Well said by a Republican exchange: The candidates for next year can vastly improve their prospects before the next Republican county primary by working for a big vote and Republican success in their districts this year. Get out the vote and help to win success this year, and you will deserve the support of your friends in your aspiration next year. Get out the vote!
Sylvester Bowen, the proprietor of the Summit House, had a remarkable experience with an infuriated bull last week. Mr. Bowen walked into the field to look at the cattle. Before he knew it, the bull rushed up behind Mr. Bowen and gave him a bump. Mr. Bowen was then entirely in the power of the raging animal. To resist was useless and the landlord lay as if dead and the bull walked away and Mr. Bowen took the first opportunity to escape. If the bull would have had horns Mr. Bowen would probably have been killed. He was considerably bruised and his escape was providential.
Irene Taylor will be at the Town Hall, Selingsgrove, every night next week except Tuesday. As an actress, Miss Taylor has but few equals and her wardrobe is dazzling in its beauty and richness. More genuine diamonds are worn by her than by any other lady on the American stage. She is supported by an excellent company of ladies and gentlemen, each one a polished artist in their line. Among the repertoire plays rendered by them will be found "East Lynne," "Divorcee," "Nugget Nell," "Streets of New York," "Under the Gaslight," "The Little Duchess," and several others equally as good, each play abounding with sentiment, emotion, tragedy and comedy; affording excellent opportunity to portray characters in a creditable manner. Miss Taylor assumes the leading character in each, but has excellent support from every member.

TWO KILLED NINE HURT.

Disastrous Wreck On The Pennsylvania Railroad Near Newport.

Harrisburg, Oct. 24.—A disastrous wreck occurred on the Pennsylvania Railroad, two miles east of Newport, at an early hour this morning, in which two persons lost their lives and several others were more or less injured.
A section of the Southwestern Express, which left Philadelphia at 10:25 last night, ran into a disabled freight car of an eastbound train, the engine of the passenger train and four mail cars being thrown down the embankment into the canal.
Engineer Daniel Wolfkill and Fireman James W. Haines, both of Altoona, were buried beneath the engine in the canal and were probably instantly killed.
The injured are: C. A. Chamberlain, Harrisburg, left arm broken and fractured wrist; E. S. Colville, Pittsburg, wound behind ear and right arm wrenched; E. I. Brand, Harrisburg, contusion of back of head, face cut and right arm injured; A. E. Woodruff, Lewistown, back and left leg sprained; S. Groff, Mt. Joy, right arm injured; A. T. Bowman, Trenton, left leg and shoulder injured; J. I. Campbell, Gallitzin, scalp torn and left leg sprained; Joseph Donald, freight brakeman, Millin, lumbar muscles sprained and left ankle badly wrenched; George Gilmore, contusion of right shoulder.
THE WRECK ABLAZE.
The mail train was running at a rapid rate and the mail cars piled on top of the engine as it was thrown down the embankment. They were soon ablaze, and the attention of crews of both trains were directed to release the employees from the mail cars. After a few minutes of heroic work the men were finally gotten out in a badly bruised condition.
There were six mail cars on the wrecked train, the contents of four, with the exception of a few sacks for Louisville, St. Louis and a few smaller Western towns, were destroyed. The contents of the other two cars were not damaged.
Several houses near the wreck caught fire from the burning cars and aid was asked from this city. A special train bearing an engine, hose carriage and the entire hospital staff, was at once dispatched to the scene of the wreck.
The injured men were taken care of by the hospital staff and the water was then drawn off the canal in order to facilitate the work of recovering the bodies of Wolfkill and Haines.
ENGINEER'S BODY RECOVERED.
The body of Engineer Wolfkill was found under the engine tender, the body was bruised but slightly, and it was evident that he had been drowned.
The wreck was caused by the breaking of an axle of a freight car and throwing the car across the westbound track just as the express came along.
The great increase in the number of bicycles carried by passengers on the Pennsylvania railroad has led to the issuance of an order that after Friday the railroad will no longer carry bicycles free as passengers' baggage. They will be rated the same as excess baggage, except that the minimum charge will be but fifteen cents. The baggage men on the main line say that of late eight or nine bicycles is nothing unusual on one trip, and that goes to show the increase in baggage heretofore seldom carried.

FOOT-BALL AT WILLIAMSPORT!

State College defeated the Bucknell University team on Saturday with a Score of 16 to 1.

On Saturday, throwing away the dull cares of business, the writer boarded the train for Williamsport to see the old enemies, Bucknell and State College, battle on the Foot-Ball arena. Promptly at 3 o'clock the game was called and Bucknell won the toss. Thirty minute halves were played. At the end of the first half the score stood 0 to 0 with Bucknell only a few yards from scoring. Bucknell's team was the stronger and the heavier and she easily manifested her superior strength during 1/4 of the game. Through some loss playing on the part of Bucknell, a State College player broke through the line and scored a touchdown. From this on Bucknell fell to pieces and two more touchdowns were scored and two goals were kicked making the score 16 to 0.

About 5000 people witnessed the game. Special trains were run on both the Reading and Pennsylvania Roads from Lewisburg and also from Bellefonte. Those present from the county were Dr. B. F. Wagenseller, S. B. Hare, Prof. J. I. Woodruff and Dr. R. N. Hartman of Selingsgrove, and Samuel Wittepyner, Jr., and sisters Carrie and Bertha and the Editor of this paper from Middleburgh.

The Grecian dance was a novel feature and had a striking effect upon the audience. The Deities Poses and the Statue Poses were the crowning features of the most delightful entertainment by Watsonstown's most talented young artists.

An Editor and His Snap.

An editor who died of starvation after making Dr. Tanner ashamed of himself was being escorted to heaven by an angel who had been sent out for the purpose.
"May I look at the other place before we ascend to eternal happiness?"
"Easily," said the angel.
So they went below and skirmished around, taking in the sights. The angel lost track of the editor, and went around hedges to hunt him. He found him sitting by a furnace fanning himself and gasping with rapture upon a lot of people in the fire. There was a sign on the furnace which said: "Delinquent Subscribers."
"Come," said the angel, "we must be going."
"You go on," said the editor; "I'm not coming. This is heaven enough for me."
