'The itrange But True.

We read of arange happenings and results sometimes, like that of a man who was caught by a revolving wheel and so threshed against floor and celling his body turned against floor and celling his body turned blue from the bruises. A dootor writes of a man who fell from a ladder and was covered with bruises. He, the doctor, applied St. Jacobs Oil: in the moruing, he says, all the blue spots had disappeared. There is another way of feeling time all over, and that is after the endurance of pains and aches for a long time without relief. #### CORNER IN ELK TEETH

A Montana Man Who Has More Than 86,-000 of Them.

John D. Losekamp of Billings, Mont, practically halds the elk-tooth stock of the entire country, says Forest and Stream, and to his already enormous supply he is constantly adding, the Indians and hunters bringing teeth to him from all over the country. Not everyone knows that the sik teeth, or rather the tusks, of which only two are found in the mouth of the adult cik, have a practical commercial value. The teeth are used as jewelry, mostly as pendants on watch guards or as insignia of the secret society known as the Eiks. The value of a tooth ranges from 50 cents to \$2.50, according to its size, color, and marking. Mr. Losekamp has now over 80,000 elk teeth deposited in safety vaults. Many of the old Indian dresses were highly ornamented with elk teeth, some of them being fairly covered with the teeth. Mr. Losekamp has lived on the frontier all his mature life and understands Indian trading perfectly, yet he has sometimes paid over \$100 for a single garment thus ornamented. caring of course for nothing but the teeth. The Indians drill the teeth to fasten them on their dresses and this does not injure the value of the tooth, but they have a babit of sometimes st.

a bright red. This dye of or be extracted, and depreciates the value of the elk tooth for a white customer. The Indians do not dye the teeth so much now, since they have learned they can sell them for more in their natural state.

"What a Wreck!"

At a dinner-party at Bowood, Canon Bowles, then past sixty, was introduced to an elderly lady, with whom he sat chatting pleasantly about things of the day. Bow es was perfectly oblivious that this was the very lady to whom be had been engaged to be married when he had very little income besides his curacy. The lady, of course, was perfectly well award that she was talking to her quondum lover; but her married name had in no way enrightened him as to her personality. After a time she said, having touched upon old days: "But, Mr. Bowles,don't you remember me?" "No, ma'am, I don't." Then she added, smiling: "You used to know me and pretend to be very fond of me. I was Miss --- " 'Oh, what a wreck!" was the spontaneous exc.amation of the poet. Happily the lady enjoyed the joke immensely, for she was a remarkably handsome woman for her age, and his burst of surprise was really only a compliment to the extreme beauty of her youth.

Sanitary Value of Hot Tea.

Tea taken hot, is certainly more wholesome than iced tea. This is well shown by the enormous population of China, which could never have increased to its present numbers if epidemics had ravaged that Empire as they have those of the West. In spite of overcrowding to a degree elsewhere unknown and indescribably filthy surroundings, the Chinese have remained healthy. The only sanitary redeeming feature of their lives is the almost universal use of tea as a beverage. This is to say, of water that has been boiled. This lesson in practical sanitation is of more value than anything brought forth by our numerous boards of health, national, state, or municipal. In the presence of an epidemic of cholera, typhoid fever or dysentery, the wisest precaution to take against infection would be to boil all fluids used for drinking purposes.

There is more Catarrh in this section of the sountry than all other diseases put together and until the last few years was supposed to be incurable. For a great many years doctors propounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional disease and therefore requires constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from lodrops to a teaspoonful. It the directly on the blood and mucous surfaces, the system. They offer one hundred dollars for any case it falls to cure. Send for circulars and testimonials free. Address F. J. # KENNEDY'S MEDICAL DISCOVERY.

CHRONIC RHEUMATISM.

MONROE, IOWA, Nov. 25, 1894. DEAR SIR, MR. KENNEDY: - In '64 I began taking your Discovery for Chronic Rheumatism; suffering so much pain till I used to call some one to sit on my limbs to deaden the pain. I had doctors for six years. No use. I then began with your Medical Discovery. The first bottle went to every joint and gave me pain. My husband said, "Keep on, till you see it spring the joints." So two and one-half bottles cured me so that I was able to walk two miles. Had not done it for six or seven years. I have kept it in the house ever since. I opened the 22d bottle today, for I take it instead of doctoring. I have never had a doctor since I have taken your Discovery. I am a widow 74 years of age, and a well woman.

Yours truly.

MRS. ELIZAPETH HILLS.

#### SCROFULA.

LLOYD, TEXAS, Oct. 5th, 1894. DONALD KENNEDY, ROXBURY, MASS, KIND FRIEND:-I will now give you the particulars about my little girl. She was five years old the 2nd of last May. When she was less than a year old a kernel came under her right jaw onher neck. I asked the best doctor what to do, and he told me to grease it with old bacon grease, and it might rise and run which it did, and I tried everything, but it kept running for nearly two years. I came to Texas, and was at Aubrey, Texas, where I saw the present postmaster at Aubrey. I noticed his face had a bad sear, and I asked him the cause and how he got it cured. He said Scrofula was the cause and Kennedy's Medical Discovery cured it and if I would get some for my little girl it would surely cure her. I got one bottle and she was soon better. I picked white lumps out of her neck as big as peas, and almost as hard as a bone, and after being mashed up they looked like burnt bone crumbled up. In less than a week the swelling was gone, and had quit running. She is still taking it, but apparently she is as well as ever, and as gay as any child.

Yours truly.

#### CATARRH.

DONALD KENNEDY, DEAR SIR: - I know the worth of your Discovery, for three years ago, before I was married. I had the Catarrh in my head and throat very bad, and my mother, who always gave it to all of us, unde me take three bothes, for which I am thankful to God, for it cared me and many others that we have recommended it to, MRS. Our attending physician speaks very highly of your Discovery, Yours sincerely, MRS. G. W. HAMMOND.

#### DROPSY.

HAUGHVILLE, IND., Nov. 21, 1894. DONALD KENNEDY, DEAR SIR:-Your Medical Discovery has made a wonderful cure in a case of Dropsy of my neighbor, after four or five good doctors told him he could not get well. But your Discovery fixed him all right, Yours true; Samera Negrest.

#### MALARIA.

St. XAVIER, M. Ser., Nov. 12, 1894. Dr. Kennedy, Dear Str :- I must inform you of the good effects of your famous dedical Discovery. One lady who was much afflicted with a constant Malarial Trouble declared herself relieved in a law days, and was entirely cured in a few weeks, and this is only one of many.

Yours gratefully, STATES M. MAGDALEN.

#### KIDNEY TROUBLE.

NEW YORK City, May 9th, 1894. DONALD KENNEDY, DEAR SIR:-In using your Medical Discovery I find it good for the general system and especially for the Kidney Trouble. And the reason I can speak for it is this: After coming from South America, in 1880, I was troubled with my back, which the doctors claimed was Kidney Disease. After using many different medicines-and I might just as well have drunk cold tes-I bought two bottles of Kennedy's Medical Discovery, and took it according to directions as given in your book, and my kidneys have not troubled me -Yours with thanks, CHAS, W. Improved Revolver.

The new German revolver is not really a revolver at all, but it is a wonderful repeating pistol all the same. All you have to do is to drop eight cartridges into a magazine in the stock and then buil the trigger as often as you want to "oot until the ammunition is exhausted. The recoil of the shot when the pistol is first fired sets in motion mechanism which ejects the shell just fired, brings up a new one to the barrel, cocks the pistol, and locks the movable parts. Another touch on the trigger repeats the operation, and the eight charges have been fired in two seconds.
