Dog Days are Here. Saturday marked the beginning of what is known as the "dog days," which precede and follow the rising of the star Sirius-in the constellation of the greater Dog. The extreme heat of this season of the year, sun, was connected by the ancients with the appearance of this star in the morning. They considered the dog star as raging and gave the time the appellation of the dog days. The liability of dogs to rabies in con sequence of the heat of the season was connected with the same star, persons from this and who attended though there was nothing but accicame home much wiser and weaker dent in the conclusion, and they ...Quite a lot of our fellow towns- butchered these animals without Williams Grove...
