A Model County.

The regular February term of the courts of Snyder county began at Middleburgh on Monday. It is a noteworthy fact that there was no criminal business for the grand jury to act upon. Judge McClure so informed the grand jury, remarking that since there were no indictments in the hands of the district attorney he had nothing to charge, and that all that was left for him to do was to discharge them with thanks.

A notice similar to the above last week went the rounds of the press of the entire state. It is an occurrence so rare that universal comment was called forth. If the record of last week can be kept up, our county will hold the proudest position of any and all counties in the Commonwealth.

The Big Silver Dollar.

Some editor, while musing over the "Old Oaken Bucket," and the scant amount of provisions in his larder, put together the following pathetic lines: "How dear to my heart is the face of the dollar, when some kind subscriber presents it to view. It may

from you. The big silver dollar, the round silver dollar; dear delinquent subscriber, present it to view. A round silver dollar I hail as a treasure, for often expenses overwhelm me with woe; I count it the source of an exquisite pleasure and yearn for it fondly wherever I go. How ardently I size it—that lovely round dollar—the root of all evil 'tis commonly named. Loving money is sinful, some good people tell us, but the poor penniless printer can hardly be blamed. The penniless printer, the hard working printer, keeps sending out paper that interest you; so hand in your dollar, the big dandy dollar; dear reader, now will you present it to view."

Keep This in Mind.

A daily newspaper is intended to record the happenings of the day. A local newspaper is naturally of more interest to a town than a city paper. But every reader should keep this in mind. A newspaper cannot publish local news when there is none to publish. When there is anything going on then the people have a right to expect it published, but when there is not even a breath of air moving in a town the people should not expect accounts of murders, suicides, robberies, etc., when there are none to publish. Give the devil his due every time, but stop and think first whether he deserves it.

If You Have a Sick Child This is Surely a Message of Hope.

This is the best of news for parents of weakly or sickly children. It is a fact that our people have heretofore not had the same opportunity for having their children who suffer from chronic or lingering complaints treated and cured by eminent specialists in children's diseases as do the residents of the great cities where such skilled physicians reside. In other words our people have been debarred from seeking a cure for their children by the great physicians, owing to the cost of travel to the large city and the high fees charged by such physicians.

Here, therefore, is a chance for the cure of the children of our community which should not be lost. Dr. Greene of 35 West 14th St., New York City, who is beyond doubt the most successful specialist in curing diseases of children, offers to

give free consultation by mail in all cases of children's complaints. Parents have the privilege of consulting Dr. Greene by letter, describing their children's diseases and he will, after carefully considering the symptoms, write a letter fully explaining the trouble, telling everything about their complaint so plainly that you will understand exactly what ails your children. He will also give his advice, founded upon his vast experience and wonderful success in treating such cases, as to just what to do to effect a cure. All this will cost you nothing and you can thus have consultation with the best-known physician and acknowledged most successful specialist in the world without leaving home and at no expense whatever. The doctor is the discoverer of that greatest of medicines, Dr. Greene's Nervura blood and nerve remedy and has discovered many other most valuable remedies. Write to him now about your child, for this is a chance of cure which you may never have again.

Ritter Explains.

SHAMOKIN DAM, March 2, 1896. MR. GEO. W. WAGENSEILER,

DEAR SIR:—Allow me through the columns of your paper to define my position in the vote between Mr. G. W. Row and myself. I assure the voters in the Republican Party that I shall use every honorable means in my power to amicably adjust the matter with Mr Row that it will be satisfactory to his and my friends at all times keeping in view the harmony and success of the Republican Party.

Thinking all for the support and encouragement they so cordially gave me during the canvass. I hope to merit the good will of the party in the future and beg to remain faithful for the good of the Party.

P. SCOTT RITTER.

Rich Discoveries of Gold

At Cripple Creek, Colo., and elsewhere, are being made daily, and the production for 1896 will be the largest ever known, estimated at Two Hundred Million Dollars. Cripple Creek alone is producing over One Million Dollars a month, and steadily increasing. Mining Stocks are advancing in price more rapidly than any other Stocks, and many pay dividends of 35 to 40 per cent. They will receive the Biggest value in flower seeds ever offered, and besides if you are able to make a good list of words and answer promptly you will stand an equal opportunity to secure a valuable prize. The Montgomery County Court decided that Justices of the Peace have no right to hold inquests unless delegated to do so by the Coroner.

Susquehanna University. From Susquehanna JOURNAL.

"The High School Argus," of Harrisburg contains several works of fiction, which are original and reflect great credit on the authors.

One of the most pleasing of our exchanges is the "Bucknell Mirror," of January, which was published by young ladies of the college and contains a cut of the girls' basket ball team. Its literary articles are very interesting and of a high character. Great interest has been taken by the students of Yale in the course of modern novels given under the direction of Dr. Phelps.

The smallest and also the largest universities in the world are both in Africa. The former has five students and fifteen instructors, the other, in Cairo, Egypt, has ten thousand students.

Of all sad words of tongue or pen The saddest are these: "It might have been," Was written in days when maids were true, And love as pure as morning dew; But times are now changed and these words three, Are ever as sad: "She jilted me."

RULES. Throw your dirt into the halls. Throw your water out the windows. Strike your matches on the walls. Copy all your mathematics. Horse your Latin and your Greek. "It snowed last week and now the sleighing is out of sight."

CLASS COLORS. The Senior with knowledge just bursting his head, With a turkey-cock strut for his color took RED. The Junior not sure that his marks would be right. In his terror of failure said his color was WHITE. The Sophomore aware that he had to go through, With a long drawn sigh, said his color was BLUE. But the poor little Freshman; has only, I ween, Nothing left for his color but what is GREEN. The three leading classes have chosen the best. In these colors our Nation's emblem is dressed. But the color of Freshie is smeared on so thick, It must be a "dirty and mean Irish trick."

MARRIED. On Feb. 3th, 1896, at Middleburgh, Daniel O. Mosser of Mt. Carmel, and May E. Brosius of Mt. Pleasant Mills, were married by Rev. D. E. McLain.

DIED. On Feb. 21, 1896, near Oriental, Elizabeth, wife of the late John Klinger, aged 82 years and 2 days. In Jackson township, February 19th, 1896, Christina, wife of Jacob Maurer, aged 65 years 7 mos. 12 days.
