The widely published report that the Sunbury and Selingsgrove Electric Railway was in course of construction is a fake. Nothing has been done at the grading and the fake story can be traced to a penny-a-liner at Shamokin.

Ammon B. Walter and Michael D. Hassinger of this place last week were out hunting with a Union county party. They shot two bears one morning. This was certainly a successful hunt and we congratulate our sportsmen on their good fortune.

S. P. Warner of Painterville has been promoted to become the operator at Selingsgrove. He will fill the place made vacant by the promotion of Hurley Romig who was promoted to the position of operator and agent at McClure, C. H. Klose having resigned.

The lowest stage of water in the Susquehanna River said to be on record was in 1803. This record is taken from a mark of that date in the vicinity of Harrisburg. The present stage of the river is within an inch of that mark, and with four piers in close proximity to the point fixed the record, which naturally dams up the water, it is safe to presume that the river is as low as then.

The Irene Taylor Dramatic Company of Buffalo, N. Y. played all last week at Selingsgrove to large houses every night. The Company is the strongest that has been in this county for years. Miss Taylor is one of the best stars on the American stage. She is ably supported throughout by an able corps of actors and actresses. They are on their way South and will likely stop again at Selingsgrove on their return in the Spring.

JOHN ROMIG IS DEAD.

A Long and Useful Life Ended on Sunday Morning in Penn Township.

John Romig, Sr., another of Penn Township's oldest citizens, died on Sunday morning, after a confinement to his bed for a period of three years. He was well known throughout the county having served one term as County Commissioner of this county. He was born July 31, 1817, hence his age at the time of his death was 78 years, 3 months and 4 days. For many years Mr. Romig resided in Buffalo Valley, Union county, but most of his life has been spent in this county. His home has been on the summit of Sand Hill on the road leading from Selingsgrove to Freeburg.

Three children survive him, John, Henry and Isaac; a daughter inter-married with Thomas Kantz having died a number of years ago. He is a brother of Andrew Romig, who resides near Schoch's Mill.

Mr. Romig was a kind and affable gentleman and spent his declining years in leisure and fishing, one of his favorite ways of passing time. The funeral took place from his late residence on Wednesday morning at nine o'clock when a large number of his many friends paid their last tribute of respect to his memory.

He Won't Need an Overcoat.

We frequently receive notice from the postmasters of different towns saying "your paper addressed to so and so is not taken out, but remains dead at this office" giving as a reason "refused" or "moved away from here." This is about the meanest way for a subscriber to beat the publisher out of the price of subscription, and there is not one case in a hundred in which he does not owe from one to two years at the least. We don't know of any treatment that would do justice to a man of this type. However, we have one consolation in the fact that when he dies—well, he won't need to take an overcoat with him any way.—Phillipsburg Journal.

Susquehanna vs. Sunbury.

The second Foot Ball team of Susquehanna University met defeat at Sunbury on Saturday by a score of 6 to 0 by a team that purported to be the Sunbury High School team. In reality there were a number of players from Sunbury's regular team. The Snyder county boys did excellent playing and it was only by accident that the Sunburians scored.

W. R. Rohback of Selingsgrove, a graduate in dentistry from the Philadelphia College, had his diploma registered on Monday.

The Teachers' Institute Proceedings.

The full proceedings of the 38th annual session of the Snyder County Teachers' Institute will be published in pamphlet form. The Institute opens December 2nd 1895 and continues during the week. There will be an edition of 500 and it will circulate among the teachers and directors of Snyder county and elsewhere. The book will contain about 40 pages. A limited number of pages will be reserved for advertisements.

The publication of the second volume will be undertaken, not because we met with the proper encouragement last year, but with the hope of getting it this year. The undertaking was a new one for this county, but it is what other counties in this state have done for many years past. In order to institute a progressive movement it was necessary for us to make considerable of a sacrifice of time and money and yet we learn from a list of last year's teachers that 34 of them failed to support the movement. In one district that employs six teachers only one paid for a copy of the proceedings and that teacher was a lady. The lady teachers supported the movement of progressiveness more freely than the male teachers, only one being a delinquent. The movement, of course, was a new one and it always takes time to institute new movements and it is with this idea and the encouragement of the majority of teachers that we again undertake this task. We are glad to announce to the directors and patrons that most of the teachers supported the first volume and we trust that the second volume will be a success.

