

# VOTE FOR HONESTY.

William Jennings Bryan Is No Friend of the People.

## FACTS SPEAK VOLUMES.

Would Gain Nothing by His Elevation to the Presidency.

## BUSINESS WOULD BE UPSET.

If Bryan Should by Any Chance be Elected It Would Throw Thousands of Industrious Men and Women, Who Are now Employed, Upon the Charity of the World—A Condition of Things to be Avoided.

Who are the real friends of the laboring man and the poor? What course should a voter take who desires that this presidential campaign shall result in good to the "common people?" These are important questions. They appeal to a vast number of persons who will participate in the election next November. As these questions shall be answered in the minds that consider them, so will the decision turn out.

Without going out of his own circle of acquaintances, one may hear of things involving expenditures of material and labor that will be centered upon in case sound money shall triumph in November. On the other hand, there is a thorough conviction in the minds of business men and employers of labor that if Bryan shall be elected the first effect will be to overturn business and throw upon the charity of the world thousands of men and women who now are earning their livings by their daily work.

"Yes," a man said to whom I had talked in this fashion, "I appreciate all that, but don't you think it would be better for the common people to suffer a little bit more just now for the sake of getting control of the government?"

"And pray tell me," I replied, "what they will do with the government if they shall get hold of it?"

"Make laws for the good of the people."

"Of what sort?"

"All sorts. I tell you, this government is run for the rich. As Bryan said the other day, it is run for the dollar and not the man."

From this we passed into a discursive talk about government ownership of railroads and telegraph lines, anti-trust laws, income tax, national banks, government by injunction and a good many other things.

I finally asked this question: "You think, my friend, that this country are better than that it is a proper government to concern itself with individual citizens? Is it not true that in the last few years there has been a strong tendency in the popular mind in favor of making government in this country comprise something more than the exercise of the powers of taxation, preservation of order and the national defense? Is not the sentiment growing among our people that a sort of guardianship ought to be established over those classes which include those who somehow seem to lack ability to care for themselves?"

"Yes; I think that is true," the man replied.

"I know it is true," said I. "Hundreds of books have been published in the last three years for the purpose of showing how the various governments in this country legitimately may concern themselves with the betterment of the conditions of what Bryan calls the 'tolling masses.' The conviction is pretty well established in the minds of thoughtful Americans that we can do a great deal through governmental authority to better the condition of the poor. If you will let the country quiet down, and if you will terminate this awful suspense in which we are living, caused by the agitation for free silver, you will see this sentiment to which I have referred bear fruit."

"Our social system is the growth of centuries. You propose to jump in and revolutionize it. You propose to begin operations with a panic, and follow along with ultra measures of one kind and another. If you could have automatic power in this country you could not make the conditions of the 'common people' what you wish them to be. The process of improvement must be slow. Every step must be considered carefully. Don't get the notion into your head that the whole thing would be as good as done if the 'people' could get possession of the government."

"If the Bryan movement should succeed one effect would be to postpone indefinitely certain government reforms that surely will take place if we only give the philanthropic spirit of the times opportunity to materialize. Philanthropy and anarchy do not thrive together. In times of panic and revolution philanthropy takes a vacation."

"Let the country quiet down, and you will soon have a strong agitation in favor of certain things you want. The process of improving the condition of the poor will begin, though not in Washington in national legislation, but in New York, Brooklyn, Jersey City, Boston, Chicago and other cities and towns throughout the country. You will see in this country operations such as have taken place in England, etc. The city governments will see that the poor have homes fit to live in, and will surround those homes with everything tending to healthful, comfortable living that modern science can devise. The city governments will establish proper supervision of intramural railroads, and provide cheap, rapid and comfortable transportation for laboring men and women to and from their places of employment."

"Now, my friend, go slow. Your man Bryan is not leading you where you wish to go. He is a dishonest demagogue, a self-seeking politician. The 'common people' would gain nothing through his

elevation to the presidency. Give your vote for law and order, national honesty and sound money. Don't postpone for ten, fifteen, twenty years, and maybe forever, the development of the movement in which I have referred."—Wage Earner in New York Times.

