

Post's Voting Contest!

FREE TUITION.

Board, Heat, Washing, Furnished Room, Light and use of Gymnasium (amounting in all to \$99.50) at the Bloomsburg State Normal school for the Spring term of fourteen weeks beginning March 25th 1895, will be given to the Snyder county public school teacher who shall receive the largest number of votes up to Saturday evening, March 16th 1895.

Every teacher actively engaged at present in Snyder county will have an equal chance to win this prize; the only advantage to be had is for a teacher to get his pupils and friends to clip the voting coupon below and mail it to us bearing the teacher's name. Of course it will be to the teacher's interest to have all his or her friends to get the Post from which to clip coupons.

The Bloomsburg State Normal school has 25 Professors and gives thorough instruction. This makes the prize a valuable one.

Any person can vote as often as he or she pleases, but they must use the voting coupon as below or premium coupons that are earned by securing new subscribers to the Post. 12 Premium Coupons are given for every new yearly cash subscriber.

Cut This Out and Bring or Mail to Post

Post's Popular Teacher

VOTING COUPON.

For the most deserving teacher in Snyder county to win the prize, Free Tuition, etc., at the Bloomsburg State Normal School during the Spring term of 1895, valued at \$99.50, I vote for

Teacher's Name.....

District in which the teacher is engaged.....

Name of Voter.....

This coupon is not good after Mar. 16 1895.

Thursday, Feb. 28, 1895.

Letter from Harrisburg.

HARRISBURG, PA., Feb. 27, 1895.

Editor Post:

The legislative mill stopped short last Friday until the 25th. This is customary, I believe in order to give the members an opportunity to go home to attend the Spring election. Of course it is not necessary to have all week to vote but the fellows who have some distance to go and come carried the day for a recess of one week. In the meantime the committee on appropriation which was divided into eight sub-committees can scale down the sums asked from the coffers of the State.

Already \$31,000,000 have been asked for and the revenue is only about \$19,000,000. Snyder county is very modest in her demands. She asks for but a few paltry dollars in the way of gratuities for several deserving persons who ask just a little assistance to make life more comfortable. It will require the most careful scrutiny on the part of those who pass on the requests for money. With the requests far in excess of the revenue it would seem necessary that some Morrison should be ready with a bill providing for a horizontal reduction.

REVENUE BILL.

The Revenue Bill that was prepared by a committee composed of men representing the various interests of the State is now with the Committee on Ways and Means. Some of manufacturing establishments of the State are already marshaling their forces to defeat the bill as far as their interests are concerned. Your correspondent sent a number of copies of the bill to different persons in the county and if any one desires to present any opinions the opportunity is afforded which the following letter explains:

Hon. C. W. Herman,

Dear Sir:—Should any interests in your county desire to be heard upon any

of the provisions of the Revenue Bill now before the Committee on Ways and Means, the Chairman of said Committee would be obliged to you if you would forward to him the names and addresses of such persons. Arrangements will be made to hear kindred interests at the same time.

FRANK M. RITER, Chairman, Committee.

The Compulsory Education Bill was reached several different times on second reading but was not called up. The question apparently is not quite in shape. Whether the Philadelphia majority fight has anything to do with it or not I do not know, but evidently the matter is not mature. The bill will not have clear sailing, but it may pass.

Any proposition that aims to bring children into the schools and under practical application will be found ineffective and easily evaded must of necessity undergo considerable crossfire before it reaches the hands of the governor.

Senator Landis' Bill to extend the minimum school term was defeated in the Senate lacking three votes of having a constitutional majority. That will, no doubt, stay all efforts of persons who were anxious to increase the term. The writer is gratified that the matter was settled in the Senate but regrets somewhat that he had no opportunity to prove his position on this bug-bear of a question. The Senator from this district voted right on this issue. I understand Marshall's Pipe Line Bill, the bill consolidating competing pipe lines has passed the House and to the writer it appears as though the Standard Oil Company had scored another victory. Just what people mean by enlarging the privileges of such gigantic corporations is more than your correspondent can understand. Competition in the production of oil must be as desirable a condition as in the production and transportation of any other commodity. Under the provisions of the bill competition is not natural and one mighty audacious power may control the oil interests of this Commonwealth and then what? Why, the people pay for it, of course.

