. McCrory firmly believes—and he backs it with an unlimited amount of Scripture—that his doctrine is necessary to salvation. On this belief he preached sermons that struck home in his former Bridgewater Presbyterian congregation. It is the application of this doctrine of sanctification to the practical side of intermarriage that led to the rumpus which now furnishes gossip for the entire Beaver Valley. The minister based his statements on a portion of the verse of the sixth chapter of the second Epistle to the Corinthians, which reads: "Be ye not unequally yoked together with unbelievers; for what fellowship hath righteousness with unrighteousness and what communion hath light with darkness?" JILTED BY YOUNG WOMEN. The preacher's utterances created a great sensation. By the young people they were accepted as an outspoken declaration of Biblical grounds for celibacy. By those whose cases tally with the example used by the minister it was looked on as the explanation of a plain duty—the renunciation of the marital vow. Those acquainted can point to a dozen cases where well-to-do and worthy young men have been "jilted" by young women of McCrory's church because they who have been married for years and are mothers of families have also accepted the doctrine and separated from their husbands. Another known case is that of a husband who has given notice to his wife that he will no longer live with her. The fraud in the assessors' lists of Phila. falls upon democratic officials.

COUNTERFEITERS IN OUR COUNTY. John Zimmerman and Others Work their Operations Near Oriental for Eight Years. News reached here on Saturday evening that John Zimmerman who resides near Oriental had been arrested by U. S. detectives for making counterfeit money. He had been suspected for some time and detectives watched him and he was seen through the windows of his house. He had dies for nearly all values of coin and it appears he operated his work very extensively. After his arrest he was taken to Pittsburg, it being an offense against Uncle Sam's laws. While he resides near Oriental, Juniata county, he was within the Snyder county limits. There are four or five others in partnership with Zimmerman, Wilson Forry being one of the accomplices who was arrested. Zimmerman is 38 years of age and has been a crook the greater part of his life. He has frequently been arrested before. For eight years he has been operating his counterfeiting work. It required the detective two years to catch him. The people living near his home knew little or nothing of his work at counterfeiting and the arrest of Zimmerman first brought his transgressions to their notice. The detective avers that Zimmerman's money is nearer the genuine money than any he has seen. The counterfeiter has figured in all kinds of escapades having broken out of jail and penitentiary. His services in these houses of dishonor were given him at various times as a penalty for stealing and breaking safes open. He was a keen fellow and possessed an ingenious mind which permitted him to carry on his operations so successfully. If he simply glanced at a key, he could retain the figure of its form until he found his place of seclusion where he could make an exact duplicate. He had in his possession a string of keys that if put one upon another would make a stack three feet high. It is remarkable what amount of criminal operations is in progress in this county. A murderer is at large ever since Sept. 26th 1888. Not a clue and not a trace is to be found. Robberies innumerable and conspiracies to murder go without an arrest. The gross neglect of children from the cause of which they suffer untold agony, and perhaps more, is still fresh in our memory. Invite your country patrons to visit your business place by means of an adv. in the Post. The returns may not come with a rush, but come they will, sooner or later. Francis O'Connor of Johnstown formerly District Attorney of Cambria county has been sued for slander. It is alleged that Mr. O'Connor, in a public speech last Thursday evening, charged General Hastings with having used his position in Johnstown after the great flood of 1889 to enrich himself. HALLOWEEN.—This is the popular name of the eve or vigil of All Hallows, or festivals of All Saints. As the date of that festival is Nov. 1, Halloween is the evening of Oct. 31. In England, it was long customary to crack nuts, duck for apples in a tub of water, and perform other harmless fireside revelries. Anciently the most essential ceremony seems to have been the lighting of a bonfire at night, by every household. In Scotland, ceremonies partook more of a superstitious character; taking, among rustics, the form of a charm to discover who should be his or her partner for life. Of these now almost exploded customs, the best summary is in Burns's well-known poem Hallowe'en.
