THE best investment in real estate is to keep buildings well painted. Paint protects the house and saves repairs. You sometimes want to sell—many a good house has remained unsold for want of paint. The rule should be, though, "the best paint or none." That means **Strictly Pure White Lead**. You cannot afford to use cheap paints. To be sure of getting Strictly Pure White Lead, look at the brand; any of these are safe: "Armstrong & McAlvy," "Beymer-Baumman," "Davis-Chambers," "Fahnestock."

For Colors.—National Lead Co.'s Pure White Lead Tinting Colors. These colors are sold in one-pound cans, each can being sufficient to tint 25 pounds of Strictly Pure White Lead. They are in no sense ready-mixed paints, but a combination of perfectly pure colors in the handiest form to tint Strictly Pure White Lead. A good many thousand dollars have been saved property-owners by having our book on painting and color-card. Send us a postal card and get both free.
