Campaign Already Open.

It can not safely be denied that the campaign for the Republican primary election is already open. The candidates for Senator, Sheriff, Assemblyman, Treasurer, and County Commissioners are already going to see the dear people and shaping their fences for a vigorous fight to reach the goal of their ambition.

It will be a long campaign, to be sure; but it will be a condition of the candidates' own making. We can probably expect some surprises, but that is a natural result. There are already indications of candidates where none were expected. This, however, is a privilege of every American citizen and according to the time-worn adage it will be: "the more the merrier."

Since writing the above we received a card from Chas. Sampson who announces himself as a candidate for sheriff. This will open the ball in earnest.

How Can He Prove It?

The Selinsgrove correspondent to the Philadelphia Times, last Tuesday evening telegraphed the following to that paper:

"The signs indicate that many Republicans who at the recent primaries antagonized the policy of Governor Hastings, have now swung around in indorsement of the administration. The county will turn up a Republican majority not exceeding 650 or 700, which is considered a very light vote."

Just how this correspondent intends to prove that the recent election has shown an endorsement of the Governor's administration, we fail to conceive. Senator Quay and Mr. Leach have had charge of the campaign and the Governor, we believe, did not see the vote in this county. The correspondent is radically wrong on this question and a vote on Governor Hastings would reveal a striking difference.

The Folding Bicycle.

An American inventor several months ago secured letters-patent on a folding bicycle. The American will be sorry to learn that his invention had been anticipated by a Frenchman. A recent Paris letter says that it is the sign of the times that all the leading firms are making a special line of bicycles for the army. At each series of military manoeuvres the bicycle is playing a more and more prominent part, and quite a respectable proportion of the army is now mounted on wheels. So far, the role of the bicycle has been limited to the passive side of warfare, such as conveying messages, but now it is to be employed by scouting parties whose value seems likely to be inestimable. During the manoeuvres now being held experiments are being carried out with a corps of bicyclists who are engaged to hurry the supposed enemy and to check their progress when necessary. For this purpose the military cyclist rides a bicycle invented by Capt. Gerard. The wheel is of the cross-framed variety in which the tube is jointed half way to allow of the wheels being folded one over the other and slung conveniently on the back. When in use a running tube fits over the joint and makes the frame sufficiently rigid for all practical purposes. The idea is not a new one, since it was tried years ago. It is said, however, to be a success, and large numbers of these folding wheels are being sold in the army. Its elegant appearance is sure to militate against its being taken up by civilians.

Death of Mrs. Barbara App.

Mrs. Barbara App died at her home at Mahantongo last Thursday. She was buried on Saturday at the good old age of 77 years and 9 months. She was the widow of Walter App, who preceded her to the spirit world. Three children, John G., Mary and Harriet, widow of Mr. Watts, who resided at McAlisterville. Two of her children, Robert and Alice, died several years ago. Alice was intermarried with Joseph Sieber who lives at McAlisterville. Mrs. App was the daughter of Jacob

Swineford, who was mysteriously murdered at Lebanon. The perpetrator of the deed, we understand, has not yet been brought to justice. The funeral was largely attended. Rev. J. J. Mininier of Liverpool officiated and conducted the funeral obsequies.

A Chance to Save Money.

There is not the slightest reason why you should not feel well and strong. That great offer of Dr. Greene's is proving the best friend that weak and delicate people ever had. A letter sent to him at his office, 35 West 14th St. New York City, telling the symptoms you are suffering from, will be immediately answered by the Doctor, describing your complaint minutely, and making you understand perfectly just what ails you. And all this costs you nothing. You don't have to leave your home and you don't have to pay any doctor's fee to learn exactly what your complaint is, and how to get well and strong, from Dr. Greene, the greatest living specialist in curing nervous and chronic diseases. The Doctor makes a specialist of curing patients through his great system of letter correspondence, and is having wonderful success. Thousands of weak delicate men and women are writing him about their complaints, and are being permanently cured. It was he who discovered that world-renowned curative, Dr. Greene's Nervura blood and nerve remedy. Write the Doctor at once and see what he says about your complaint. It will probably be the means of your getting back your health.

HOW AN ADVERTISEMENT SAVED A WOMAN'S LIFE.

(SPECIAL TO OUR LADY READERS.)

"For four years I suffered with female troubles. I was so bad that I was compelled to have assistance from the bed to the chair. I tried all the doctors and the medicines that I thought would help me. One day, while looking over the paper, I saw the advertisement of your Vegetable Compound. I bought it and I did so, and found relief. I was in bed when I first began to take the Compound. After taking four bottles, I was able to be up and walk around, and now I am doing my household work. Many thanks to Mrs. Pinkham for her wonderful Compound. It saved my life."—Mrs. HATTIE MADDAUS, 184 North Clark Street, Chicago, Ill.