The House Committee on Education reported a bill providing for a change in the distribution of the State appropriation to schools which will be, if it passes, more equitable than the present plan. The bill provides that one third of the appropriation shall be given pro rata to the schools and the remaining two-thirds on the basis of taxables. Snyder county would be the 'rainer, under the proposed plan, by several thousand dollars. The bill should pass but it will receive the united and determined opposition of all the city chaps.

The Senate passed the "Bird Book Bill" with some amendments in which the House concurred. If the Governor takes a different view of the measure than Patton there will be an enlarged edition of Dr. Warren's Book, but not before the wren and blue-bird will contend for the possession of the house.

Abolition of the December Register of Voters. The trial to abolish the December registry passed second reading after encountering not a little opposition from the city fellows. The country chaps were united in doing away with this unnecessary expenditure of money because there is no reason whatever for this expense even if some of the city folks will have to forego the pleasures of the seashore for a time. This bill will save the county between two and three hundred dollars every year. There are several other features in the Baker ballot law that need to be changed.

A Senate Road Bill was just reported to the House. It gives the county commissioners discretionary power to open, locate, construct, extend, repair, and maintain public roads in the townships of the several counties and to provide for the expenses thereof. The bill is not compulsory which feature is not objectionable but there are other provisions that are not desirable.

Senator Wood's Bridge Bill is now in the House. If it becomes a law the State will in the future construct bridges over the public streams.

Representatives Hunter and Porter of Westmoreland county who were almost asphyxiated in their rooms at the Hershey House are back in their seats. Everybody is glad that they are restored to their usual vigor. They are good fellows.

Philadelphia may have an election investigation after the recess. A committee will be appointed to look into the municipal affairs in the great city where brotherly love is not bubbling over just now. Dave Martin and Senator Porter, I suppose, will be prepared to explain all irregularities away. Sen-

ator Kennedy of Allegheny county will be the chairman of the investigation committee.

The petitions praying for the passage of a compulsory school law, and for the election of eel baskets were duly presented to the speaker.

The fish commissioners are already opening their guns against the construction of such baskets. The Phila. Ledger last week printed a whole column denouncing such legislation. We propose to get the bill passed notwithstanding.

C. W. H.

KREAMER.

C. A. Meiser is well pleased with his check he received for the guessing advertisement. Mr. George Gordon is home from Milton where he has been employed for quite a while. Mr. W. D. Stahlnecker of Middleburgh is visiting relatives and acquaintances here. Grand Pap Moyer, his daughter Sarah and Mrs. Lank Walter of Swineford took dinner at C. A. Meiser's on Saturday. Mrs. Geo. K. Fagely of Shamokin is visiting with her parents, Eli Keeler's. Mrs. K. is still on the sick list with little improvement. The election passed off quietly and the following were elected. John Bollinger of Northumberland, formerly of this place, visited friends and relatives here last week. Charles Miller and his son William were seen on our streets a few days ago. Mrs. Samuel Herman is on the sick list. Frank Hummel and Howard Leitzel traded horses on Saturday. Frank Musser who was on the shelf with neuralgia is able to be out again. Mrs. Levi Hassinger's funeral was largely attended. She was buried at the Zeiber's cemetery on Saturday. Mrs. H. was a good mother, devoted to her family, a woman who stood high in the community and her many friends will miss her. May the bereaved family look to the All Wise Creator for comfort. Chas. K. and Foster Fisher of Salem passed through our village on Saturday. On Sunday morning about five o'clock an east bound train had a wreck at this place. One end of a car loaded with iron jumped off the track about half a mile west of this place. The truck was torn loose from the car and partly dragged aside of the track which broke quite a number of ties especially at the culverts. At about eleven o'clock the wreck train came and repaired the car, cleaned up the wreck and started for Lewistown. No one was hurt. T. A. Ewing and G. W. Yoder of Globe Mills made a call at this place on Sunday. We are sorry that some married men go to your town courting.

