At Kreamer there presents itself au enigma that almost ballles a safe solution. At this point the danger can be diminished by placing there a vigilant watchman or better still by changing the crossing to a place where the view of the railroad is not obstructed. We call upon the supervisors of Franklin and Middlecreek Townships and upon all good citizens to lend a helping hand to ways. Let us not permit our safety to hang in jeopardy and to invite public calamity.

Last Thursday, Friday and Saturday Miss Libbie Dunkelberger had her annual Summer Millinery opening. It was the neatest display of Millinery and fancy goods that we have seen outside of the large cities. During the three days purchasers were constantly surging to and fro about the three large rooms used to display her goods. The secret of her business success lies largely in her liberal use of printers' ink. Perhaps some business men can profit by her example.

Whooping Cough.

There is no danger from this disease when Chainberlain's Cough Kernedy is treely given. It liqueties the tough mucus and aids, its expecoration. It also leasens the severity and frequency of paroxysms of coughing, and insures a speedy recovery. There is not the least danger in giving the remedy to children or babies, as it contains no injurious substance. For sale by J. W. Sampsell, Penus