The names of the teachers and the directors and the full proceedings will be published in this book. The price for each teacher will be very reasonable. We trust that the entire teaching force will support this progressive movement.

Our Clubbing List.

We have made arrangements with a number of newspapers to club them at reduced rates in connection with the Post. The figures in the first column represent the regular price of the paper and in the second column is the price of that paper with the Post:

Table listing newspaper prices: Phila. Inquirer (daily) \$3.00, Phila. Inquirer (Sunday) 2.50, Farm News .50, Womankind .50, Boston Traveler (twice a week) 1.00, N. Y. Tribune (Weekly) 1.00, Queen of Fashion .50.

SPECIAL COMBINATIONS.

- (1) We will send the N. Y. Weekly Tribune, The Boston Traveler (twice a week) and the Post all one year (this makes four papers every week) for only two dollars. (2) We will send the Farm News, (monthly), Womankind, (monthly), The N. Y. Tribune (or the Boston Traveler) and the Post all one year for only two Dollars.

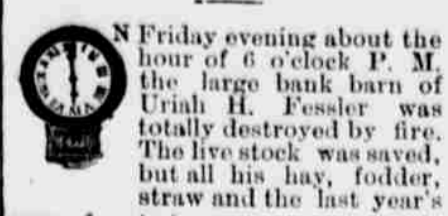

"She Do Not Even Hesitate."

(RALEIGH PRESS-VISITOR.) "The negro of this region can often throw in a word to describe a situation when a scholar who is conversant with many languages would fail. The other day at a station on the Seaboard Air Line, this side of Hamlet, a lady approached, and, being a stranger and seeing an old negro man, asked "Uncle does the vestibule train stop here?" "No, marm," answered the old coon, "she do not even hesitate."

The old darkey's reply will be better appreciated when it is remembered that the Seaboard Air Line Vestibule Train is the fastest train in the South—leaving Washington, as it does, at 8:40, P. M., and reaching Atlanta at 4:09, P. M., the next day.

Fire at Centreville.

Friday evening about the hour of 6 o'clock P. M. the large bank barn of Uriah H. Fessler was totally destroyed by fire. The live stock was saved, but all his hay, fodder, straw and the last year's crop of grain in granary were totally destroyed. The barn was located just at the edge, south-east of town and was a heavy frame structure. It was claimed to be the best in the township, 40x70 feet and 19 feet above foundation, and well nigh filled mows and the dry weather made it all the worse for a general conflagration.

The cry of fire, the ringing of church bells soon collected a great crowd, a goodly number armed with buckets did good work and prevented a general conflagration. The barn was beyond saving at the hands of the bucket brigade, but by directing their sole attention to "Squire Shinkel's stable and Mr. Fessler's pig stable and corn house, and saving them, in the face of intense scorching heat, they saved them and prevented a spread of the flames, save the wagon shed east of the barn. This could not be saved on account of the intense heat and was totally destroyed together with a new hay rake and a few farm implements. It looked at one time as if the eastern part of the town would be destroyed, but happily there was not much air stirring, otherwise a far different story would be ours to report. How the fire originated is not known. The fire started in the mow where the corn fodder was set in during the week a few days previous to the fire. Mr.

\$2000, with the Phoenix Insurance Company, of Hartford, Conn.

Always take a bucket with you when you go to a fire, should be your first thought. All the surrounding community and even many from the neighboring towns were represented at the fire, and did good service. The bucket brigade is a grand body to depend on, and all seemed willing, yea more than willing, as all good people are to save and protect home and fireside. But their work was specially favored by providence, there was scarcely any air stirring, and the fire occurred early in the evening about dusk, when everybody was up and astir, but this may not always be the case. Should a fire break out on a stormy night the greater part of our town would be swept away. This should admonish us that we ought to provide something better and more effective for fighting and quelling the fire demon than simply the bucket. If nothing better, let us provide ourselves with hooks and ladders.

JOHN J. WICKHAM. Mrs. John Rocky and child of Bellefonte spent Sunday with David Ocker and wife.

NOTICE TO TAXPAYERS.—The delinquent taxpayers of Middleburgh should pay their taxes within twenty days from the date of this notice, especially the taxes of 1894. By so doing you will save yourself trouble and costs. You can meet me at my residence, Saturday, Nov. 23rd and 30th and Dec. 7th between the hours of 5 and 7 o'clock, P. M. C. H. STENNINGER, Nov. 14, 1894-2t. Tax Collector.
