The Post regrets to record the sudden death of Samuel Luck of Penn Township. Mr. Luck was born in Penn Township about fifty five years ago and belonged to a large and well known Snyder county family of eleven children, six boys and five girls. His father, Isaac Luck, had attained to the remarkable age of ninety four years when he died in the spring of 1888, having enjoyed a blissful married life with his excellent wife for a period of over sixty six years. Samuel was the fourth son of the family and was noted for his excessive energy, earnest application to work and his quiet unpretentious demeanor. He was a most skillful carpenter, a quiet, peaceable citizen who never had aught to say against friend or foe. He came from a stock noted for their physical hardihood and great vigor and they did a great deal to improve the then uninhabited wilderness. His sudden death is a serious blow to his family, and a great loss to the community which he served for a quarter of a century in the undertaking business. Death of Johnnie Graybill.

Cotton States and International Exposition.

Atlanta's Gates have been open a month, the Cotton States and International Exposition is in fine shape, the weather is ideal, and the conditions for seeing the great fair are the most favorable. The press unites in a chorus of praise for the South's greatest achievement. To-day, Wednesday, October 23d, will be President's Day. Let the whole people unite in making this occasion a grand ovation to the head of the greatest government on earth. Politics cut no figure, this is an occasion when the Chief Executive of this nation comes to dignify with his presence a great event in the history of the South. It is an occasion full of interest and bright with promise. The people are moving, telegrams from distant cities announce that public meetings are being held and excursions organized. Eleven Press Associations, from Minnesota to Florida, have visited the Exposition and all went away enthusiastic on the fair. They were surprised by its magnitude, charmed by its beauty, and filled with information by the varied and wonderful exhibits. The fun-lovers had their fill of pleasure on Midway Heights and the sober-minded found food for thought the rest of their lives. The President will be escorted to the Exposition grounds by one of the most imposing military processions ever organized in time of peace. The procession almost entirely of old historic organizations which have stood the fire of four wars.

Beautiful Autumn.

There is nothing more truly beautiful than the expressions of nature in autumn. Though the forebodings of winter are not generally welcome to most people, yet nature teems in the most varied appearances. The most striking to the eye are the trees with a foliage most fascinating even to the dullest specimen of humanity. Almost every color imaginable can be seen with harmonious blendings upon the leaves of every tree. The atmosphere is inviting in temperature and bracing to all who commune with nature and inhale the draughts of pure ozone. Those who want to more fully realize the goodness and greatness of a wise Creator, should walk out and learn a great lesson of Nature's teaching. A day in the woods for chestnuts by the wayfarer or a tramp with gun and ammunition will open the real scenes of nature and view the beauties of this grand and glorious creation. It is only when we ponder over our Creator's goodness that we realize the extent of his beneficence. CENTREVILLE. Our friends are putting away their corn. The crop is a fair one. Rev. S. E. Sir John was at a reception in the west, and a bishop from Belgium was present. As the party were being escorted by a body of men in Highland costume, the foreign bishop, seeing the bare legs of kilts, asked why these men were without trousers. "It's just a local custom," gravely replied Sir John. "In some places people take off their hats as a mark of honor to distinguished guests; here they take off their trousers." The most stylishly trimmed hats for ladies and children can be purchased at moderate prices. I have a full and complete line of all the latest fall and winter styles. Call to see my stock.