ADAMSBURG.

On last Saturday the house of Wm. H. Specht was destroyed by fire. The clothing and cook stove were saved by the women who were alone at home. The origin of the fire was due to something coming in contact with the stove pipe. On last Saturday a flagman on Double Header East got his hand between the bumpers and had it mashed. Dr. Smith dressed the injured hand. It is a sad thing to see a man drunk and staggering on the streets on week days but it is still worse on Sunday. On Wednesday evening A. R. Kopenhaver of Sunbury lectured on the Alliance and Organized a society at this place. He also organized one at Ush's school house on Friday evening. Rev. Jacobs of Gettysburg preached an able sermon in the Lutheran Church on last Sunday evening. On the 22nd, 2 sid loads of the neavertown pupils came and paid a visit to our schools and had short exercises in honor of the day. Mr. Walter of near Mifflinburg visited friends at this place over Sunday. Rena Keupp of New Berlin spent Sunday with her parents. The Township election last week was a very exciting one. The candidates did their very best to carry their point. A. G. Gashear spend Sunday in Juniata Co.,

PORT TREVERTON.

All the talk in our town is on church matters. Politics is all laid aside. Our election was not whether the nominee makes the best officer, but whether he is an Eshorite or a Dubsite or to which side he leans. We should have a Free Bridge across the river. Why should we not urge the matter? A Free bridge would double the value of farm land in this vicinity. Isaac M. Bogar and Jacob Leng, who intended to open a meat market, have abandoned the partnership project. Mr. Leng will venture in business by himself. The Penn Canoe Co. commenced work with a light crew. Frank A. Bingaman, our grain dealer and exchanger, handled between 2000 and 3000 bushels of grain this week.

WEST BEAVER.

The election passed off quietly, democratic as usual. F. Decker's sale on the 21st was well attended and things were sold at fair prices. At this writing Henry Treaster is improving slowly from his late sickness. Up to date the ground hog is all right in regards to the weather. The Lowell mill has been frozen over for the past three weeks, which makes flour and feed a little scarce in our township. J. J. Steely and wife had a taffy pulling last week, it being his 55th birthday. The scholars of his school were present, 46 in number. The boarding house of Andy O. Donald's log job was burnt down last week. At our election there were 189 votes polled. There were three Inspectors on the ticket and they received 221 votes. Some parties must have voted for all three. The hot sun on Sunday had a good deal to do in making sleighing thin in many places. J. W. Wagner took a lot of oats to Lewistown last week and got 30 cts. per bush. He could have gotten 32 cts. at home and saved a trip of twenty miles. Bon.

THAT'S QUEER!

You say a collar and cuff that are waterproof? Yes. And perspiration will not affect them? Yes. And when dirty you need only wipe them off with a wet cloth or sponge? Yes. Wonderful! How are they made? A linen collar covered on both sides with waterproof "CELLULOID." Looks exactly like a linen collar. Is it the only waterproof collar and cuff made? No, but it is the only one made with the linen interlining and consequently the only one that can give entire satisfaction, because it is the best. How can I know that I get the right kind? Because every piece is stamped as follows:

TRADE MARK. Inquire for that and refuse anything else, or you will be disappointed. Suppose my dealer does not have them? He probably has, but if not, send direct to us, enclosing amount. Collars 25c., Cuffs 50c. State size, and whether collar wanted is stand-up or turned-down.

THE CELLULOID COMPANY, 427-29 BROADWAY, NEW YORK.

PATENTS

Patents secured. Trade-Marks, Copyrights and Labels registered. Twenty five years extension. We report, whether patent can be secured or not, free of charge. In a recent editorial the Salem, Oregon, Independent says: "Time and again have we seen Chamberlain's Cough Remedy tried and never without the most satisfactory results. Whenever we see a person afflicted with hoarseness, with a cough or cold, we invariably advise them to get Chamberlain's Cough Remedy; and when they do, they never regret it. It always does the work, and does it well. For sale by J. W. Samspeil, Penns Creek, Pa.
