the funeral sermon preached in be-  
half of his two boys that died some  
time ago with that dreaded disease  
diphtheria....J. I. Howell and T. F.

of W. G. Hommel and expect to run  
it day and night to fill the orders

in Millin county....I suppose the  
weather prophets will get their  
number (38) of snows if it keeps on.

# AUTHORITY MOST HIGH. Expert Opinion

## Senator Victor I. Spear's Grand Praise of Dr. Greene's Nervura.

Senator Spear of Vermont, with Everybody knows the wonderful health-giving powers of this representative medicine, Dr. Greene's Nervura blood and nerve remedy, we feel that we only do an act of public justice in publishing to the world his strong words, to full of hope and encouragement of cure to the weak, tired, nervous, and run-down people.

Not one in a thousand of its cures is reported in the papers, and yet the papers are constantly filled with accounts of its remarkable cures, and when a well-known statesman of national reputation like Senator Victor I. Spear, of Braintree, Vermont, who has filled almost every high position in the gift of his state, —representative, senator, even to being candidate for governor; who was appointed by Governor Page a member of the Board of Agriculture and represented the State of Vermont at the World's Fair at Chicago, —when such a representative man tells that he from his own experi-

**A Wonderful Institution.**  
There is an institution in this country whose history of remarkable growth must be of interest to those acquainted with it. With a few short years it has grown from a very small beginning to one of the first institutions of the kind. Selling goods as it does direct from the manufacturer to the consumer on an economic, one small profit plan, its business has enlarged until it now occupies one of the largest business blocks in Chicago and employs between 400 and 500 people. Its entire establishment is devoted to out-of-town mail order trade. Its wonderful growth is evidence of its sterling integrity, extraordinary ability and unquestioned financial standing. In fact, we are in receipt of a letter from the National Bank of Illinois, of Chicago, one of the largest and most reliable financial institutions in Chicago, which contains a check for \$2,000,000.00; also a letter from the National Bank of the Republic, of Chicago, one of the soundest financial institutions in Illinois, with a capital of \$1,000,000.00, wherein they say that they are personally acquainted with the stockholders, that the institution is reputable and thoroughly responsible, and that thorough confidence can be had in any representations it makes. In fact we are in receipt of innumerable references as to the reliability of this institution, and we feel safe in saying that our readers' confidence in this institution, and that they will receive the same prompt, careful and reliable treatment the members would like to receive were they in your place.
