Freight has become so heavy at Philadelphia, Harrisburg and Pittsburg that some of the crews are doubling up. The above is not the case on the divisions centering in Sunbury, for although the regular crews are making full time the pool crews are only making three and four days a week.

It appears strange to us that Selinsgrove cannot keep up a Camp of Sons of Veterans. There are a large number of sons of veterans in this place, and we see no reason why a good camp cannot be organized and maintained. Will not some of the active sons take the matter in hand and reorganize the camp?—Tribune.

Off to Bloomsburg.

C. W. SMITH HAS GONE TO BLOOMSBURG TO CLAIM THE PRIZE OFFERED BY THE POST.

After the heat of the contest for the Post's scholarship, Charles W. Smith, on Monday evening, left Middleburgh for Bloomsburg to take advantage of the Post's liberal offer. The Post has paid the tuition, boarding, heat, furnished room, washing, light and use of the Gymnasium for the complete spring term of fourteen weeks. In view of the fact that Mr. Smith received the most votes in the teachers' contest the scholarship has been transferred to him. As a mark of respect the primary school marched to the depot to give their teacher a warm and cordial farewell.

The Editor of the Post accompanied the prize winner to the beautiful town of Bloomsburg, a place teeming with prosperity. At Selinsgrove Profs. Chas. G. Hendricks and Wm. Neotling, professors of the school, joined our party. We arrived at Bloomsburg about 6 o'clock Monday evening. We stated last week that this town paid \$200 to advertise its business interests in the New York World. We should have stated the amount at \$2000.

Card of Thanks. I desire to take this opportunity to thank the readers of the Post and the many friends who have so generously supported me in the Post's contest for the scholarship prize. My thanks are also due to the editor of the Post for making such a liberal offer. Every promise made has been fulfilled. I shall endeavor, in every way possible, to merit the warm support, so freely given to me in the contest for this coveted prize. C. W. SMITH.

The Reception. The reception tendered to new students began about 8 P. M. in the chapel. Dr. Welsh, the Principal, introduced the presiding officer, Prof. Neotling, who welcomed all the students to the school. The program continued as follows: Piano Solo, Vocal Duet; Address, Prof. Wilbur; Vocal Solo, Helen Lowell; "Legend of Brigands"; Miss Swartz; Vocal Solo, Prof. Burdge. At the close of these exercises we were all invited to the gymnasium where various games were indulged in.

The reception closed with the serving of refreshments to 400 guests in the dining room.

The school is in a flourishing condition. There are 26 professors and all the appliances that modern inventors can supply.

The Post's prize winner is in good hands and began his work on Tuesday. He was looked for with considerable interest and Dr. Welsh, the principal, assured us that Mr. Smith should be well cared for.

The prospects for the spring term are very promising. There are already 353 names on the rolls as boarding students and about 600 enlisted for instruction. We were cordially received by Dr. Welsh and the entire faculty. Our visit was of necessity very short, being called back to our office duties.

The efforts of the Post to disseminate higher education are meeting with universal approbation. We must have our teachers better prepared to teach the coming generation and the future will be able to take care of itself.

Dr. John C. Amig spent a few days in Harrisburg.

Jonas Miller, Chas. N. Erdley, two liverymen and Wm. S. Arbogast, proprietor of the National Hotel, Selinsgrove were in town on Saturday.

Rev. J. H. Hertz has been appointed by the Central Pennsylvania Conference of the United Evangelical church at this place. Revs. P. F. Jarrett and Noah Deobler are members of the Middleburgh Quarterly Conference.

Amig will remove his dental fixtures from Prof. Billhardt's residence to the Bank Block. Misses Stettler will use the room now occupied by Dr. Amig. J. M. and G. H. Steininger will take possession of the coal yard recently purchased from Dan. Bolender.

Herman's Log Bill.

One of the most important bills that have been introduced at this session of the Legislature is the Log bill introduced last week by our Representative. The bill provides for a salvage of 25 cents on every log caught while floating in the waters of the Susquehanna and a six-cent salvage for catching sawed lumber. The bill also provides for the repeal of all other laws relating thereto.

