COUNTY. Surveyor, CHARLES L. WETZEL.

Publishers have the Right.

The last week in August in looking over the marriage license docket we were informed that there was one marriage license that should not be published until after September first. While we would have had a perfect right to publish the same we postponed publishing the parties' names until last week. This week when we examined the records we were informed that two other couples had been granted license and as a favor they asked that the same be not published. One of these couples were married on Monday and a notice of the wedding was sent to us by the officiating clergyman for publication. Hence, the names of this couple appears in our list. As for the other, it is not published. We make an explanation of this matter here because we have a perfect right to publish the names at any time after the license has been granted. We will say in behalf of the Clerk of the Orphans' Court that he intends to comply with the law and the making of the request was through the applicants for conubial bliss. We desire to give a true report of the license docket and if we are burdened with such requests no newspaper can represent the true status of affairs. For the benefit of those who have made the request and also for those who contemplate making the request we publish an extract from the law passed by the last legislature and approved by the Governor May 2nd, 1895, as follows:

"It shall be lawful for any person to make a copy or abstract of the entries contained in said marriage license docket for the purpose of publication in any regularly published daily or weekly newspaper and it shall be lawful to publish said copy or abstract in any regularly published daily or weekly newspaper printed within the commonwealth. The purpose of the marriage license law is intended to give publicity of the intention of parties proposing to get married and if all requests for secrecy are heeded the intent of the marriage license law will be most wantonly thwarted.

Rev. Kohler has not Resigned.

Rev. S. S. Kohler, pastor of the Reformed church of this place, has tendered his resignation as pastor. The above notice we copied last week from the Middleburgh letter in one of our county papers. The ink was scarcely dry when we received the most emphatic denial of the statement that Rev. S. S. Kohler had not resigned. What prompted this correspondent to send news that is not properly authenticated we are unable to surmise. We naturally inferred that the report was true and we did not inquire concerning its correctness after it had been sent in for publication.

But it is said in behalf of Rev. Kohler that he has not entertained any ideas of a change and having served his people faithfully he does not propose any different relations to the Reformed church of this place. We regret that Rev. Kohler has been placed in a false light before the people and we trust this explanation will set matters right.

Communicated.

Does Snyder County Really Want a State Senator?

The perusal of the Post's editorial, a few weeks ago, entitled "Midsummer Politics," has suggested to the mind of the writer, the above inquiry. Nothing would be more gratifying than to see one of our many reliable, capable and deserving citizens, occupying this honorable position; yet, ever since we have been a county we have been unable to send a representative to the upper branch of the Legislature. We regret that it is so; and the question naturally arises: Why is it so?

Time after time have the Republicans of Snyder county placed men in the senatorial race, yea, even for forty years, and yet they have always failed to reach the goal. Where was the fault? Have we been deceived? Were some of our nominees too weak? Were they insincere and not in earnest? Did they want the County's support, simply for some personal scheme and aggrandizement? Did they struggle honestly and manfully to represent the people of Snyder county in the senate, or did they say, when in conference, give me and my friends some compensation for our delegated influence, and the voters of Snyder county can go? Why we ask, have we in all these forty years, never had a State Senator?

The above are serious questions and we can hold no one accountable for the answers, except those who have been running the politics of this county during that period. We make no charges. We simply want to know why. If no satisfactory answer can be given to the honest voter, then we say it is high time for the old failures to step down and out, and let a new element, with pure motives and advanced ideas, try their hand in making the politics of Snyder county an honor and benefit to the whole people. It is not the purpose of this article to belittle or disparage the aspirations of any particular individual, who may see fit to enter the coming senatorial race. All we would do, is to earnestly call upon the Republican voter, to be on the alert, read the past history of our senatorial fights, or rather, pretended fights, and be prepared when the time comes, to vote for that man, who thinks of the people, before he thinks of himself. One who will be able and likely to get the district nomination, and who, having gained that, can battle successfully with any Democratic nominee, and land himself, and Snyder county with him, safely in the State Senate. That is what we desire to see and we are not alone in the desire.

We agree with you, Mr. Editor, that every body thinks our county is entitled to a State Senator this time. Many of us have thought so long before; and so many of those managing our politics said, and yet they always failed to land their man. Why? Does not every voter know, that some of our senatorial candidates, or their particular friends, after the Conference was over, often had something to show, while the voters of this county stood around empty handed? Is this not a matter of history? If we are in earnest as to senatorial representation, is it safe to entrust this kind of material any longer? Does not providence, and self respect, dictate that we should at all times have reliable leaders?

Yes, most earnestly do we want a State Senator, but we want one who is "of the people, and for the people"; and not for every thing but the people.

