

Now--the Time to Make Money.

Last month I cleared, after paying all expenses, \$175.16; the month before, \$143.93, and have at the same time attended to my regular business. I believe anyone, anywhere, can do as well, as I have not a particularly good location and no experience. When you have an article that every family wants, it is very easy selling it. It seems strange that a good, cheap Dish Washer was never before placed on the market. With the Climax, which sells at \$5, you can wash and dry the dishes for a family in two minutes, without putting the hands in water; as soon as people see the Washer work, they want one, and that is why so much money can be made so quickly. For full particulars, address the Climax Mfg. Co., Columbus, Ohio. I feel convinced that any lady or gentleman, in any location, can make from \$5 to \$10 a day, as every family will very soon have a Dish Washer. Try it, and publish your experience for the benefit of others.
