# The Queen Uses Them

## What One of the Highest Officials Says.

**QUEEN VICTORIA USES PROPRIETARY MEDICINES.**

## AND WHAT IS MORE THEY CURE HER, TOO.

## OTHER CROWNED HEADS USE THEM ALSO AND GET WELL.

### People Have High Examples in Using These Remedies.

There never was a time when patent or proprietary medicines were so popular and so widely used by everybody as at present.

Years of experience have demonstrated the great benefit of these remedies. They cure; hence it is not a matter of wonder to learn through the most direct and reliable official sources, that in her recent illness, Queen Victoria, the great Queen of England used and was greatly benefited by such a remedy. Other crowned heads have undoubtedly done the same. Thus we see that the wisest, those with the best opportunity to judge, and rich in unlimited resources, are convinced of the curative qualities of these medicines. With ability to procure the best medical talent in the world, this renowned Queen preferred a genuine remedy which had cured so many people, whose testimonials she had read.

Among all those which rare genius, after long years of study and experiment, has discovered, there is none equal to Dr. Greene's Nervura blood and nerve remedy.

Kings, queens, noble and peasant, the high as well as the low, alike employ and are cured by this grand remedy, especially at this season of the year, when the blood and nerves require this purifying and invigorating medicine. Let others follow these illustrious examples. Don't make any mistake. Take Dr. Greene's Nervura blood and nerve remedy. It is this you need. It is this which will surely make you well and strong.

Mrs. Charles H. Heaton, residing at 143 State Street, Montpelier, Vt., is of the very highest social position. She says:

"Two years ago we had a terrible experience with La Grippe, and by over work in taking care of my children and the results of the disease I was left in a very exhausted condition, in fact was nearly prostrated. I was so weak that upon the least excitement I would feel nauseated. I was as near nervous prostration as anyone could be.

"Someone recommended Dr. Greene's Nervura blood and nerve remedy to me and I immediately began its use. I am happy to say that it completely cured me. I think it is the best medicine I ever knew of for any form of nervous or chronic disease. I have recommended it to many and shall do so upon every occasion."

If you are nervous, weak, tired, sleepless, if you have headache, indigestion, kidney or liver complaint, poor blood and weak nerves, you can surely regain your health and be as well as you ever were by taking Dr. Greene's Nervura blood and nerve remedy.

The strengthening and curative powers of this remedy are wonderful. Use it and you will be made well and strong. It is the discovery of Dr. Greene, the most successful specialist in curing nervous and chronic diseases. He can be consulted by all at his office, 35 West 14th St., New York City, free, personally or by letter.

Got Mixed.

An item from a Perry county paper describes some big walnut logs that were shipped from that county to Germany has been going the rounds of newspapers. One paper got the item mixed up with a personal notice, with the following astonishing result:

"Our town was enlivened one day this week by the visit of a party of handsome young ladies from the seminary. One magnificent specimen was seven feet across the butt and attracted great attention."

The following letters remain un-called for in the Middleburgh post office: Mrs. Bertha Bowersox, (2) Miss Menna Dreese, Mrs. Amanda Brown. J. W. RUNKLE, P. M.

### LUNG EXERCISE.

More than two thirds of the disease and suffering which afflicts humanity is self made.—the result of some violation of the laws of health. Even given an abundance of fresh air, half the people do not breathe it; for the habitual, involuntary breathing is removed only a few steps from lung starvation, is the primary cause of many cases of phthisis, and the source of much of the suffering caused by impurity of the blood.

It is only by conscious breathing, exercising the lungs by slow, deep, and thorough movements, that we can give to the blood the amount of pure oxygen required to carry off its impurities; and every man, woman, and child should, both night and morning and at frequent intervals during the day, give a few minutes' attention to what are well-named "lung gymnastics." The exercise should be taken in the freshest air,—pure, uncontaminated, outdoor air, where possible; do not be afraid of its being cold, for it is impossible to "take cold" while breathing deeply. Inhale slowly, always through the nostrils, prolonging the movement as much as possible, and filling the whole lungs, the lower as well as upper parts; then give less time to exhaling, and let every other exhalation be forcible and accompanied by an abdominal movement as well, which will aid in emptying the stagnant cells in the lower parts of the lungs.—From "Sanitarian," in *Demorest's Magazine for October*.

### Important to Wheelmen.

At Uniontown Judge Ewing handed down an opinion of great importance to wheelmen and the public generally. The case in point grew out of the troubles of a bicyclist on a bad country road. Judge Ewing says the supreme court has decided that the bicycle is a vehicle and, therefore, entitled to the same privileges and protection. The law directs that each township shall put its roads in proper condition for vehicles, and if any injuries resulting to persons passing over the road are due to the bad condition of the road, the person so injured can collect damages. The bicycle requires better roads than the ordinary four-wheel vehicle in common use, and they have as much right to demand that the roads be kept in good condition for their easy passage over them as other vehicles.