With the statute books in their present shape, there is chance for litigation in the fact that log catchers claim that the act of 1889 applies only to lodged logs and the exchange claims it applies also to caught logs. The act of 1889 provides for a salvage of 50 cents per 1000 feet of logs. The log catchers claim that the act of 1867, which provides for a salvage of 50 cents on each log, is still in force. Here there is too much room for litigation. The passage of this bill will silence all doubt as to claims for salvage on logs caught during future freshets.

It is said that about 100 miles of territory will be added to California by the resurvey of the Nevada boundary line.

At a Chicago newspaper men's banquet the other night one of the toasts was: "Woman, second only to the press in the dissemination of news." The ladies present have not yet decided whether they are to take this as a compliment or not.

During the past week we have added a new safe to our office equipment. It is made by the Victor Safe and Lock Company of Cincinnati, Ohio. This accession was necessary not to keep our money, but for the safe keeping of our account books and business papers.

Railroads are gradually dispensing with the present one-sided employees' records, which carefully notes all neglects but just as carefully overlook good deeds and inaugurating a more equitable system. One of the most essential factors in the proper management of a railway, and the prompt and safe handling of passengers and traffic, is a form of discipline which shall so educate employes that a maximum efficiency for all may be obtained from a minimum punishment of individuals, by making punishment of the individual secondary to the education of the entire force. Such discipline must produce results of a permanent character, and benefit alike the employe and the employer. The above policy has been closely followed by the Pennsy company and the result is plainly evident to everyone.

A Chance to Make Money.

I am delighted with my success selling Dish Washers; in the last six weeks I made \$534, and was sick part of the time. I think this is pretty good for an experienced lady. I am surprised there has never been a good Dish Washer put on the market before, as everyone seems so anxious for one. It certainly is a popular demand that is unsupplied, and that means big money for the agents that supply the demand. I believe any woman or man can make from \$5 to \$12 a day anywhere in this business, and by addressing the Iron City Dish Washer Co., E. E. Pittsburg, Pa., you can get full particulars. It simply requires a little push. You can't expect to make money unless you try. I would like to have the experience of others of your readers in this business. M. FRACIS.

A. W. Potter's Condition.

An exceedingly difficult surgical operation was performed at the Medico-Chirurgical Hospital yesterday morning on Lawer A. W. Potter of Selinsgrove, Pa., who was injured so severely at the railroad accident at Kreamer Station on January 25. Mr. Potter was brought to Philadelphia on Saturday by Dr. B. F. Wagenseller, his physician, who, after consultation with Professor Laplace and resident Surgeon B. A. Trier, of the Medico-Chirurgical Hospital, decided to have an operation performed. At 10 A. M. the bones of the left forearm, which were fractured in two places, were set in place and the small particles of crushed bone removed. The two principal bones were then resected very carefully and the arm tightly bandaged. Mr. Potter came out of the operation much better than anticipated and is doing as well as could be expected. —Philadelphia Times.

Pennsylvania Railroad's Second Tour to "The Golden Gate."

The large number of people who have leisure, and the growing desire of Americans to see the wonders of their native land, are the principal agencies in advancing a healthy sentiment in favor of travel.

The Pennsylvania Railroad Company's personally-conducted tours to California will be conducted in all respects as those of preceding years, with some added advantages, which cannot fail to attract the attention and enlist the interest of the tourist. In addition to the high-grade accommodations and entertainment in transit, the Pennsylvania tourists are treated with the same liberality wherever the journey is broken. The choicest rooms in the leading hotels are always reserved for their use, for which regular rates are paid, so that the guests, although members of a large party, enjoy all the privileges of individuals who may have made their own selections. The second tour in the 1895 series to the Golden Gate will leave New York and Philadelphia May 16, 1895. Detailed itinerary will be sent on application to Tourist Agent, 1196 Broadway, New York, or Room 411, Broad Street Station, Philadelphia.

The whisper of rumor comes up from Washington that a Grover Cleveland, Jr., is expected by the time the roses bloom.

Centre county has a large mileage of roads. Last summer Professor John Hamilton, of State College, was elected Supervisor as a joke. Professor Hamilton sent out return postal cards asking the citizens of his jurisdiction whether or no he could use the cash plan, employing laboring men at current rates. Two-thirds of the citizens answered favorably. The result was a lower tax and better roads. Professor Hamilton simply used the same method that a farmer uses in his business with the additional result that the road money went to the laborer out of employment or business. And yet the laborer was at the start head and front against the plan, says the Centre Hall Reporter.
