TROXELVILLE.

Our people are making good use of the splendid sleighing that we have at this place... Irvin Fetterolf was to Centre Co. last week attending the funeral of his brother Howard, who died of cancer. Samuel Bobb of Three River, Mich. is at present visiting relatives at this place. Mr. Bobb visited this place three years ago, after an absence of 39 years, and was so delighted with the treatment he received. that he concluded not to prolong his absence again for 39 years. The bold and fearless correspondent of the Adamsburg Herald from Midbold and fearless correspondent of the Adamsburg Herald from Middleswarth, has our thanks for the favorable mention he gave us in his last letter to that paper. I wish our teachers had been so prompt in taking the hint! Why is it anyhow, that no effort is made? Well, I believe an effort had been made by some of the more energetic teachers, but, failed! What? failed? Yes, failed! Was it for want of energy, or for an overabundance of selfishness? If there is one thing in this world, that I wished for more than another, it was for the ability to make ap u b lic a d d ress. I very often sat and listened to people acdressing audiences, until I felt so dressing audiences, until I felt so little, that I felt like hiding my face in my hands, and shed bitter tears over my ignorance and inability to do the same. Now, teachers, and others, there is no place to be found that is better fitted for you to acquire the art of speaking than in a detating society. If I am worthy to give advice then, I would advise you, by all means, to organize a debating society at once, and meet at least once a week, and have good questions to debate. At the end of the school term if you are dissatisfied with my advice, tell me so, and I will promise never to voluntarily advise you on any subject... Two weeks ago, Frank Ettinger and Chas. Kempfer, while out for coons chased a bear up a tree which they succeeded in capturing. It was a cub and weighed less than 500 lbs, but night we had thundering, and the old German proverb says; 'Won as I have one of t dunnered iver an darrar volt, don shtarebd fiel yung und old"...On Saturday the ice was eleven inches thick, and with such growing weather it will soon be fifteen or eighteen inches thick.

The thumb is an unfailing index of character. The Square Type indicates a streng will, great energy and firmness. Closely allied is the Spaniated Type, the thumb of those of advanced ideas and business ability. Both of these types belong to the busy man or woman; and Demorest's Family Macazine prepare especially for such persons a whole volume of new ideas, condensed in a small space, so that the record of the whole world's work for a month may be read in half at hear. The Conical Type indicates refinement, culture, and a love of music, poetry, and faction. A person with this type of thumb will thoroughly enjoy the literary attractions of Demorest's Magazine. The Artistic Type indicates a love of beauty and art, which will find rare pleasure in the magnificent oil-picture of roces, 164, 24 inches, reproduced from the original painting by De Longard, the most celebrated of living flower-painters, which will be given to every subscriber to Demorest's Magazine for 1895. The cost of this anjects work of art was \$350.00; and the reproduction cannot be distinguished from the original. Besides this, an exquisite oil or water-color picture is published in each number of the Magazine, and the articles are so profusely and superby libustrated that the Magazine is, in reality, a portfolio of art works of the highest order. The Philosophic Type is the thumb of the thinker and inventor of ideas, who will be deeply interested in these developed monthly in Demorest's Magazine, in every one of its numerous departments, which cover the artists.
