Congress Can't Do It.

There is a general hope and beilef throughout the country that Congress will do something finally for the distress and suffering of so many hapless people. It is to be hoped so many hapless people. It is to be hoped business will start up and give employment to thousands. But there are certain kinds of suffering which Congress can do nothing to relieve. There is pain and misery always which no legislation can cure. Just think of men crippled for life with the tortures of sciatica. And such should know that St. Jacobs Oll is a certain cure, which can be brought about promptly without any aid from Congress.

Fourteen hothouse strawberries cost \$3 in

The renders of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is estarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it falls to cure Send for list of testimonials. Address F. J. Chenky & Co., Toledo, Q.

An Important Difference,

To make it apparent to thousands, who think themselves ill, that they are not affected with any disease, but that the system simply needs cleansing, is to bring comfort home to their hearts, as a costive condition is easily cured by using Syrup of Figs. Manufactured by the California Fig Syrup Co.

Europe is less than one-fourth the size of

OUR INDUSTRIAL REVIEW.

WAGES CUT AT CAMBRIA.

A Reduction of Forty Per Cent on Tonnage Hands.

On Friday, February 1, a reduction of 40 per cent, on tonnage hands of the Cambria Iron Company, of Johnston, Pa., was made. The hundreds of employes affected are vigorously protesting, but without effect. The day hands are also affected by the new sched-ule of prices and will receive in many instan-ces as low as 80 and 90 cents.

THE DROOMLYN STRIKE.

Every trolley line in the city of Brooklyn was in operation Wednesday morning except one. That was the Third avenue line, to Fort Hamilton. The strikers cut the wires of that line at Bay Ridge during the night and cars could not be run until linemen made the repairs. Wires were cut in nine places in all Tuesday night, but were quickly put in shape by the companies. The strike is over, New motormen and conductors have replaced the men who went out in a body on January 14. The linemen who went out on a sympathetic strike a week later have broken ranks on several lines and those whose places had not been filled were taken back.

MINES CLOSED INDEFINITELY.

A telegram from Martin's Ferry, O., says. The prices for mining have been cut to 25 cents a ton and the men have struck, demanding the rate of 60 cents, bi-weekly pay days and the privilege of buying where they please. The strikers are not provided for, naving had but little work the past six months.

The indications are that the strike or locktotal the tin plate plants will seen be a thing of the past. One by one the works where the Analgamated scale was refused, are being prevailed upon to accept the wage schedule of the organization, and there are many reasons for believing that the other plants will be working at Amalgamated rates in a very short time. The latest concern to sign the scale is the Etna Standard, of Bridge-port, O. President M. M. Gariand has been negotiating with the management of this plant for some time, and went out there Tuesday, his visit culminating in the desired re-sult. Mr. Garland says the works will be get in readiness for resumption at once, and several of the sheet mills will be changed into tin mills. The plant will start by the latter part of the week, or the early part of next

The Financial Chronicle takes a rather hopeful view of the iron trade. It finds that in spite of the fact that fewer miles of rali-road track were laid during 1894 than in any year since the civil war, yet the consumption of iron was about seven million tons, and reasons that the use of iron and steel in other directions has been stimulated by the low prices. These prices, it thinks, are the only unfavorable feature of the market, but when the railroads begin to require iron once more a substantial revival of the trade is reason-ably certain.

Manager Greer, of the New Castle, Pa., Tin Manager Greer, of the New Castle, Pa., Tin Mills, positively denies the story that a 50 per cent reduction in wages has or is to take place in his mills. The mill is now running full in all departments. The puddlers of New Castle have decided

that they will not accept a reduction and will not work for less than \$4 per top.

The quarrymen in the Pearson limestone quarry, a mile north of New Castle, Fa.. struck. They have been receiving 12 cents per ton for limestone loaded on the cars, but they must furnish their own powder for biasting. The strike is for the purpose of compelling the company to buy the powder. About 25 men are affected by the strike.

The Buckeye Glass Company at Martins Ferry, O., bad 12 shops of non-union men at work Tuesday on paste mold ware and the management reports that they got out a fair dars work. The strikers are still on guard, and non-finion men are compelled to keep their quarters in the factory.

ft is announced that unless there is a better demand for rubber goods, several factor-les in the east, controlled by the rubber trust, will have to close down. The factories employ about 20,000 persons, nearly half of whom are women. The tobacco growers of New England have

decided that the dealers who buy their crops have been making too much money and have organized an exchange for selling at auction in New York.

The Pittsburg miners' officials propose to publish a newspaper organ as a measure for holding the men together. A building for headquarters will be rented with that end in

FAITHFUL UNTO DEATH.

Heroism of a Nurse in Refusing to Leave a Hospital Patient.

Four persons met their death Friday through the burning of the Deaconesses Hospital at Cleveland, The victims are Albert Allmeyer, Minnie Baumer, Walter Clark, 8nonths-old baby, and Jacob Krause

months-old baby, and Jacob Krause.

The fire started in the basement, presumably from the furnace, and before it could be extinguished the building was almost destroyed. The hospital has been in existence out a short time in the city. Is is a branch of a large hospital in Chicago, and of no especial denomination.