The right kind of men are in our county. Often have they been crowded out. By what means, it is not necessary to say. Let good men still come to the front. We believe the purity, intelligence and sense of justice in our citizens will sustain such candidates. They stand higher in the estimation of the voters than political tricksters would have them believe.

Good men who would win, and who have the ability to gain a seat in the senate, are often discouraged by designing persons who have come to the belief that they have a lease and lien on all offices within the gift of the people. Their aim is to keep desirable men in the back ground, by promises of the next time; by discouragements; by misrepresentations; and if need be, by threats. Arrogating unto themselves that power which is in the hands of the voter alone, they are nevertheless well aware of the fact, that if the right kind of candidates come before the people, the chances of these designers would be rather meager.

Let us avoid nominating any man, who by his past conduct has shaken the confidence of the people, and who, if nominated, could not and would not get the district nomination, who, even if he got the district nomination, would be too weak to save his party from defeat. When the time arrives, let us be sure to nominate the strongest and most deserving man, according to his qualifications suggested above. Then may Snyder county hope to see her first State Senator; otherwise we can look for defeat, as in the past. As the fight is far off, and no one has as yet been announced, though one or two good names have been hinted at, we certainly can not be charged with personalities. We speak for purer and more enlightened politics. We speak that we may this time send a State Senator from our own county. Let us choose wisely. Let us avoid political bums should any turn up.

Our late state convention shows that our leaders have come to realize the fact, that the management of politics, must tend for the betterment of the people, and we must heartily reiterate and urge the adoption of the sentiments of our able and intrepid leader, Senator Quay, when he declared for purity in politics: Good men in office; the abolishment of bribery, whether by money, truncheons or other means; and the seed of political and corporate bossism.

One more suggestion. If the Republicans of Snyder county, have any desire to more fully enhance their chance for a State Senator, they should be willing to adopt the best means to secure their desire. At the time of making a nominee, let us at the same time elect three persons as senatorial conferees: to represent the county, and not per-

mit a one man power to make the conferees. Will our standing committee do that much for us, or will they let things run as the designing politician desires? Will the committee serve the politician or the people? Three conferees, accountable to the people, would not be so apt to disappoint the people, as would conferees who are selected by a tricky politician simply to do his bidding. We believe we have given a few suggestions, which, if adopted would greatly increase, and make sure the chance of Snyder county getting a State Senator. Republicans of Snyder county, consult with your committeemen and see that they do what you want, and not what some schemer wants.

This much, before any person has been announced as a nominee from Snyder county placed before the conference. We may have something to say after the conference is over.

H. ALLEMAN, WEST BEAVER.

Snyder county made a good showing at the Lewistown Centennial. The G. A. R. Post of McClure and Capt. Geo. Benfer with his hostiles made a good showing. The Adamsburg Band had the honor of being the best on the ground. Old Jack Sunday morning made things look a little sick. The picnic held at Lauver's on last Saturday was well attended and all went home rejoicing. Quite a lot of friends of our comrade Amos Snook paid him a visit Sunday, he being quite low at this writing with very little hopes of recovery. The picnic on next Saturday at the Ridge church is expected to be well attended by all reports.

Mrs. E. E. Davis, of San Miguel, Cal., says: "I am trying in a measure to repay the manufacturers of Chamberlain's Cough Remedy for the great good their remedy has done me. For years I was a constant sufferer from weak lungs and bronchial asthma. My rest at night was disturbed by a hacking cough, so that I felt miserable the greater part of the time. Many remedies recommended by friends were tried, none of which proved suitable to my case. I did not experience any beneficial results until I began taking Chamberlain's Cough Remedy. After two bottles of the large size have been used I am pleased to state, my health is better than it has been for years. The soreness has left my lungs and chest and, I can breathe easily. It has done me so much good that I want all who are suffering from lung troubles, as I was to give it a trial." For sale by J. W. Saupell, Penns Creek, Pa.

BACKACHE

AND BEARING-DOWN PAINS. Nearly Drove Mrs. Martin Hale Wild. How She Obtained Relief.

(SPECIAL TO OUR LADY READERS.)

"Nearly all last winter I was sick in bed, and was attended by different physicians; none cured me, none helped me very much. When I attempted to get up, it was always the same story; my back would ache, I was dizzy and faint, the bearing-down pains were terrible. I also had kidney trouble badly. I knew I must have help right away. I resolved to try Lydia E. Pinkham's Vegetable Compound. The results were marvellous. I have gained in every way, and am entirely cured." - Mrs. MARTIN HALE, Oakdale, Mass. Every druggist has it.
