**DUTIES OF ASSESSORS.**

Newspapers and citizens generally are having their attention called to the fact that under sections 2 and 3 of the registration act of 1895, it is the duty of the Assessor of each election district to be present at the election house of said district during the two secular days, the last of which shall be the sixty-second day before the Tuesday next following the first Monday of November, to wit: Tuesday and Wednesday, the first and second days of September, from the hours of 10 o'clock A. M. to 3 o'clock P. M., and from 6 o'clock P. M. to 9 o'clock P. M. of each of said days, for the purpose of hearing and acting upon applications to be made, or relating to names upon the original registry list, or that are sought to be placed thereon or struck therefrom, as provided in said act, of which list thus revised and completed said Assessor shall, on the following day, to wit, Thursday, September 3d, make a return to the County Commissioners.

**A Coinage Query.**

If a dollar be a dollar—honest coin—without deceit—one may melt it, one may smelt it, but its VALUE won't retreat.  
Melt ten dollars—silver dollars—in an unbiased melting pot, and the silver "slug" resulting, only sells for "five the lot."  
Melt gold dollars—melt an eagle in aforesaid melting pot—and the golden "slug" resulting quickly sells—for "ten the lot."  
Will you tell me—kindly tell me—how these dollars equal are—if a little glowing furnace puts on only one a scar?  
There was never yet equation that demanded legislation to establish right to be;—an equation is equation—else is it a falacy!  
And I'm thinking—quietly thinking—that a poor man has poor sense—if he vote to have a NOLAN that will MELT TO FIFTY CENTS.

**The Ullsh Reception.**

See above text in the 'Duties of Assessors' section.

**Bucknell's Foot Ball Prospects.**

The prospects for a good foot ball team at Bucknell this year are very good. All the old team, with the exception of Hering, Davis and Firth, will return. The hardest place to fill on the team will be that of quarter back, but as there are a number of available candidates who will put themselves forward for the place, no serious difficulty is apprehended in filling the place. We understand that Manager Wilson has made arrangements with Will Young, of Williamsport, to coach the team. Surely this is good news to the lovers of the game. The schedule has almost been completed. The season will open with Wyoming Seminary at Lewisburg. A game has been scheduled with Cornell at Ithaca. The State game will be played the latter part of October in Williamsport and the Dickinson game will come off at Sunbury. A Thanksgiving day game has been arranged with Franklin & Marshall at Lancaster. A date has also been closed with the University of Pennsylvania and negotiations are now pending to play John Hopkins.—Chronicle.

**Too Much Silver.**

On Saturday evening an ardent free silvite came down from camp-meeting and dropped in to one of our ice cream saloons with his best girl for ice cream. He tendered the waiter a ten-dollar bill in payment for two plates of cream. The waiter returned in a few minutes with the change all in silver. A gloom spread over the free silvite's face like a black cloud spreads over a special Wholesaler. To refutation, he quickly introduced the arguments for his cause. So he scraped the weighty coin from the table and shoved it down into his pocket while his face wore a frown that would be likely to warp a barn door. He hastily retreated from the room muttering something and we expect to hear shortly that he is no longer an advocate of the white metal.