The building was a wooden structure three stories high. In an incredibly short Time there was but little left of the building but a few parts of the side walls, the flames having

few parts of the side walls, the flames having gained considerable headway before the per-sons located on the top floors discovered their perilous situation.

It was then too late to descend by the stairs,

It was then too late to descend by the stairs, and those on that floor gave up their lives. Before the fire department had arrived and before the Sames had reached the outlie of the building, Minnie Baumer, one of the nurses, appeared at the upstairs window and implored those below to assist her in getting out her patient, who was William Allmeyer, one of the men burned. All saw that it would be folly to attempt to enter the building, which was now burning flercely. ing, which was now burning flereely.
"Jump to the porch and save yourself,"
they cried to her, as she was but 15 or 16 feet

they cried to her, as she was but 15 or 16 feet above the broad veranda roof.

"I can't leave my patient," was the reply of the brave woman, as she turned to look back into the room, evidently to quiet the fears of Alimeyer, who thought she was go-ing to leave him. For a moment the brave woman stood looking into the crowd below her, and then duty triumphed over her de-sire to be saved.

The smoke was pouring from the windows about her and her white, startled face appeared as a picture in a frame of durkest ebony. Then she turned into the room and was seen no more until her blackened form was cartied tenderly from the building shortly after.

Two persons were killed almost instantly and thirty or forty were injured in a wreck of a Vandalla passenger train near Coatsville, ind. The rails spread, throwing three cars sewn an embankment, swallowed it with my ontmeal, mam-

WORKED TO THE LIMIT.

How the Boys Got Ahead of Him on a Ten-Cent : Find.

A man walking along Wrightwood avenue, Chicago, saw a bright dime lying on the sidewalk. He picked it up. Only a short distance ahead of him were two boys. He called to them:

"Boys, did you lose anything?" They turned around, and after looking at each other and then at the friend-

ly man they shook their heads, "Have you any money?" he asked

"I've got 65 cents," said one of them. "What kind of money is it?" "I got a half dollar and three nicks."

"No dimes, eh?"
"No, sir."
"I just picked up a dime there, and I thought perhaps one of you might have

dropped it." He walked on to the corner. As he stood there waiting for a car he felt a pull at his cont-tail, and a small boy with a strenked face said: "Mister, did you find a ten-cent plece?"

"Yes, I found one." "Well, I lost it, honest. Ma sent me for bread, and now she'll lick me,"

"Well, here's your dime." The boy grabbed it and ran.

That evening when the man alighted from the car at the same corner a boy with a derby hat too large for him halted him and asked: "Say, mister, did you find a dime? Cause I lost one on the way to the butcher's and I'll catch It when the old man hears about it." "Look here, I gave that dime to an-

other boy. He said he was going to buy bread with it."

"He was stringin' you."

"I don't know what that means, but

maybe the money belonged to you. Here's 10 cents." Next morning another boy, with the proud evidence of a hole in his pocket to back up his claim, met the honest man at the front gate and asked for the dime. The man knew that some one must have lost the money, and as he he gave up another dime. That evening two more were lying in wait. He handed them 10 cents apiece on condition that they should notify all the been "worked" to the limit.

finally pulls his own leg.

Mr. Chweland trusts more to his pri vate secretary then he ever did, sad more than any of his prederessors did. It is the common thing to hear one official telling another what Mr. Thurber

has informed him as to the President's probable action, and the forecast is accepted as cutitled to as much weight as if the words of the President were being quoted. As to what Mr. Thurber thinks of his enlarged responsibilities, his own way of answering is very good. A Detroit friend wanted to know how he was getting nlong, and whether he had been as successful in the office as he antici-

"Well," said Mr. Thurber, " think I may say, as old Captain Terwilmer of Detroit, that I have been 'in a name are' successful. Old Captain Terwfilger was a well-known character in Detroit. He was missed from his agcustomed haunts for a time. When he turned up again some one asked Mm where he had been. He replied that be had engaged in the manufacture of 'massidge' in the upper part of the chy. but was now out of the business.

" 'What was the matter?' asked the other. 'Weren't you successful?' " In a measure I may say I was suc-

cessful,' said the Captain. "What do you mean by that?" in-

" 'Well,' said Captain Terwilliger, I put \$1,200 into that eassidge factory. At the end of six weeks I didn't haw a dorn cent, but I know the sassider business." -- St. Louis Chabo Dometrat

Oregon's Bold Bandits.

John W. Schute, President of the First National Bank of Hillsboro, Ore., was held up on a country road recently by four masked men. They took him to a clump of brush by the readside, and having bound him, secured the keys to the bank and compelled him to give them the combination to the vault. Two of the men started for the brank while the others remained on guest didn't want to overlook the right boy, over Mr. Schute. The two men to turned and said they could not get into the vault and that Mr. Schute had given them the wrong combination. Arts considerable parleying and many boys in the neighborhood that he had threats they started with Mr. Schutz EVERY man who works schemes evidence that the robbers had been to for town, but when the outskirts of the bank, but got nothing.

