The Issue.

"We decry the growing use of money in politics, and the corporate control of legislatures, municipal councils, political primaries and elections, and favor the enactment of legislation and enforcement of laws to correct such abuses.

"We earnestly insist upon a form of civil service which will prevent the employment of public officers and employees and the compelling of those appointed to preserve the peace to confine themselves to their duties: which will insure absolute freedom and fairness in bestowing state, county and municipal contracts, and will punish any form of favoritism in granting them: which will forbid the grant of exclusive franchises to deal in public necessities, comforts, conveniences and sanitary requirements, and will ensure the recognition of ability and fidelity in the public service, keeping service to the country ever foremost, when accompanied by ability and fitness.

"We demand that public office should be for public benefit, and its term in subordinate positions should be during good behavior. No public employee or officer should be permitted to influence primaries or elections nor upon any pretense be assessed upon his salary, and all unnecessary positions and salaries should be abolished, and expenditures and salaries reduced. There should be uniform valuation of property for public purposes, corporations enjoying public privileges should pay for them, and schools should be divorced from politics and kept absolutely free from political influence and control."

Patronize Republican Newspapers.

Ed. Post: Is there any excuse for a republican candidate to use a vile democratic sheet to get information to republican voters? Would not the republican newspapers of Snyder county furnish legitimate information to the republican voters if candidates pay for the space used as they do in Union county.

Three Blue Republican?

In reply to "True Blue Republican" will say that we can not speak for the other republican newspapers, but as for the Post we will say that editorially it can not consistently take any stand and will not in a primary campaign. If, however, a candidate has any special announcements to make, any special claims to present or any information to be made public, if no abuse is indulged in at the expense of other candidates, the columns of the Post can be used at regular rates. No republican candidate has any excuse to patronize a Democratic office. Several times during the past week we have been asked the same questions that "T. B. Republican" asks and for the information of the public we answer it in these columns. In view of this demand we have this week opened a department entitled, "Political Communications."

DR. GREENE'S NERVURA.

Physicians Urgently Advice Use of Dr. Greene's Nervura.

Well Known Physicians Enthusiastic in Their Statements of the Wonderful Curative Powers of Dr. Greene's Nervura.

DR. JOB SWEET.

One of the most noted physicians and surgeons is Dr. Job Sweet, of New Bedford, Mass. He makes the public statement that he has often recommended the use of Dr. Greene's Nervura blood and nerve remedy to his patients who have been suffering from nervous troubles and he has learned that in a large number of these cases it has proven efficacious. Dr. Willard H. Morse, F. B. S. 86, of Westfield, N. J., the great expert on medicines, says of this grand discovery of Dr. Greene:—

"The true remedy for nervous diseases is Dr. Greene's Nervura blood and nerve remedy. It acts by affecting the organs of nutrition, and entering into the formation of new nerve tissue, which generates nerve force. This means the making of new nerves."

The well-known Dr. Emil Neuman, superintending physician of the N. Y. Lodge and Association Hospital says:— "We are using Dr. Greene's Nervura blood and nerve remedy at this hospital for our patients with good success."

Dr. B. D. Bickford, of Woleott, Vt., says:— "I have used Dr. Greene's Nervura blood and nerve remedy for some time, first trying it on myself, and I found it did me so much good that I now recommend it to my patients."

The fact that I have used it in my own case shows that I know what I am talking about. As a tonic and invigorant it is the best of all to build up a person."

Dr. Robert W. Lanes, of So. Woodbury, Vt., says:— "I have known about Dr. Greene's Nervura blood and nerve remedy and the good results in cases, as a tonic, after hard sickness, and the cure of nervous females. They have received great good from its use. I do not hesitate to recommend it."

Dr. C. W. Cook, of Carmel, Ind., says:— "I have used Dr. Greene's Nervura blood and nerve remedy for my patients and have found the remedy all that was claimed for it. The results have been entirely satisfactory. I think it is worthy and I recommend it."

Such enthusiastic endorsement by physicians stamps this remarkable medical discovery as the greatest restorer of health and strength. It certainly cures more cases of disease than any other known remedy. It makes all who take it strong and well. It is the prescription and discovery of a well known physician, Dr. Greene, of 35 West 14th St., New York City, who can be consulted without charge, personally or by letter.
