Senatorial Conference.

The Republican Senatorial conference will be held at the Cameron House, Lewisburg, Sept. 14. There are three counties in this district. Northumberland, Snyder and Union and each is entitled to three votes in the conference. The candidates are W. H. Hackenberg ; E. M. Hummel, of Selinsgrove, and A. D. Miller, of Lewisburg.

ferees of Snyder county yielded and made Senator Hackenberg the nom-inee. This was done with the clear understanding that should Senator Hackenberg and Ed. M. Hummel under similar circumstances, the vote of the former's conferees should be turned over to the latter. That condition will confront Senator Hackenberg next Monday and it re-mains to be seen what he will do.

Snyder county never has had a State Senator and it would be gross injustice to again turn aside the honest and just claims of this county. We presume that Mr. Miller is a full fledged candidate for the position, but we understand that he is willing, if necessary, to sacrifice personal ambition to secure party harmony. Surely between the two counties, Mr. Hummel should be able to secure enough votes to give him the nomination.

In Ohio the Supreme Court has decided that women may vote for school officers, provided that it shall not be considered a constitu-tional privilege, but a legislative boon. Thus the women of Ohio are school electors, provided only that they shall not be considered as having a constitutional status, which leads to the remark that there is always a proviso where women are concerned and always will be until they stand the equals of men under laws civil as well as divine.
