The Pennsylvania Sailroad's Popular Excursions to the Seashore.

\$10 FOR TWELVE DAYS.

The last of this season's series of popular twelve-lay excursions to the seashore via the Pennsylvania Hallroad will leave Pittsburg on

The reason for the great favor in which these excursions have been held to easy to see. The rate of \$10 for the round trip is phenomenally low, considering the distance and the high character of the service; the limit of twelve days just fits the time set apart for the average vacation, and the dates of the excursions have been most conveniently adjusted. There is also the widest field for choice in the selection of the resort. Atlantic City, Cape May, Sea Isle City, and Ocean City are the cholcest of the Atlantic coast resorts, and any one of them may be visited under this arrangement.

A special train of purior cars and day coaches will leave Pittsburg on the above-mentioned day at # 55 A. M., and connect at Philadelphia with special train via the new Deleware River Bridge route, landing passengers at Atlantic City in twelve hours from Pitlaburg ; or passengers for Atlantic City may spend the night in Philadelphia and proceed to destination by regular trains from Broad Street Station or Market Street Whart the following day. Passengers for the o her points above named will use regular trains from Market Street Wharf the following day

Tickets will also be sold for regular trains teaving Pittsburg at 4.10 and 8.10 P. M. from all stations at which they stop, and from stations from which regular connection is made with There trains have Pullman sleeping car attached and arrive in Philadelphia next morn ing, whence passengers may proceed to the see on any regular train that day,

NERVOUS Troubles are due to impoverished blood. Hood's Sar-saparilla is the One True Blood Purifier and NERVE TONIC.

The last excursion to Southern New Jersey Sea Shore points via Pennsylvania Railroad, August 20th, will no doubt be well patronized. The rates are extremely liberal considering the accommodations offered.

Creat Cures proved by voluntary statements of thousands of men and women show that Hood's Sarsaparilla actually does possess power to purify the blood and cure diseas Hood's Pills are especially prepared to be taken with Hood's Sarsaparilla. 25c.

We have been informed that certain individuals are operating among the county's school directors inducing them to purchase a set of mathematical blocks for the various schools in a district. Their scheme is to go represent the matter as to | secure a few members of the school board, under the plea of not having time to wait for a meeting of the board; and then forward the goods at once. The greater part of the set blocks are worthless and the sum asked for, \$36 per set, is about four times their worth. School boards should be wide awake in this matter and avoid being fleeced by a few sharpers. We are informed that a district or two in the county have received the blocks.—News Item.

UNDER free coinage the silver mine owner will take 55 cents' worth of silver to the mint and have it coined into a 100-cent dollar. That is a good scheme for the owner of silver bullion. Now, why shouldn't the farmer be permitted to take a bushel of 60 cent wheat | Pharmacist, New Berlin, Pa. to the mill and have it made into flour that will sell for \$1.20? There is money in mining silver at 58 cents, but mighty little SELINSGROVE in raising wheat at 60 cents; and there are 1,000 farmers to one silver mine owner. Let both industries be protected, if the government is going into the business --Indiana Messenger.

THE New York Herald's canvass of the colleges of the cry shows the colleges feeling among the heads of these institutions is strongly for McKinley, because of line receives prompt attenthe declaration of the Republican party tion. Perfect Satisfaction against free silver. These men are close students of affairs and possess the faculty Guaranteed at the same of getting down to the bottom of a proposition. If it be logically unsound they are quick to perceive it. It requires little examination for them to realize that the free coinage idea is as wrong in economics as it is in morals, and that it is a positive menace to the honor and credit of the country and a deterrent to industrial prosperity.

ONE of the effects of free silver is that business people are losing confidence and taking all possible precautions against future loss or disaster. Parties engaged in making loans and otherwise helping those who have business enterprise absolutely refuse to loan on bond and mortgage, unless for self protection a gold clause is inserted. In other words, it becomes more difficult every day to borrow capital, and when capital is idle, the working man is also idle. Capital can stand idleness and can trip it to Europe, the workingman cannot stand it and can only trip it to the workhouse .- Reading Review.

Mrs. Rhodie Noah, of this place, was aken in fhe night with cramping pains and the next day diarrhoea set in. She took half a bottle of blackin. She took half a bottle of black-berry cordial but got no relief. She then sent to me to see if I had any-thing that would help her. I sent her a bottle of Chamberlain's Colic, Chol-era and Diarthoer Remedy and the first dose relieved her. Another of our neighbors had been sick for a-bout a week and had tried different remedies for diarrhoea but kept getting worse. I sent him this same remedy. Only four doses of it were required to cure him. He says he owes his recovery to this wonderful remedy.—Mrs. Mary Sibley, Mich. For sale by all druggists.