A BRIGHT STAR. MARY ANDERSON TO I Also Played Leading Roles 'Barrett and Thor

(From the St. Louis Ohre.

One of the most conspicuous figures a Stageland of America techny is John W. Nor-Born in the sewenth ward of New York City forty are years ago, this friends of his youth were Thornes W. Knene and Frank Chanfrau. We find Koose a star at the age of 25 and Norton in the flower of early manhood the leading man the Edwin Booth at the famous Winter Garden Theatre, He was starred was Lawrence Barrett early in the 70s, and afternated the leading roles with Charles Thorne at the Variety Theatre in New Orleans. Harly in the Centennial year, in Louisville, Norton mer our Mary Anderson, then a fetr young girl tracaspired for stage tame, took her under his gustance and, as everyzody knows, led her to fame, Mr. Nortan is now the proprestor of the Grand Opera House in St. Louis, the Dn Queene Thesity, Printers, and one of the stockholders in the American Extravagama

Stockholders in the American Indian be hobbted Company.

One afternoon early in Jane be hobbted into he New York Office on Broadway and encountered his business manager, George McMaure, who hel also been a ricemand a suffered from he was years. Norros was surprised that McMaure had thoughted he care, Who was a board he melest. "Learned syreal," rered you'le maked. "I carred mysest," re-ted McManne, "with Dr. Withins' Pink

Prits.

"I was encouraged by Mr. McManue" cure and as a inst reword tried the Plus Prits myself, said Mr. Norton to a Chromole reporter. "You have known use for five years and know how I have expected. Why, during the sammer of 1805 I was on my back at the Mulianphy, Respirat, in this city, four weeks. I was put in the old system of dicting, with a view to clearing those acidulate properties in my blood their medical fleepists say is the cause of my rheumatian. I left the Hosporal feeling stronger, at the first damp weather baought with it thisse exeruterating pains in the legs and back. It was the same old trouble. After sitting down for a strength of five minutes the pains scrawed by legs into a knot whon I agose, and I hobbied as paintuity as ever. After I and I nothied as patinuity as ever. After I had taken my first box of Pink Pilks it attack and taken my first box of Pink Pilks it struck me that the pains were less troublesome. I triest another box, and I began almost unsconsciously to have faith in the Pink Pilks. I improved so rapidly that I could rise after sitting at my deak for an hour and the twingers of rheumatian that accompanied my rising were so usful that I scarcely noticed them. During the past two weeks we have had much rising weather in St. Louis. But the disreptiese has not had the sightest effect in beliaging that the champions has not had the sightest effect in beliaging that the champions which the champions which the champions which the champions which it the discipless has not find the slightest effect in bringing tack the rissumation, which I consider a sufficient and reflative test of the efficiency of Pink Pills. I may also say that the Pink Pills have acted as a tonic on my stounch, which I thought was well sligh destroyed by the thousand and one alleged remedies I consumed in the past five years."

Speaking from her Experience,

After years of practical use and a trial of many brands of baking powder (some of which she recommended before becoming acquainted with the great qualities of the Royal), Marion Harland finds the Royal Baking Powder to be greatly superior to all similar preparations, and states that she uses it exclusively, and deems it an act of justice and a pleasure to recommend it unqualifiedly to American Housewives.

The testimony of this gifted authority upon Household Economy coincides with that of millions of housekeepers, many of whom speak from knowledge obtained from a continuous use of Royal Baking Powder for a third of a century.

> ROYAL BAKING POWDER CO., 106 WALL ST., NEW-YORK.

When You Want to Look on the Bright Side of Things,

There are some excellent people who make it a point to submit to annoy ances, but when they finally resist some imposition, they sometimes make spirited work of it. A mild-mannered man of this class came excitedly to the proprietor of the hotel where he was staying, and said:

"Look here, landlord, I want my bill: I'm going away." "Why, what's the matter? Don't we

treat you well?" "You treat me all right, but I can't

stand that German musician in the next room.' "Why, he plays the clarionet very

well, they say." "Maybe he does. I guess he plays too well. He played so well last night, and so much, that I couldn't get a wink of sleep until after 1 o'clock Then I dropped off from sheer weariness; and it seemed as if I hadn't more than got to sleep before I heard a loud potnding on the door.

"Who's that?" says I. "'Dot's me, de man vot leef in de nacht room. I play dot clarionet.' "'Oh yes, you do!' "'Und I like dot you schnore, off you

blease, all de time on dot same key You was sometimes from B to G, und dot dishcort schpiles my moosie!"

"I tell you," said the mild-mannered man. "I can't stand that!" Full of Glory.

"O, mamma," cried 5-year-old Doro thy, "I'm just as full of glory as I can be!" "What do you mean?" indered her mother, with natural surprise "Why-ee," said Dorothy, "there was a sunbeam right on my spoon, and 1 S1600 By selling only 2 boozs a day of the best book for business man, properly owners, farmers, for, ever 1 shillship of Arbital Co., Publishers, Hardrey St. Arbital Co., Publishers, Hardrey St. Co., Publishers, Hardrey