What Bryan's Speech Demonstrates. That there is nothing in the free silver agitation.

That it is all a mere bubble. That it will burst and go to pieces long before November.

Bryan himself has pricked it, and now we have only to wait a little to see it collapse for good and all.

Business is safe. The nation's honor is secure from stain. There will be no 50 cent dollars. There will be no repudiation.—New York Sun.

D. E. McLAIR, Mrs. ALICE D. SCHUCH, W. F. FRENK, Committee.

Six weeks ago I suffered with a very severe cold; was almost unable to speak. My friends all advised me to consult a physician. Noticing Chamberlain's Cough Remedy advertised in the St Paul Volks Zeitung I procured a bottle, and after taking it a short while was entirely well. I now most heartily recommend this remedy to anyone suffering with a cold. WM. KRELL, 678 Selby Ave., St. Paul, Minn. For sale by all Druggists.

Since 1878 there have been nine epidemics of dysentery in different parts of the country in which Chamberlain's Remedy was used with perfect success. Dysentery, when epidemic, is almost as severe and dangerous as Asiatic cholera. Heretofore the best effects of the most skilled physicians have failed to check its ravages, this remedy, however, has cured the most malignant cases, both of children and adults, and under the most trying conditions, which proves it to be the best medicine in the world for bowel complaints. For sale by all Druggists.

Wonderfully Successful in all Chronic Diseases and EYE, EAR, NOSE, THROAT, LUNGS, AND NASAL CATARRH. All Eye Operations Successfully Performed. Examination and Consultation Free to Everybody. —A Few Testimonials—

DEAFNESS AND CATARRH CURED BY DR. SALM. For a long time I noticed that I became gradually harder and harder of hearing. Ringing noises came in the ear after a while and I became very much alarmed, so I went to Dr. Salm and put myself under his care, and to-day I am grateful to state, and for the benefit of those who may suffer in a like manner, that I can hear once again as good as ever, and those infernal noises have disappeared, although I am almost sixty years old. Dr. Salm said all of this was caused by catarrh. M. B. DECK, Spring Mills, Pa., April 20, 95.

THOUGHT HIS TIME HAD COME BUT CURED BY DR. SALM. For some years I have been suffering very much with various ailments, and broke down at last. I suffered most excruciating pain from head to foot all the time. My stomach troubled me a good deal, liver and kidneys as well were out of order, in fact I thought my time had come. The doctors couldn't do me any good; patent medicines had no effect; so I went to Dr. Salm and after a course of treatment I am now again as well, hearty and strong as ever. Warriors Mark, Pa. F. L. Conter.

60 YEARS OLD AND CURED OF CATARRH & DEAFNESS. Some years ago I contracted catarrh, and it went into my ears. Gradually it became worse and my ears began to trouble me very much and my strength began to give out, and I became weaker and weaker, so that I was not able to work. I took treatment from several of our doctors in the country, but somehow they could not do me any good; so I went to see Dr. Salm. He promised to cure me, and I dare say he kept his word, for to-day I am again stout and well as could be expected of anyone of my age (69 years) and I find that I got value received for the money I paid the doctor. Mrs. J. D. Findley, Bush Valley, Ind. Co.

GRANULATED LIDS CURED BY DR. SALM. For the last four years I have been suffering very much with granulated eyelids, blinded me. Doctors here did me no good, so I went to see Dr. Salm. He said he would cure me, and I can see splendidly better than ever. Beside Thomas, Pa.

CANCER CURED BY DR. SALM. For some time I have been suffering from locking cancerous growth on the chest. I have pronounced it cancer, and said I had not do any good. Dr. Salm said he would cure me, and he did. I had a short operation without using the knife or any other insignificant sore, and all the heretofore ugly and painful growths were removed.
